### Corporate

Conditions for junior exploration companies such as Dateline continued to be extremely difficult. DTR’s response has been to adopt stringent cash control, and to confine all but absolutely essential expenditures.

Examination regarding possible participation in a number of new projects and maintaining and reviewing the Company’s existing projects were the principal activities during the quarter. There were no acquisitions or disposals of any interests in any of the Company’s projects during the quarter. Directors continue to investigate opportunities to participate in joint ventures and acquire projects in Australia and overseas.
