**02 September 2019**

To NSX,

Consolidated Africa Limited (NSX code CRA) is issuing an Information memorandum (IM) in order to raise funds to assist with working capital requirements and to fund an option over a potential new asset. The company expects to raise \$200,000 that will be in the form of convertible notes priced at \$0.02 per share. The IM will close 15th September 2019.

CRA is looking to acquire a new asset once the sale of the Orom Graphite Project is finalised. The company is entertaining new projects that are specifically in the Exploration/Mining sector. Until further information comes to hand and once the funds are raised, the company will then be in a position to inform the market further.
