**REVIEW OF R&D TAX INCENTIVE CLAIMS**  
**(ASX: AUK)**

Augur Resources Limited ('Augur') has engaged Chartered Accountants Economos Pty Ltd to conduct a review of the R&D Tax Incentive refund claims made by Augur for the 2014 and 2015 financial years, which Augur made based on its previous tax agent's advice. The incentive refunds received were in relation to expenditure on advancing Augur's Collierina and Wonogiri projects. Should the review conclude that the claims need to be amended, Augur intends to make a voluntary tax amendment with the Australian Taxation Office.

Augur will advise shareholders of any further updates as appropriate.

Yours faithfully

Richard Edwards  
Company Secretary
