### (d) Comments

The profit for the company after providing for income tax amounted to \$128,085 (31 December 2020: \$35,699). Revenue and other income for the six months ended 31 December 2021 was \$183,264, which was \$112,575 or 159.3% higher than the prior comparable period, as a result of higher distributions from the investment trusts, which in turn experienced higher dividend income, and also from higher investment disposals and, therefore, higher capital gains flowing through. Expenses for the six months were \$4,074 or 13.8% higher. The income tax expense was \$16,115 higher than the previous year, mainly due to the higher revenue. The effect of these movements resulted in the after tax profit being \$92,386 or 258.8% higher for the six month period.

Offsetting the higher profit from higher distribution income, comprehensive income from changes in fair value of investments was \$(12,667) (31 December 2020: \$383,759), to bring total comprehensive income for the half-year to \$115,418 (31 December 2020: \$419,458).

Refer to the Review of Operations section of the Directors' Report for further comment.

**Overview**

The Company provides investors with a medium to long-term investment vehicle with exposure to Australian and overseas listed equity investments and managed funds. The primary objective is to provide returns from dividends and capital growth.

**Australia & International Holdings Limited**  
**Directors' Report**  
**For the half-year ended 31 December 2021**

**Market Overview**

The Australian domestic market continued to deliver gains for the six month period to 31 December 2021 to finish the calendar year strongly. The increase in demand and economic activity with the reopening of economies has led to supply chain issues as a result of COVID variants and isolation orders which has caused staffing issues in many industries. These supply chain issues have led to an increase in inflation numbers domestically and raised the likelihood of interest rate hikes in the coming year. High valuations have continued and companies have been grappling with disrupted operations due to the recent Omicron variant. Mining & Materials along with AREITS have performed well with the view that dividends should recover as the economy recovers. Previously highly valued technology names have been sold off as the spectre of interest rate rises gets nearer. Corporate activity has remained elevated and expected to continue into 2022.

On the global front, the US Federal Reserve has flagged a reduction in their balance sheet via tapering is to commence in March 2022, which should see a number of other countries look to follow suit. This has seen the global indices decline off their all-time highs in the last month as investors take profits and become more discerning, turning their focus to company fundamentals such as balance sheet strength, debt levels, pricing power and operating cash flow to name a few. This thematic looks set to continue into the new year as the backdrop of low interest rates comes to an end. As a result, profits have been taken in the portfolio where valuations have overrun and overall cash weightings have been increased in order to take advantage of opportunities that may arise early in the new year.

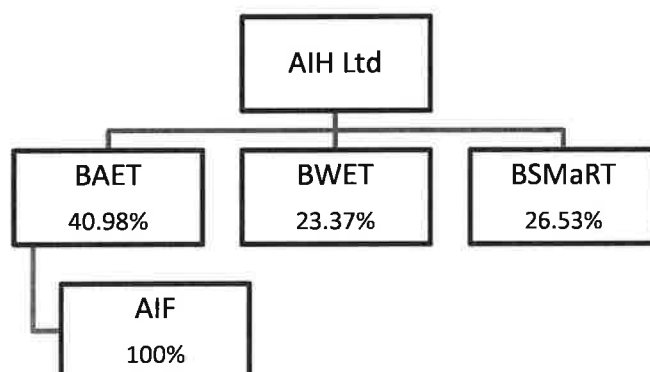

**Structure**

The Company is structured in order to provide investors with the opportunity to invest in a vehicle that holds positions in a strategically balanced and well-diversified set of investment portfolios. The majority of shareholder funds are invested over a medium to long term period in both Australian and international companies and managed funds. This is facilitated through the Company's investments in the Burrell Australian Equities Trust ("BAET"), the Burrell World Equities Trust ("BWET"), and the Burrell Small-caps, Mid-caps and Resources Trust ("BSMaRT").

BAET, BSMaRT and BWET are all registered managed investment schemes, which are open to both wholesale and retail investors. BAET invests in listed Australian equities, managed funds, and holds 100% of the equity in Australian Index Fund Pty Ltd. BWET invests in listed international equities and managed funds, and may use foreign exchange hedging instruments to hedge its exposure to fluctuations in foreign currencies. BSMaRT holds short term trading and sector overweight positions in the Australian equities market.

**Australia & International Holdings Limited**  
**Directors' Report**  
**For the half-year ended 31 December 2021**

As at 31 December 2021 approximately 88.4% of AIH's investment portfolio comprised of investments in BAET, BWET and BSMaRT in the percentages of 54.1%, 23.4% and 10.9% respectively. This was achieved through the following ownership structure, whereby AIH owned 40.98% of the units on issue in BAET, 23.37% of the units on issue in BWET and 26.53% of the units on issue in BSMaRT.

**Performance Outcomes**

**Net Return**

The post-tax and pre-tax net returns to shareholders are shown in the following table. These 'net returns' are not directly comparable to publicly reported share price or accumulation indices because they are after costs have been deducted for managing and administering the portfolios and the Company. In the case of the post-tax returns, it is also after an allowance for tax at the rate of 30% has been deducted from operating profits and on the increases in value of the investment portfolios. Further, the return shareholders in AIH received from dividends are mostly franked. As such we look at the 'gross returns' from the individual investment portfolios.

Net returns to shareholders for the half-year ended	31-Dec-21	31-Dec-20
	%	%
Post-tax return	2.36	9.71
Pre-tax return	2.14	12.81

**Gross Returns**

For comparative purposes the international portfolio is benchmarked against the "MSCI" World (excluding Australia) Accumulation Index in local currency; and, the Australian long-term portfolio against the ASX All Ordinaries Accumulation Index. The smallcap, midcap and resources portfolio is more difficult to benchmark because it includes a mix of mid-cap shares and some overweight positions in blue-chip shares. However, we feel that the return from this portfolio is related to the performance of the Australian Small Ordinaries Accumulation Index.

The performances of the individual portfolios that the Company invested in for the half-year ended 31 December 2021 and the comparative period are shown in the table below. These returns are expressed on a pre-tax basis and are defined as the movement for the period in the net asset values of the portfolios.

**Australia & International Holdings Limited**  
**Directors' Report**  
**For the half-year ended 31 December 2021**

**Matters subsequent to the end of the financial half-year**

The impact of the Coronavirus (COVID-19) pandemic is ongoing and it is not practicable to estimate the potential impact, positive or negative, after the reporting date. The situation is changing and is dependent on measures imposed by the Australian Government and other countries, such as vaccination rates, maintaining social distancing requirements, quarantine, travel restrictions and any further economic stimulus that may be provided.

No other matter or circumstance has arisen since 31 December 2021 that has significantly affected, or may significantly affect the company's operations, the results of those operations, or the company's state of affairs in future financial years.

**Auditor's independence declaration**

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 6.

This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

**Australia & International Holdings Limited**  
**Notes to the financial statements**  
**For the half-year ended 31 December 2021**

**Note 1. Significant accounting policies**

**Statement of compliance**

These general purpose financial statements for the half-year reporting period ended 31 December 2021 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Australia & International Holdings Limited. As such, it does not contain information that represents relatively insignificant changes occurring during the half-year. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Company for the year ended 30 June 2021, together with any public announcements made during the following half-year.

**Basis of preparation**

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Company's annual financial report for the year ended 30 June 2021. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

**Investments in Associates**

**AASB 128 – Investments in Associates**

This accounting standard is applied in accounting for investments in entities where the investor has significant influence, which is presumed if the investor holds 20% or more of the voting power of the investee, unless it can be shown otherwise. Investments in associates are normally accounted for in the financial statements by applying the equity method of accounting whereby the investment is recognised at cost and adjusted for thereafter for the post acquisition change in the Company's share of the net assets of the associate entity.

**Investments in the Trusts**

At the end of the half-year the Company held investments in the Burrell Australian Equities Trust, the Burrell World Equities Trust and the Burrell Smallcaps Midcaps and Resources Trust ("the Trusts") representing 40.98%, 23.37% and 26.53% respectively of the units on issue of each trust. This would normally mean that the investments by the Company in these entities be accounted for by adopting the AASB 128 *Investments in Associates* Accounting Standard. However, the directors have considered the nature of the company's investment in the Trusts and determined the Company does not have significant influence. Accordingly, the Company, as an investor, has adopted the accounting treatment under AASB 9 and recorded the investments as 'financial assets at fair value through other comprehensive income'. This has been done because all three trusts are investment vehicles which invest in the shares of listed companies and managed funds and these assets held by the trusts are accounted for as 'financial assets at fair value through other comprehensive income' assets. Therefore, the Company has 'looked through' to the nature of its underlying assets and applied the same accounting treatment to maintain consistency and avoid confusion to the readers of these financial statements. It should be noted that the affect on the net assets of the Company under equity accounting and the current treatment is the same.

**Australia & Internationa Holdings Limited**  
**Notes to the financial statements**  
**For the half-year ended 31 December 2021**

**Note 2. Critical accounting judgements, estimates and assumptions**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. There are no critical accounting judgements, estimates and assumptions that are likely to affect the current or future half-years.

*Coronavirus (COVID-19) pandemic*

Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the Company based on known information. This consideration extends to the nature of the products and services offered, customers, supply chain, staffing and geographic regions in which the Company operates. Other than as addressed in specific notes, there does not currently appear to be either any significant impact upon the financial statements or any significant uncertainties with respect to events or conditions which may impact the Company unfavourably as at the reporting date or subsequently as a result of the Coronavirus (COVID-19) pandemic.

**Note 3. Operating segments**

The Company is predominantly invested in the Burrell Australian Equities Trust, the Burrell World Equities Trust, and the Burrell Smallcaps Midcaps and Resources Trust, who in turn invest the majority of their funds in companies listed on the Australian and international stock exchanges and selected managed funds. The Company's allocation of investments and the performance of these investments are in line with the investment portfolios of the three trusts and it follows that an appropriate categorisation of segments for reporting purposes is into: Australian large-cap long-term shares; Australian small and midcap shares; and overseas long-term shares. The Australian long term portfolio is made up of blue chip and quality shares in companies in the ASX All Ordinaries Index, whilst the Australian mid cap and small cap portfolio comprises shares in companies outside of the top 100 companies in the same index. The overseas portfolio consists of shareholdings in stocks traded on stock exchanges with similar corporate governance regimes as Australia. This portfolio is primarily made up of shares in companies operating in the USA, UK, Europe and Asia.

**Note 9. Events after the reporting period**

The impact of the Coronavirus (COVID-19) pandemic is ongoing and it is not practicable to estimate the potential impact, positive or negative, after the reporting date. The situation is changing and is dependent on measures imposed by the Australian Government and other countries, such as vaccination rates, maintaining social distancing requirements, quarantine, travel restrictions and any further economic stimulus that may be provided.

No other matter or circumstance has arisen since 31 December 2021 that has significantly affected, or may significantly affect the company's operations, the results of those operations, or the company's state of affairs in future financial years.

## INDEPENDENT AUDITOR'S REVIEW REPORT

### TO THE MEMBERS OF AUSTRALIA & INTERNATIONAL HOLDINGS LIMITED

#### Conclusion

We have reviewed the accompanying half-year financial report of Australia & International Holdings Limited ("the Company"), which comprises the statement of financial position as at 31 December 2021 and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Australia & International Holdings Limited is not in accordance with the *Corporations Act 2001* including:-

- (a) giving a true and fair view of the Company's financial position as at 31 December 2021, and of its financial performance for the half-year ended on that date; and
- (b) complying with the Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the consolidated entity in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

#### Independence

In conducting our review, we have complied with the auditor independence requirements of the *Corporations Act 2001*. In accordance with the *Corporations Act 2001*, we have given the directors of the company a written Auditor's Independence Declaration.

#### Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the *Corporations Regulations 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibilities for the Review of the Financial Report

Our responsibility is to express a conclusion on the half year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the company's financial position as at 31 December 2021 and its performance for the half year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
