

29 June 2020

**Extended Financial Reporting Deadline**

Shareholders are advised that Mie Pay Limited will be relying on ASIC Corporations (Extended Reporting and Lodgment Deadlines—Listed Entities) Instrument 2020/451 to extend the reporting deadline for the lodgement of the full year 31 March 2020 financial report by one month.

COVID-19 has created a significant amount of disruption across the world, with a particularly severe lockdown in New Zealand. The mandatory lock down period and remote working has impacted our finance and administration staff efficiency. In addition, the usual on site audit work has not been able to be undertaken in accordance with the planned audit timetable. Although working remotely and cloud technology use has allowed audit work to be progressed through this period, the audit timetable has been impacted and therefore the reporting deadline of 30 June cannot be met.
