

## **Oneview Healthcare PLC appoints Christy Boyce as Non-Executive Director**

Dublin. April 19<sup>th</sup>, 2016. Oneview Healthcare PLC (ASX:ONE) is delighted to announce the appointment of Christina (Christy) Boyce as a non-executive Director effective immediately.

The appointment comes at an exciting time for Oneview, which successfully floated on the ASX on St Patrick's Day.

Based in Sydney, Australia, Christy Boyce is a significant appointment for the company and brings over 20 years management and consulting experience to the role with Oneview Healthcare. She is currently a director of Port Jackson Partners, a boutique strategy firm which focuses on strategic direction setting in the context of industry economics and competition and regulatory policy. She is also a non-executive Director of ASX-listed companies Greencross Limited and Monash IVF.

Christy previously held the role of senior executive at the government business enterprise, NBN Co during its establishment where she led initial discussions with the ACCC and acted as the company's representative on the Federal Government's Implementation Study. Prior to this, Christy spent 14 years with McKinsey & Co, where she was elected Partner at 32 years of age. During her time there Christy co-led McKinsey's Asia Pacific telecommunications and retail practices. Christy holds a Master of Management (with distinction) from the Kellogg Graduate School of Management at Northwestern University and a Bachelor of Economics from the University of Sydney.

James Osborne, Chairman of Oneview, commented "We are delighted to welcome Christy to the company. Her experience and passion will serve us all well as we continue to scale the company in both the United States and Australia on the back of last month's successful IPO".

### About Oneview Healthcare:

Oneview Healthcare's innovative Patient Engagement and Clinical Workflow Solution seamlessly integrates a hospital's IT system onto one high performance technology platform. It provides point-of-care access to those systems across all end user devices, including bedside terminal, TV, tablet and smart phone.

Through its services and applications, which include treatment education for patients, entertainment and interactive patient care services, Oneview enables hospitals to optimise patient engagement, clinical outcomes and workflow efficiencies – revolutionizing the patient experience.

This capability enables hospitals achieve quantifiable improvements across key performance areas resulting in; improved HCAHPS ratings, reduced re-admissions, meaningful use achievement, improved clinical outcomes and greater patient satisfaction.

The Oneview Healthcare Solution is now recognised globally as being one of the most innovative patient engagement products in the healthcare market. Testimony to this is the company's partnerships with industry leaders worldwide including Hewlett Packard and Microsoft and its growing list of customers in the USA, Australia and the Middle East.

Oneview commenced operations in 2008 and has offices in Dublin, Pittsburgh, Atlanta, Dubai, Sydney and Melbourne. Oneview Healthcare is headquartered in Dublin, the location for all its R&D and software development.
