NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Preparation

These general purpose interim financial statements for half-year reporting period ended 31 December 2022 have been prepared in accordance with requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: *Interim Financial Reporting*. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of VGI Health Technology Limited and its controlled entities (referred to as the "consolidated group" or "group"). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2022 together with any public announcements made during the following half-year.

These interim financial statements were authorised for issue on 16 February 2023.

Going Concern

During the half year ended 31 December 2022, the company incurred a net loss of \$1,671,570 (Half year 2021 loss of \$1,008,491) and generated net operating cash outflows of \$307,614 (2021: \$715,767). As at 31 December 2022, the company had a net asset deficiency of \$730,437 (30 June 2021 surplus of \$737,286).

On 13 October 2022 VGI announced that it had entered into an R&D Loan Facility Agreement with Fundsquire Pty Ltd. The Loan Facility allows up to 80% of VTL's expected R&D Tax Refund in FY23 to be advanced to VTL by Fundsquire and the first drawdown of \$209,500.00 on this Loan Facility had been received by the Company.

On 14 October 2022 VGI announced that it had agreed an extension of the term of the Convertible Loan facility with its cornerstone investor, Mr Aiden Jiang. The term of the agreement was extended for a further 12 months. As announced to the market on 5 October 2021, the loan is convertible into fully paid ordinary shares in the capital of VTL, subject to approval by VTL shareholders at a general meeting. VTL may also repay the loan at its election prior to the new expiry date.

The company previously announced on 5 April 2022 that a binding agreement for the sale of its wholly-owned subsidiary Invictus BioPharma Pty Ltd (IBP) had been executed with Invictus BioPharma Holdings Ltd (IVBHL). The transaction was approved by VTL's shareholders on 3 June 2022. On 21 December, VTL agreed to amend the sunset date of the transaction to 31 March 2023.

The Key Terms that have been agreed in principle by VTL and IVBHL are as follows:

- A cash payment of \$2,300,000 by IVBHL to VTL
- Issue of shares in the capital of IVBHL equating to no less than 20% of the total capital on issue in IVBHL (following any seed round capital raise dilution). These shares are to be issued to VTL on completion of the transaction.
- VTL is to be granted a first right of refusal / pre-emption in relation to any future capital raisings undertaken by IVBHL on a pro rata basis. As an illustrative example, if the VTL owns 20% of the IVBHL, and IVBHL conducts a capital raising for \$2,000,000, the right of first refusal/pre-emption will apply to a \$400,000 investment by VTL.
- VTL agrees to hand over the Invictus Group free of financial indebtedness on completion of this transaction. The
 Invictus Group includes Invictus Biotechnology Pty Ltd. which owns the patent rights to the "Transmucosal Delivery
 of Tocotrienols" patent estates and also the licensed patent rights from Monash University for tocotrienol
 prodrugs.
- IVBHL will transfer the ownership of the US subsidiary, Invictus Nutraceuticals, Inc., to VTL for nil consideration.
- IVBHL is to grant VTL an exclusive perpetual global licence to manufacture, market and sell nutraceutical products based on the Invictus Group's intellectual property rights, with a royalty payable of 10% of net profit after tax.
- IVBHL is to grant VTL an exclusive perpetual licence to manufacture, market and sell pharmaceutical products based on the Invictus Group's intellectual property rights in the Peoples Republic of China with a royalty payable of 10% of net profit after tax.

Based on the above, the Directors are satisfied that the Company will be able to meet its liabilities as and when they fall due in the interim and as a consequence of this belief and the planned future capital raising, the Directors believe that the Company remains a going concern at the date of this Report.

(b) Accounting policies

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements except for those as described below.

Standards and Interpretations applicable to 31 December 2022

In the half year ended 31 December 2022, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group and effective for the current annual Reporting Period.

Standards and Interpretations in issues not yet adopted

The Directors have also reviewed all new Standards and Interpretations that have been issued but are not yet effective for the half year ended 31 December 2022. As a result of the review the Directors have determined that there is no material impact, of the new and revised Standards and Interpretations on the Company and, therefore, no change necessary to Group accounting policies.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE OWNERS OF VGI HEALTH TECHNOLOGY LIMITED

Report on the Half Year Financial Report

Conclusion

We have reviewed the accompanying half year financial report of VGI Health Technology Limited (the Company) and its controlled entities (the Group), which comprises the consolidated statement of financial position as at 31 December 2022, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half year financial report of VGI Health Technology Limited and its controlled entities is not in accordance with the Corporations Act 2001 including:

- giving a true and fair view of the Group's financial position as at 31 December 2022 and of its financial performance for the half year then ended; and
- complying with AASB 134: Interim Financial Reporting and the Corporations Regulations 2001. (ii)

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of Financial Report performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001 which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material Uncertainty Related to Going Concern

We draw attention to Note 1(a) to the financial report, which indicates that the Group had incurred a net loss of \$1,671,570 and net operating cash outflows of \$307,614 for the year ending 31 December 2022 and as of that date, the Group had net liabilities of \$730,437. These conditions, along with other matters as set forth in Note 1(a) indicate the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern. As a result, the financial report may not be suitable for another purpose. Our conclusion is not modified in respect of this matter.

Responsibilities of the Directors for the Half Year Financial Report

The directors of the Group are responsible for the preparation of the half year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE OWNERS OF VGI HEALTH TECHNOLOGY LIMITED

Auditor's Responsibilities for the Review of the Half Year Financial Report

Our responsibility is to express a conclusion on the half year financial report based on our review. ASRE 410 requires us to conclude whether we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Group's financial position as at 31 December 2022 and its performance for the half year ended on that date, and complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
