**Australian Foundation Investment Company Limited
Monthly Net Tangible Asset Backing Per Share and Top 25 Investments**

Dear Sir / Madam

	Before Tax *	After Tax *
30 November 2016	\$5.60	\$4.85
31 October 2016	\$5.45	\$4.73

*The before and after tax numbers relate to the provision for deferred tax on the unrealised gains in the Company's investment portfolio. The Company is a long term investor and does not intend disposing of its total long term investment portfolio. Under current Accounting Standards, the Company is required to provide for tax on any gains that may arise on such a theoretical disposal, after the utilisation of brought forward losses.

These figures do not include the effects of any dilution that would arise from the conversion of the outstanding Convertible Notes.

Attached is a list of the Company's Top 25 Investments as at 30 November 2016.

Yours faithfully

Matthew Rowe
Company Secretary
