NSX and OTCQX Announcement (NSX: BTG)(OTCQX: BNIGF)

Beroni Group Expands Into Strategic Relationship With Jinshui Science & Education Park In Zhengzhou, China

Beroni Group Limited (NSX: BTG)(OTCQX: BNIGF) (“Beroni” or the “Company”) and Zhengzhou Jinshui Science & Education Park (“Jinshui Park”) have signed a strategic cooperation agreement to jointly develop stem cell technologies in China.

Jinshui Park, a sprawling high-tech industrial development zone, is located in the Jinshui District of Zhengzhou city, Henan Province, China. It has attracted many local and overseas technology companies in setting up research, technology and operational centres. Jinshui Park is also designated as a “Free Trade Zone” in China.

Under the strategic agreement, Beroni will help set up the facility and infrastructure to (1) provide research in stem cell technology; (2) develop a national technology innovation centre; (3) establish an international precision medicine service centre; (4) create an immunotherapy resource and exchange centre; and (5) provide modern integrated aged and medical care services. A new company in partnership with a related entity of Jinshui Park will be formed for this business venture. Jinshui Park has agreed to provide the office facilities, related infrastructure, and local government guidance and support. Beroni will be responsible to develop and implement the business plan, to raise the necessary funds from local and overseas sources, and to recruit local and international talents.

“We are pleased to be able to work together with Zhengzhou Jinshui Science & Education Park in using their modern office facilities and infrastructure to research and develop new technologies in stem cell therapy and precision medicine. We will make use of our international resources and expertise in Australia, Japan and USA to establish a top-of-the-class research centre and scientific team in this science and technology park.” said Beroni Group’s Chairman, Mr. Jacky Zhang.

Signing of agreement
