A2H Launches Second Generation Product of UTU Pure Virgin Face (“UTU PVF”)

Anti-Aging House Holding Limited (A2H or Company) has launched the second generation product of UTU PVF.

On March 14, 2018, product agents of A2H from all over the country gathered in Wuhan City of China to participate in the team image building activities. In the meeting, they discussed the future development trend of product, new product development, and innovative marketing of oral beauty products in WeChat business. We believe that this will enhance growth and financial performance of the Company.
