Deloitte UK partners with 9 Spokes to power SME offering

9 Spokes International Limited, (ASX: 9SP) ("9 Spokes" or "the Company"), the business insights dashboard for SMEs, is pleased to announce that it has entered into a significant channel agreement with Deloitte UK. This agreement will enable Deloitte UK to launch 'Propel', a cloud-based accounting and analytics service to UK's 5.4 million small businesses.

Deloitte UK selected 9 Spokes to provide the technology behind the Propel dashboard, which was announced to the UK market in June. Propel's dashboard will provide SMEs with a real time view of how their business is performing across key financial and non-financial data.

9 Spokes has already worked with Deloitte Australia to power their Private Connect SME platform and currently has channel partner agreements with Barclays Bank in the UK and Suncorp Group in Australia.

9 Spokes co-founder and CEO, Mark Estall, said: "9 Spokes help small and medium business owners to more easily work on their business and allow them to quickly find the best business applications for their business and industry. We're very excited to be working with a globally respected organisation like Deloitte, delivering innovative solutions to SMEs.

"We believe this partnership provides further validation to our channel strategy, supporting large and reputable brands that include Deloitte UK, Barclays Bank and Suncorp Group.

"9 Spokes was established as a global business and has focused on supporting SME businesses around the world. We're now executing on this strategy and working closely with great forward thinking industry leaders," said Estall.
