**INDEPENDENT AUDITOR'S REVIEW REPORT  
TO THE MEMBERS OF  
GTI RESOURCES LIMITED**

**Report on the Half-Year Financial Report**

We have reviewed the accompanying half-year financial report of GTI Resources Limited, which comprises the condensed statement of financial position as at 30 June 2016, the condensed statement of profit or loss and other comprehensive income, condensed statement of changes in equity, and condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

*Directors' Responsibility for the Half-Year Financial Report*

The directors of GTI Resources Limited are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

*Auditor's Responsibility*

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standards on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Company's financial position as at 30 June 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of GTI Resources Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Whilst we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

Our review did not involve an analysis of the prudence of business decisions made by the directors or management.

*Independence*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, has been provided to the directors of GTI Resources Limited on 9 September 2016.

*Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of GTI Resources Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Company's financial position as at 30 June 2016 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standards AASB 134 Interim Financial Reporting and Corporations Regulations 2001.

*Inherent Uncertainty Regarding Going Concern*

Without qualification to the opinion expressed above, attention is drawn to the following matters:

As referred to in Note 1 to the financial statements, the financial statements have been prepared on the going concern basis. At 30 June 2016 the entity had working capital deficit of \$670,144 and had incurred a loss for the half year of \$189,822. The ability of the entity to continue as a going concern is subject to the successful recapitalisation of the Company. In the event that the Board is not successful in recapitalising the Company and in raising further funds, the entity may not be able to continue in its present form, realise its assets at their carrying value and may not be able to meet its planned commitments.

# Notes to the condensed financial statements for the half-year ended 30 June 2016

## 1. Accounting policies

### Statement of compliance

The financial statements for the interim half-year reporting period ended 30 June 2016 are a general purpose financial statement prepared in accordance with the requirements of the Corporations Act 2001 and Australian Accounting Standards including AASB 134: Interim Financial Reporting. Compliance with Australian Accounting Standards ensures that the financial statements and notes comply with International Financial Reporting Standards ('IFRS').

The half-year financial statements do not include full disclosures of the type normally included in an annual financial statement. Therefore, it cannot be expected to provide as full an understanding of the financial performance, financial position and cash flows of the Company as in the full financial statements.

It is recommended that these financial statements be read in conjunction with the annual financial statements for the year ended 31 December 2015 and any public announcements made by GTI Resources Ltd during the half-year in accordance with continuous disclosure requirements arising under the Corporations Act 2001 and the ASX Listing Rules.

### Basis of preparation

The financial statements have been prepared on the basis of historical cost, except for the revaluation of certain financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half-year financial statement are consistent with those adopted and disclosed in the Company's most recent annual financial statements for the year ended 31 December 2015.

The directors have prepared the financial statements on the basis of going concern, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. The directors believe this to be appropriate for the following reasons:

- The Company has cash reserves of \$15,749 at 30 June 2016;
- The Company continues to monitor opportunities to raise further equity from interested investors;
- The Company's Board of Directors has a long history of fund raising in the public and will do so when required. Since 30 June 2016, the Company has raised a further \$126,000 by the issue of 8,400,000 fully paid shares at an issue price of 1.5 cents per shares; and
- The managing director will continue to provide financial support to assist the company in meeting its financial obligations.

Based on the above, the directors are confident that the Company will be able to continue operations as a going concern into the foreseeable future.

### New and Revised Accounting Requirements Applicable to the Current Half Year Reporting Period

For the half-year reporting period to 30 June 2016 the same accounting policies and methods of computation have been followed in the interim financial report as were applied in the most recent annual financial statements. The Company has adopted new and revised Australian Accounting Standards from 1 January 2016 together with consequential amendments to other Standards. The application of these new and revised requirements did not have a material impact on the measurement basis or disclosures in the half-year report.

### Significant accounting judgements and key estimates

The preparation of interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing this half-year's financial statements, the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation were the same as those that applied to the financial statements for the year ended 31 December 2015.
