## Preliminary Announcement

Smartshares Limited, a wholly owned subsidiary of NZX Limited, has announced the preliminary half-year results for the NZ Top 50 Fund.

The NZX 50 Portfolio Index Fund was resettled on 7 November 2016 as the NZ Top 50 Fund, prior to which the NZ Top 50 Fund was a shell entity. On 7 November 2016 the NZX 50 Portfolio Index Fund resettled its assets into the NZ Top 50 Fund at a total value of \$190,528,000.

These half year preliminary results are therefore based on the wind-up accounts for the NZX 50 Portfolio Index Fund, as Smartshares Limited considers that this provides unitholders with the most relevant financial information.

The NZ Top 50 Fund invests in financial products listed on the NZX Main Board and is designed to track the return on the S&P/NZX 50 Portfolio Index. The S&P/NZX 50 Portfolio Index is made up of 50 of the largest financial products listed on the NZX Main Board. The S&P/NZX 50 Portfolio Index is made up of the same financial products as the S&P/NZX 50 Index, but with a 5% cap on the weight of each product.

**About Smartshares**

Smartshares is the pioneer of ETFs in New Zealand, launching the first ETF (TNZ - the NZSX 10 Fund) in 1996. Smartshares is New Zealand's only issuer of ETFs listed on the NZX Main Board, with more than 10,000 direct unit holders and more than NZD\$1.6 billion of funds under management. Smartshares funds are listed on NZX so you can buy or sell them just like individual shares. The listed funds are designed to "track" (or, in some cases, outperform) an index. Each Smartshares ETF is designed to provide investors with similar returns to a direct investment in all the securities that make up the ETF.
