Chairman's Letter

21 March 2017

Dear Spotless Shareholder,

I am pleased to present you with this offer (the **Offer**) from Downer EDI Services Pty Ltd (**Downer Services**), a wholly-owned subsidiary of Downer EDI Limited (**Downer**), to acquire all of your shares in Spotless Group Holdings Limited (**Spotless**) for \$1.15 cash per Spotless Share (the **Offer Price**).

The Offer is a highly attractive one and represents compelling value for Spotless Shareholders. The Offer Price of \$1.15 cash for each Spotless Share represents a premium of:

- 59% to the closing price of Spotless Shares on 20 March 2017, being the last trading day before the Announcement Date;
- 45% to the VWAP of Spotless Shares since 28 February 2017 (the date on which Spotless released its 1H17 Results); and
- 42% to the 1-month VWAP of Spotless Shares up to and including 20 March 2017.

You cannot be certain about the future value of Spotless Shares in the absence of the Offer and/or any other superior proposal. Importantly, the Offer provides certain cash value to Spotless Shareholders for their Spotless Shares. The Offer is particularly attractive in the context of Spotless' recent share price performance, 1H17 Results, relatively high level of debt and recent reduction in dividend.

As at the date of this letter, Downer Services has an interest equivalent to 19.99% in the issued share capital of Spotless, which is comprised of a 15% shareholding in Spotless and a further economic interest in 4.99% of Spotless Shares pursuant to a total return cash settled equity swap.¹

Spotless Shareholders who accept the Offer will be paid within one month after the Offer becomes or is declared unconditional and within 21 days after the end of the Offer Period, whichever is earlier.

Spotless Shareholders will also be entitled to be paid the 1H17 dividend declared by Spotless in its 1H17 Results Announcement (to be paid on 7 April 2017).

Downer is a leading provider of services to customers in markets including: Transport Services; Technology and Communications Services; Utilities Services; Engineering, Construction and Maintenance (EC&M); Mining; and Rail. The Downer Group employs 19,000 staff across Australia, New Zealand, the Asia-Pacific region, South America and Southern Africa. Downer is headquartered in Sydney and is listed on the ASX. The proposed acquisition of Spotless is an important part of Downer's strategy to expand the scale of its business and create the largest, diversified, integrated services provider in Australia and New Zealand.

Detailed information in respect of the Offer is set out in this Bidder's Statement, which you should read in its entirety. To accept the Offer, please follow the instructions in this Bidder's Statement and on the accompanying Acceptance Form. The Offer is open for you to accept until 7:00pm (Sydney time) on , unless extended in accordance with the Corporations Act.

I encourage you to accept the Offer.

If you have any questions in relation to the Offer, or how to accept it, please contact the Offer Information Line on 1300 048 144 (from within Australia) or +61 3 9415 4662 (from outside Australia).

Yours sincerely,

Michael Harding
Chairman
Downer EDI Limited

Reasons why you should accept Downer Services' Offer

1. The Offer Price represents a substantial premium to trading levels prior to the Announcement Date and compelling value for your Spotless Shares

The Offer Price of \$1.15 cash per Spotless Share represents compelling value for Spotless Shareholders and a substantial premium to trading levels prior to the announcement of the Offer on 21 March 2017 (**Announcement Date**).

The Offer Price represents an attractive premium of:

- 59% to the closing price of Spotless Shares on 20 March 2017, being the last trading day before the Announcement Date;
- 45% to the Volume Weighted Average Price (VWAP) of Spotless Shares since 28 February 2017² (the date on which Spotless released its 1H17 Results); and
- 42% to the 1-month VWAP of Spotless Shares up to and including 20 March 2017.³

* For the period up to and including 20 March 2017.

2. The Offer is materially higher than the range of broker 12 month price targets for Spotless prior to the Announcement Date

Prior to the Announcement Date, brokers were forecasting, on average, a 12-month price target for Spotless of \$0.74 per Spotless Share, with a range of \$0.63 to \$0.84.⁴ This means that the analysts' best estimate of the price target for Spotless Shares in 12-months' time was, on average, \$0.74.

The Offer is for \$1.15 cash per Spotless Share, which is \$0.41 per share, or 55%, above the average broker price target

and \$0.52 per share, or 83%, above the lowest broker price target of \$0.63 per Spotless Share and \$0.31 per share, or 37%, above the highest broker price target of \$0.84 per Spotless Share.

* Prior to the Announcement Date.

3. Spotless reported 1H17 results that were materially worse than the prior corresponding period across a number of key financial metrics

On 28 February 2017, Spotless released its results for the six months to 31 December 2016 (**1H17**) (**1H17 Results**).

Across a number of key financial metrics, Spotless' financial performance disclosed in the 1H17 Results and the 1H17 Investor Presentation was materially lower than the prior corresponding period (the six months to 31 December 2015 (**1H16**)), including:

- revenue of \$1,455 million, 9.4% below \$1,606 million in 1H16;
- EBITDA (excluding exceptional items) of \$121 million, 11.8% below \$137 million in 1H16;
- EBITA (excluding exceptional items) of \$74 million, 23.6% below \$96 million in 1H16;
- Net Profit After Tax (**NPAT**) (excluding exceptional items) of \$33 million, 31.4% below \$48 million in 1H16; and
- net debt of \$848 million, \$58 million above net debt at 30 June 2016 of \$790 million and \$46 million above net debt at 31 December 2015 of \$802 million.

As stated in Spotless' 1H17 Results Announcement, Spotless' financial performance was impacted by:

- revenue decline due to a number of contract losses;
- increased depreciation from investment in prior years;
- costs associated with investment in business development, marketing and innovation; and

4 Five broker price targets have been used to determine the 12 month broker price target range and average. The date range of the broker price targets used in determining the range and average was 28 February 2017 to 1 March 2017. These brokers were selected on the basis of all broker research reports publicly available to Downer that were released since the announcement of Spotless' 1H2017 results on 28 February 2017 and prior to the Announcement Date. Downer notes that according to Bloomberg, there were two other broker price targets available for Spotless that had been released since 28 February 2017 (Downer did not have access to the research reports for these brokers as at the Announcement Date). Inclusion of these additional two price targets results in an average broker price target of \$0.76 and no change to the \$0.63 to \$0.84 range of broker price targets. 5 Based on Spotless' share price performance from close of trading on 27 February 2017 (the last trading day prior to the announcement of Spotless' 1H17 results) to close of trading on 20 March 2017 (the last trading day prior to announcement of the Offer).

Reasons why you should accept Downer Services' Offer (continued)

- ongoing restructure of the business and 'strategy reset'.

Since the release of the 1H17 Results, Spotless' share price has declined 23.7%.⁵

4. Spotless has significantly reduced its recent dividend and has reset its dividend policy

In its 1H17 Results Announcement, Spotless stated it had reset its dividend payout ratio to 40% to 60% of Adjusted NPAT⁶ (from a previous payout ratio of 65% to 75% of Adjusted NPAT).

In accordance with the reset dividend policy, and as disclosed in the 1H17 Results Announcement, Spotless stated that its 1H17 dividend per share would be 1.35 cents, being 61.4% lower than the 3.5 cents per share dividend announced in 1H16. The 1H17 dividend represents a payout ratio of 40% (the bottom end of the revised range).

As stated by Spotless in its 1H17 Results Announcement, the resetting of Spotless' dividend policy was in part due to its level of net debt as at 31 December 2016 which represented a net leverage ratio of 2.7x.⁷ The resetting of Spotless' dividend policy was consistent with its "near term priority of reducing gearing and strengthening our balance sheet."⁸ Spotless also stated it was "targeting a reduction of net leverage to ~2.5x by June 2018."⁹

5. Spotless' FY17 NPAT guidance range implies a 31% to 39% decline from its FY16 NPAT and is also dependent upon a substantial increase in NPAT from 1H17 to 2H17

In Spotless' 1H17 Results Announcement, Spotless stated that subject to economic conditions FY17 NPAT (pre-exceptional items) was expected to be between \$80-90 million. This implies a 31% to 39% decline from FY16 NPAT (at the high to low end of the guidance range respectively).

As noted in Spotless' 1H17 Results Announcement, this reflects:

- business development returns being slower than expected;
- benefits of business development to date offset by weaker business performance in the Business and Industry, Construction and Resources sectors; and
- increases in depreciation and investment in business development.

⁶ Adjusted NPAT as defined by Spotless in its 1H17 Investor Presentation to exclude exceptional items including goodwill impairment, other intangible asset write-downs, PP&E write-downs, other asset write-downs, onerous contracts provision and other provisions and accrual.

⁷ Net leverage ratio is defined by Spotless in the 1H17 Results as net debt/EBITDA and excluding exceptional items.

⁸ As stated in Spotless' 1H17 Results Announcement.

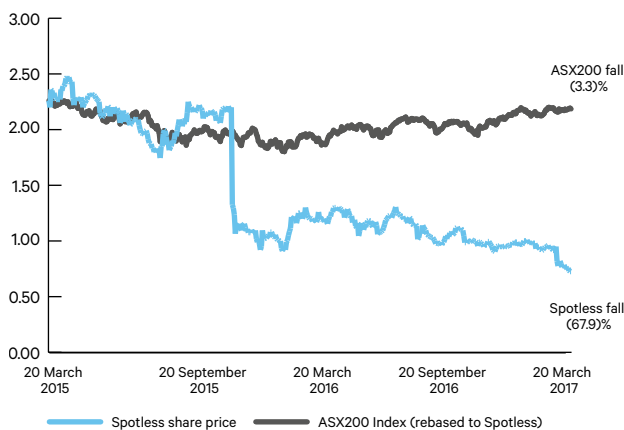

⁹ As stated in Spotless' 1H17 Investor Presentation.

¹⁰ Source: IRESS.

In its 1H17 Results Announcement, Spotless reported 1H17 NPAT (pre-exceptional items) of \$33 million. This implies that, in order to achieve its FY17 guidance range of NPAT (pre-exceptional items) of \$80-90 million, NPAT (pre-exceptional items) in 2H17 would need to be \$47-57 million.

6. Spotless' share price has underperformed the ASX200 index in the 24 months prior to the Announcement Date

Spotless' share price has fallen 67.9% from \$2.26 (the closing price on 20 March 2015) to \$0.725, the closing price on 20 March 2017, being the last trading day before the Announcement Date. By contrast, over the same period the ASX200 Index has fallen 3.3%.¹⁰

7. The Offer is an all cash offer with a certain value

The Offer provides Spotless Shareholders with an opportunity to realise certain cash value for their Spotless Shares, with no transaction costs and no exposure to the potential risks associated with a continuing investment in Spotless.

If you accept the Offer and the Offer becomes unconditional, you will:

- be paid \$1.15 for each of your Spotless Shares;
- not incur any brokerage fees; and
- receive your cash consideration by the earlier of:
 - 21 days after the end of the Offer Period; and
 - within one month after the date the Offer becomes, or is declared, unconditional.

Reasons why you should accept Downer Services' Offer (continued)

8. Accepting the Offer removes your exposure to the risks associated with a continued investment in Spotless

Downer Services believes that the Offer represents compelling value for your Spotless Shares.

As a Spotless Shareholder, you are subject to a number of risks that may affect the market price of Spotless Shares, including, but not limited to:

- the uncertain future market price of Spotless Shares, in the absence of the Offer and/or any other superior proposal;
- the outcome of the Class Action which, although Spotless has stated it strongly denies the allegations and will vigorously defend them, is uncertain and may have financial consequences for Spotless; and
- the possibility that Spotless' stated near term priorities to reduce gearing and strengthen its balance sheet will not be achieved or may take longer to achieve in which event Spotless' dividend policy may need to be further reset to reduce dividends.

Accepting the Offer removes your exposure to these risks assuming the Defeating Conditions have been satisfied or waived.

9. Spotless' Share Price may fall if the Offer is not successful and no alternative superior proposal emerges

In the month prior to the Announcement Date, the VWAP of Spotless Shares was \$0.810 per Spotless Share.¹¹ Since the announcement of Spotless' 1H17 Results, the VWAP of Spotless Shares (up to the last trading day before the Announcement Date) was \$0.791 per Spotless Share.¹²

Since the announcement of the Offer on 21 March 2017, Spotless Shares have traded in the range of \$1.025 to \$1.110 per share.¹³ The last recorded price of a Spotless Share prior to the date of this Bidder's Statement (being close of trade on 7 April 2017) is \$1.085 per share.

Although many factors affect the price of any given quoted security, if the Offer does not proceed and no alternative superior proposal emerges, the Spotless share price is likely to trade at a substantial discount to the Offer Price.

Downer maintains a website (www.downergroup.com) from which its Annual Reports, ASX Announcements and financial statements in respect of previous reporting periods and many of its other publications can be downloaded in their entirety.

2. Downer Services' Intentions

2.1 Overview

This section 2 sets out Downer Services' intentions in relation to:

- the continuation of the business of Spotless;
- any major changes to the business of Spotless and any redeployment of the fixed assets of Spotless;
- changes to the Board of Spotless; and
- the future employment of the present employees of Spotless.

Downer Services is a wholly-owned subsidiary of Downer. The intentions, views, understanding and beliefs of Downer Services as set out in this section 2 are the same as those of Downer and both are collectively referred to as the intentions of Downer Services in this section 2.

These intentions are based on publicly available information concerning Spotless, its business and the general business environment that is known to Downer Services at the time of preparation of this Bidder's Statement.

As at the date of this Bidder's Statement no due diligence has been conducted on Spotless' non-public confidential information.

Therefore Downer Services does not currently have full knowledge of all material information, facts and circumstances that are necessary to assess the operational, commercial, tax, regulatory and financial implications of its current intentions. Final decisions regarding these matters will only be made by Downer Services once it has access to Spotless' internal confidential information and in light of the circumstances at the relevant time.

Accordingly, the statements set out in this section 2 are statements of current intention only, which may change as new information becomes available to Downer Services and as circumstances change.

2.2 Intentions upon acquisition of 90% or more of all Spotless Shares

This section sets out Downer Services' current intentions if Downer Services acquires a relevant interest in 90% or more of the Spotless Shares and it is entitled to proceed to compulsory acquisition of the remaining Spotless Shares under the Corporations Act.

(a) Corporate matters

It is intended that Downer Services would:

- proceed with compulsory acquisition of the outstanding Spotless Shares (including any Spotless Shares which come into existence within the period of six weeks after Downer Services gives the compulsory acquisition notice due to conversion or exercise of LTI Awards) in accordance with the provisions of Chapter 6A of the Corporations Act;
- arrange for Spotless to be removed from the official list of the ASX;

- replace the Spotless Board with Downer Services nominees; and
- proceed to compulsory acquisition of the Spotless LTI Awards which have not been converted or exercised and that have not lapsed.

(b) Spotless' business and assets

Spotless' business does not materially overlap with Downer's business and Downer and Spotless are not material competitors. Notwithstanding this, Downer expects a combination of the Downer and Spotless businesses to deliver pre-tax cost synergies of approximately \$20-40 million per annum over time. These synergies are expected to be generated by integrating board and head office teams, integrating reporting systems, reducing listing, statutory and regulatory costs and achieving costs savings under the insurance platforms of both groups. Downer Services has no current intention to change the business of Spotless, nor to redeploy any of the Spotless fixed assets.

If Downer Services acquires all of the Spotless Shares, Downer Services intends to conduct a broad-based general review of Spotless' corporate structure, assets, businesses, employees and operations. This review will focus on ensuring that Spotless' business and assets operate efficiently and competitively with a view to increasing customer service and levels of customer satisfaction. The review will include Spotless' internal confidential information to which Downer has not had access and is expected to take at least three months.

The outcome of this general review may result in changes to the structure of the operating businesses, including changes to the way the businesses are managed or operated, changes to the number of employees and their functions required in each operating business and the possible divestment of certain assets or businesses. Downer Services does not have any specific intentions in relation to this review or its outcomes. The review is expected to result in the creation of a new service line, being a separate division for external reporting and management purposes (for details of Downer's existing service lines see section 1.3 above).

(c) Future employment of employees

Recognising that Downer and Spotless' businesses do not materially overlap, subject to the broad-based general review discussed above and the matters referred to below, Downer generally intends to retain the services of Spotless' current employees in the ordinary course.

However, there may be cases where particular roles may no longer be required because of duplication with Downer's existing employees, such as head office, senior executive and administrative functions. Therefore it is likely that certain positions may become redundant, including before the review is completed. Where appropriate having regard to the position held by the relevant employee, Downer will attempt to identify opportunities for alternative employment within the Downer

2. Downer Services' Intentions (continued)

Group. Employees who are to be made redundant will receive all entitlements in compliance with applicable legislative awards or contractual requirements and they will be paid any redundancy amounts in accordance with their legal entitlements.

2.3 Intentions upon acquisition of less than 90% of all Spotless Shares

This section sets out Downer Services' present intentions if Downer Services acquires less than 90% of all Spotless Shares (in instances where the minimum acceptance Defeating Condition is waived by Downer Services and the other Defeating Conditions are either waived or satisfied).

The intentions in this section will be subject to:

- (i) the outcome of the Offer and the size of Downer Services' shareholding at that time;
- (ii) compliance with applicable Corporations Act requirements and the ASX Listing Rules, in particular in relation to related party transactions and conflicts of interests;
- (iii) the legal obligation of the directors of Spotless (including Downer Services' nominees on the Spotless Board) to act for proper purposes and in the best interests of Spotless Shareholders as a whole; and
- (iv) the outcome of the review described in section 2.2(b).

Subject to such limitations, Downer Services' intentions in relation to the acquisition of less than 90% of all Spotless Shares include:

(a) Corporate matters

- (i) subject to the Corporations Act and Spotless' constitution, seeking to appoint a number of nominees to the Spotless Board such that the proportion which Downer Services' nominees represent of the total number of directors on the Spotless Board equals or exceeds Downer Services' proportionate ownership interest in Spotless. In this scenario, where Downer Services acquires greater than 50% of all Spotless Shares, it will seek to appoint a majority of Downer Services' nominees to the Spotless Board and may, in its discretion, seek to retain one or more of the existing directors of Spotless on the Spotless Board. Downer Services has not made any decision as to who would be nominated for appointment to the Spotless Board in this case but expects such nominees will be persons with appropriate experience, qualifications and skills for Spotless' business and to implement Downer's intentions for Spotless;
- (ii) seeking to engage with the Spotless Board with a view to reaching agreement to undertake a broad-based general review of Spotless' corporate structure as discussed in section 2.2(b) and to implement any operational efficiencies and enhancements that may be identified in the review process. This may include the appointment of senior managers who have an understanding of Downer's management systems and to streamline functions which may be duplicated within Downer and Spotless;

- (iii) seeking to capitalise on any opportunities for Downer and Spotless to co-operate in expanding their respective revenue generating opportunities; and
- (iv) seeking to have Spotless removed from the official list of ASX in the circumstances set out below if applicable.

ASX guidance indicates that ASX would likely approve an application for Spotless to be removed from the official list of ASX without the need for shareholder approval if an application is made within a month of the end of the Offer Period and if:

- (A) at the end of the Offer, the Downer Group owns or controls at least 75% of the Spotless Shares and the Offer remained open for at least two weeks after the Downer Group attained ownership or control of at least 75% of the Spotless Shares; and
- (B) the number of Spotless Shareholders (other than the Downer Group) having holdings with a value of at least \$500 is fewer than 150.

In addition, ASX guidance indicates that ASX would likely approve an application for Spotless to be removed from the official list of ASX with shareholder approval and, where such removal is sought later than 12 months after the close of the Offer, Downer Services would be entitled to vote on the resolution approving the removal.

(b) Dividend Policy and Capital Management Policy

Downer Services will seek to include in the general review that is referred to in section 2.3(a)(i) a review of Spotless' dividend policy and capital management policy to determine whether these are adequate, sustainable, or appropriate for Spotless, having regard to current and future earnings, debt levels, bonding requirements, capital and other commitments.

If a conclusion of the review is that Spotless should adopt a more conservative capital management policy and reduce leverage or, independently of the review, the Spotless Board comes to the conclusion that a more conservative capital management policy is justified, this may lead to a number of outcomes including the need for Spotless to raise additional equity, including from its shareholders, or to reduce its dividends, or a combination of both.

Subject to the outcome of such review and Spotless' trading performance at the time, Downer Services expects that it would support any capital raising for the purpose of reducing Spotless' debt, on at least a pro rata basis to its shareholding in Spotless at the time.

(c) Spotless Debt Financing

(i) Background

Downer Services does not have access to the full terms of Spotless' debt financing arrangements. However, Downer Services expects that the Offer may give rise to certain change of control or review events within Spotless' debt funding arrangements (the **Spotless Debt Facilities**). In

2. Downer Services' Intentions (continued)

particular, according to the Spotless Prospectus, a change of control, a delisting or a suspension from trading on the ASX of 10 consecutive business days gives rise to a review event under the Spotless Debt Facilities.

According to Spotless' 1H17 Results, Spotless had committed debt facilities of \$1,057.4 million, of which \$887.4 million were drawn as at 31 December 2016.

While Spotless has indicated in the 2016 Annual Report that the terms of its debt facilities were renegotiated on more favourable terms, Downer Services anticipates that the change of control or review event clauses which were described in the Spotless Prospectus may still be in place which, if triggered, can cause the facilities to become repayable in the circumstances where Downer has control of Spotless (for example, by holding more than 50% of Spotless Shares) when there remain minority shareholders.

(ii) Target Debt Standby Bridge Commitment

In light of the above, Downer Group Finance Pty Ltd (**Downer Finance**) has entered into a binding commitment letter on 21 March 2017 with BNP Paribas, Sydney Branch, Mizuho Bank, Ltd., Sydney Branch and UBS AG, Australia Branch (each a mandated lead arranger, underwriter and bookrunner (**MLAUB**)) for an A\$1.1 billion bridge loan (**Target Debt Standby Bridge Commitment**). The Target Debt Standby Bridge Commitment will be available to Spotless and certain of its subsidiaries to refinance the Spotless Debt Facilities and for working capital purposes in the ordinary course of business of Spotless, in a situation where Downer Services has acquired a relevant interest in more than 50% but less than 100% of the Spotless Shares (**Spotless Change of Control**). The Target Debt Standby Bridge Commitment will only be available on the terms and subject to the conditions of the Target Debt Standby Bridge Commitment to refinance:

- facility limits or commitments of the Spotless Debt Facilities which are required to be repaid or are cancelled as a consequence of a Spotless Change of Control; or
- the Spotless Debt Facilities which expire and are not able to be extended or replaced during the period in which Downer Services has a relevant interest in more than 50% and less than 100% of the Spotless Shares.

Any Facility Agreement (a **Target Replacement Facility Agreement**) entered into pursuant to the Target Debt Standby Bridge Commitment will be under the Spotless credit platform and will be non-recourse to Downer and the Downer Group. It will be a decision of the Spotless Board as to whether to utilise the Target Debt Standby Bridge Commitment.

If Downer Services acquires all the Spotless Shares (at the **Wholly Owned Date**), it will endeavour to amend the Spotless Debt Facilities and any Target Replacement Facility Agreement to conform to the Downer credit platform. In order to effect this after the Wholly Owned Date, the Target

Debt Standby Bridge Commitment includes an agreement by the MLAUBs to restate any Target Replacement Facility Agreement on the Downer credit platform and to refinance the remaining Spotless Debt Facilities up to a combined limit of up to \$1.1 billion onto the Downer credit platform.

The Target Debt Standby Bridge Commitment is separate to the funding arrangements to fund the cash consideration under the Offer as discussed in section 3.

(d) Further acquisition of Spotless securities

Downer Services may, at some later time, acquire further Spotless securities in a manner consistent with the Corporations Act.

(e) Compulsory acquisition at a later time

If Downer Services becomes entitled at some later time to exercise general compulsory acquisition rights under the Corporations Act in respect of Spotless securities, it may exercise those rights.

2.4 Other intentions

Subject to the above it is the present intention of Downer Services, on the basis of the information concerning Spotless which is known to it and the existing circumstances affecting the business of Spotless, that:

- the business of Spotless will otherwise be continued in substantially the same manner as it is presently being conducted;
- no other major changes will be made to the business of Spotless and there will not be any other redeployment of the fixed assets of Spotless; and
- the present employees of Spotless will otherwise continue to be employed by Spotless.

3. Sources of Cash Consideration

3.1 Consideration under the Offer

The consideration for the acquisition of the Spotless Shares to which the Offer relates will be satisfied by the payment by Downer Services of cash (in Australian dollars).

The consideration offered for each of your Spotless Shares is \$1.15, subject to section 7.17(d).

The maximum cash amount which may be required by Downer Services to settle acceptances under the Offer is \$1,089.2 million (**Maximum Cash Consideration**).

The Maximum Cash Consideration has been calculated on the basis:

- (a) of acceptances being received in respect of 933,546,652 Spotless Shares, being all Spotless Shares not owned or controlled by the Downer Group as at the date of this Bidder's Statement; and
- (b) that 13,601,476 Spotless Shares are issued as a result of all LTI Awards vesting (if applicable) and being exercised or converted during the Offer Period.

Upon the occurrence of a "Corporate Control Event" (which includes an offer being made for Spotless Shares pursuant to a takeover bid under Chapter 6 of the Corporations Act), the LTI Awards automatically vest on a pro rata basis. Those LTI Awards that do not automatically vest on a pro rata basis may vest subject to the discretion of the Spotless LTI plan committee.

Anticipated costs and expenses to be incurred by Downer in connection with the Offer are expected to be approximately \$15 million.

3.2 Source of funds

Downer Services' acquisition of the Spotless Shares under the Offer will be funded through a combination of:

- an unsecured senior syndicated term loan bridge facility to be provided by certain of Downer's existing financiers (**New Loan Facility**) as described further in section 3.2(a) below; and
- proceeds of an accelerated pro rata entitlement offer of shares in Downer (**Downer Shares**) with retail rights trading to raise approximately \$1,011 million (the **Entitlement Offer**). The Entitlement Offer will be fully underwritten (as to the amount of cash proceeds to be raised) by UBS AG, Australia Branch (the **Underwriter**) pursuant to the terms and conditions of an Underwriting Agreement dated 21 March 2017 (the **Underwriting Agreement**).

(a) New Loan Facility

(i) Commitment Letter

For the purposes of the New Loan Facility, a related entity of Downer Services, Downer Finance, has entered into a binding commitment letter on 20 March 2017 (**Commitment Letter**) with the MLAUBs.

Under the Commitment Letter, the MLAUBs have agreed to arrange, underwrite and provide the New Loan Facility pursuant to the terms of the existing common terms deed poll (including guarantee) by, amongst others, Downer Services and Downer Finance (**Common Terms Deed Poll**) to be utilised for the purpose of providing consideration which, together with the proceeds raised under the Entitlement Offer, will be sufficient to cover the Maximum Cash Consideration under the Offer and any expenses incurred by Downer Services associated with the Offer, as set out in section 3.1.

(ii) Availability of New Loan Facility

Provided that the matters set out in paragraph (a)(iii) below are satisfied, funds under the New Loan Facility will be made available to Downer Finance by the MLAUBs for drawdown from 3 April 2017 (being the date of the New Loan Facility) up to the earlier of:

- 29 September 2017;
- if Downer Services does not have a relevant interest in at least 90% of the Spotless Shares at the end of the Offer Period, 21 days after the last day of the Offer Period (as extended as the case may be);
- if Downer Services does have a relevant interest in at least 90% of the Spotless Shares at the end of the Offer Period, the last date on which payment is required to be made in accordance with the compulsory acquisition provisions under Part 6A.1 and Part 6A.3 of the Corporations Act; or
- such later date as agreed between the parties to the New Loan Facility,

(the **Certain Funds Period**).

(iii) Conditions

The New Loan Facility sets out the agreed pre-conditions to drawdown of funds that must be satisfied for drawdowns thereunder during the Certain Funds Period. They are as follows:

- (A) (**Conditions Precedent**) customary conditions precedent to drawdown such as issuance of drawdown notices;
- (B) (**Sufficient Funds**) Downer or Downer Finance has retained the proceeds of the Entitlement Offer (in an amount of at least A\$74.0m which has already been received by Downer pursuant to the Institutional Entitlement Offer) which, when combined with the undrawn commitment under the New Loan Facility, are sufficient to fund the purchase price for any of the Spotless Shares not then owned by Downer Services;

3. Sources of Cash Consideration (continued)

- (C) **(No litigation or governmental, administrative or judicial action)** litigation, governmental, administrative or judicial actions, actual or pending, that does or could be reasonably expected to restrain or prevent the consummation of the Offer (excluding the completion of the compulsory acquisition process);
- (D) **(Major Representations)** “major representation” becoming untrue or misleading in any material respect (whether by omission or otherwise). The “major representations” are certain customary representations and warranties regarding Downer Services and the guarantors under the Common Terms Deed Poll including, among other things, representations regarding status, due authority, binding obligations and accuracy of information;
- (E) **(Major Default)** “major default” subsisting or resulting from the drawdown of the New Loan Facility. The “major defaults” are certain events regarding Downer Services and the guarantors under the Common Terms Deed Poll including non-payment under the finance documents, breaches of obligations under the Common Terms Deed Poll or occurrence of an insolvency event in respect of Downer Services or a guarantor under the Common Terms Deed Poll; or
- (F) **(Breach of law)** the financiers providing their share of the funding portion under the New Loan Facility being unlawful for any reason.

As at the date of this Bidder's Statement, Downer Services is not aware of:

- any circumstance which would prevent the satisfaction of the conditions precedent to drawing the New Loan Facility, and is confident that they will be satisfied in time to allow payment in full of the debt funded component of the aggregate consideration as and when due under the terms of the Offer;
- any circumstance which would give rise to litigation, governmental, administrative or judicial actions, actual or pending, that does or could be reasonably expected to restrain or prevent the consummation of the Offer;
- any circumstance which would lead to a “major representation” being untrue or misleading in any material respect;
- the occurrence of any “major default” or any circumstance which would lead to a “major default” subsisting or being caused by the drawdown of the New Loan Facility; or
- any circumstance which would make it unlawful for the financiers to provide the New Loan Facility.

(b) Equity Funding

On 21 March 2017, Downer announced the Entitlement Offer. The Entitlement Offer is structured as follows:

- an accelerated institutional entitlement offer **(Institutional Entitlement Offer)**, under which eligible institutional shareholders of Downer will be invited to take up all or part of their entitlement to subscribe for Downer Shares at a fixed price **(Entitlement Offer Price)**. Any entitlements not taken up, together with the entitlements of ineligible institutional shareholders, will be sold through an institutional bookbuild; and
- a retail entitlement offer with retail rights trading **(Retail Entitlement Offer)**, under which:
 - eligible retail shareholders will be invited to take up all or part of their entitlement at the Entitlement Offer Price;
 - the entitlements can be taken up in whole or in part, or traded on ASX (or transferred directly to another person) in whole or part by eligible shareholders; and
 - any retail entitlements not taken up, together with the entitlements of ineligible retail shareholders, will be sold through a retail bookbuild.
- The Retail Entitlement Offer will be conducted immediately after the close of the Institutional Entitlement Offer.

The Entitlement Offer will be conducted in accordance with a timeline under which the funds received by Downer will be available for use prior to the time that settlement of acceptances under the Offer will be required.

The Institutional Entitlement Offer settled on 31 March 2017, with A\$757 million being raised.

It is expected that the Retail Entitlement Offer will settle on 21 April 2017, with the proceeds under the Retail Entitlement Offer being raised on or about this date.

Downer will announce on ASX the results of the Retail Entitlement Offer, including the proceeds raised at settlement, as and when it occurs.

The Entitlement Offer will be fully underwritten by the Underwriter subject to the terms of an Underwriting Agreement between Downer and the Underwriter. The Underwriter may terminate the Underwriting Agreement upon the occurrence of certain prescribed circumstances **(Termination Events)**. A summary of the Termination Events is set out in Annexure A.

3. Sources of Cash Consideration (continued)

As the proceeds of the Institutional Entitlement Offer and Retail Entitlement Offer are expected to be received by no later than 21 April 2017, Downer will have these funds before the earliest date that Downer Services will be required to pay for acceptances under the Offer.

(c) Intercompany Facility

The proceeds raised by Downer under the Entitlement Offer will be advanced to Downer Finance under an intercompany facility between Downer and Downer Finance (**Intercompany Facility**).

The terms of the Intercompany Facility are set out in a commitment letter from Downer dated 20 March 2017, which has been accepted by Downer Finance. In summary, the Intercompany Facility enables the proceeds raised by Downer under the Entitlement Offer, to be advanced by Downer to Downer Finance, thereby enabling Downer Finance to advance to Downer Services the same funds under the Holdings Facility (described below), for the purposes of acquiring Spotless Shares under the Offer and paying associated transaction costs.

The Intercompany Facility is interest free and unsecured. There are no conditions precedent to Downer Finance's drawdown of the funds under the Intercompany Facility.

3.3 Availability of funding to Downer Services – Holdings Facility

The cash consideration for the Offer and the funds required to satisfy other obligations of Downer Services relating to the Offer (including stamp duty, adviser fees and other transaction costs) will be provided under a loan facility which Downer Services has entered into with Downer Finance (**Holdings Facility**).

Downer Services and Downer Finance are wholly-owned subsidiaries of Downer.

Under the Holdings Facility, Downer Finance has agreed to advance to Downer Services the amounts drawn down under the New Loan Facility and raised under the Entitlement Offer which will be sufficient to cover the Maximum Cash Consideration and associated transaction costs.

The terms of the Holdings Facility are set out in a commitment letter from Downer Finance dated 19 March 2017, which has been accepted by Downer Services. In summary, the terms of the Holdings Facility are as follows:

- the funds provided under the Holdings Facility are for the purpose of acquiring Spotless Shares under the Offer and paying transaction costs associated therewith;
- the Holdings Facility is interest free; and
- the Holdings Facility is unsecured.

There are no conditions precedent for Downer Services to drawdown funds under the Holdings Facility other than the satisfaction of the conditions precedent to drawdowns under the New Loan Facility.

3.4 Provision of consideration

On the basis of the arrangements described in this section 3, Downer Services is of the opinion that it has reasonable grounds for holding the view, and holds the view, that it will be able to provide the consideration offered under the Offer.

- each LTI Option issued under the LTI Plan confers on its holder the entitlement to acquire one Spotless Share (by way of issue or transfer) at the exercise price (if any) upon exercise (once vesting conditions have been satisfied); and
- each LTI Right issued under the LTI Plan confers on its holder the entitlement to receive one Spotless Share (by way of issue or transfer) at the exercise price (if any) upon exercise (once vesting conditions have been satisfied).

The Offer does not extend to LTI Awards.

Under the LTI Plan Rules, on the occurrence of a “Corporate Control Event” (which, under the LTI Plan Rules, includes an offer being made for Spotless Shares pursuant to a takeover bid under Chapter 6 of the Corporations Act), any unvested LTI Awards will vest on a pro rata basis based on the proportion of the vesting period remaining.

The plan committee of the LTI Plan has complete discretion as to how to treat any remaining unvested LTI Awards. Downer Services does not have information concerning the exact number of LTI Awards which will vest and will be exercisable as a result of this Offer.

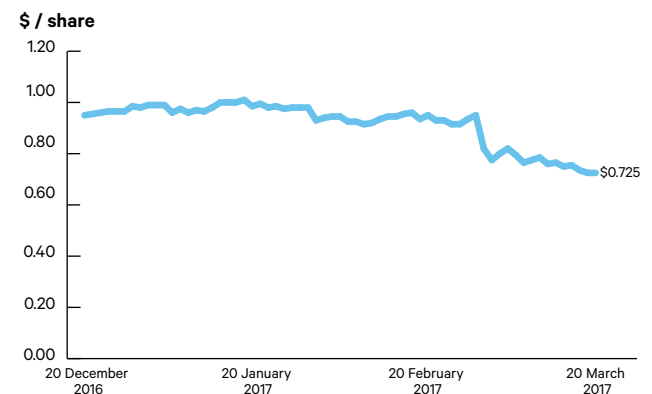

The Offer extends to Spotless Shares that are issued or otherwise come into existence during the period from the Register Date to the end of the Offer Period due to the conversion of, or exercise of rights attached to the LTI Options that are on issue at the Register Date. The Offer extends to Spotless Shares that are issued or otherwise come into existence during the period from the Register Date to the end of the Offer Period due to the conversion of, or exercise of rights attached to the LTI Rights that are on issue at the Register Date.

5. Taxation Considerations

5.1 Introduction

This section provides a general outline of the Australian taxation implications for Spotless Shareholders from disposing of their Spotless Shares in return for cash pursuant to the Offer. The information in this section is based upon Australian taxation law and practice in effect at the date of this Bidder's Statement.

The taxation consequences to Spotless Shareholders of disposing of their Spotless Shares depend on a number of factors and will vary depending on their particular circumstances. The outline provided in this section is of a general nature only and does not consider any specific facts or circumstances that may apply to particular Spotless Shareholders.

Spotless Shareholders should not rely on the disclosure of taxation considerations in this Bidder's Statement as being advice on their own affairs and should seek their own specific professional tax advice as to the taxation implications applicable to their circumstances. Neither Downer nor any of its Directors or advisers accept any liability or responsibility in respect of any statement concerning the taxation consequences to particular Spotless Shareholders from disposing of their Spotless Shares.

The following comments only apply to Spotless Shareholders who hold their Spotless Shares on capital account.

This section does not deal with Spotless Shareholders who:

- hold their shares in the course of carrying on a business (eg as trading stock) or on revenue account (eg as part of a profit-making undertaking or scheme);
- acquired their Spotless Shares pursuant to an employee share, rights or option scheme; or
- are subject to the Taxation of Financial Arrangements provisions in Division 230 of the *Income Tax Assessment Act 1997* (Cth),

and does not deal with the implications of disposing of Spotless Shares under the taxation laws of countries other than Australia.

5.2 Australian resident shareholders

This section 5.2 applies to Spotless Shareholders who are residents of Australia for Australian income tax purposes.

(a) CGT event

A disposal by a Spotless Shareholder of their Spotless Shares pursuant to the Offer will constitute a CGT event for the Spotless Shareholder. The date of the CGT event will be the date the contract to dispose of the Spotless Shares is entered into by the Spotless Shareholder, or in the case of a compulsory acquisition, the date when the Spotless Shareholder ceases to be the owner of the Spotless Shares.

(b) Calculation of capital gain or capital loss

Spotless Shareholders will make a capital gain to the extent that the capital proceeds from the disposal of the Spotless Shares are more than the cost base of those Spotless Shares. Conversely, Spotless Shareholders will make a capital loss to the extent that the capital proceeds from the disposal are less than their reduced cost base of those Spotless Shares.

(c) Cost base

The cost base of the Spotless Shares generally includes the purchase price paid for the shares and certain non-deductible incidental costs of their acquisition and disposal. The reduced cost base of the Spotless Shares is usually determined in a similar, but not identical, manner.

(d) Capital proceeds

The capital proceeds from a disposal of Spotless Shares is generally the amount of consideration received by the Spotless Shareholder for the disposal.

(e) Other issues

If a Spotless Shareholder makes a capital gain from a disposal of their Spotless Shares, the capital gain is aggregated with other capital gains made by the Spotless Shareholder in the same income year. Any available capital losses of the Spotless Shareholder from the same or previous income years may then be offset against the capital gains (subject to satisfaction of loss recoupment tests). If there is a capital gain remaining after application of available capital losses, the Spotless Shareholder may be entitled to apply a discount (see below). Any net capital gain after applying the discount (if applicable) is included in assessable income of the Spotless Shareholder in that income year.

Individuals, complying superannuation entities and trusts that have held the CGT asset to which the capital gain relates for at least 12 months before the CGT event may be entitled to discount the amount of the capital gain (after application of capital losses) by 50% in the case of individuals and trusts or by 33⅓% for complying superannuation entities. For trusts, the ultimate availability of the discount for beneficiaries of the trust in relation to distributions of capital gains by the trust will depend on the particular circumstances of the beneficiaries. No discount is available for Spotless Shareholders which are companies.

If a Spotless Shareholder makes a capital loss from the disposal of their Spotless Shares, the capital loss may only be used to offset capital gains of the Spotless Shareholder in the same or future income years (subject to satisfaction of loss recoupment tests).

5. Taxation Considerations (continued)

5.3 Non-resident shareholders

This section 5.3 applies to Spotless Shareholders who are not residents of Australia for Australian income tax purposes.

The disposal of Spotless Shares will generally only result in Australian CGT implications to a non-resident Spotless Shareholder if the Spotless Shares are 'taxable Australian property' at the time of the CGT Event.

Shares that meet the following conditions are 'indirect Australian real property interests' and are included in taxable Australian property:

- that Spotless Shareholder together with its associates held ten percent or more of the total shares on issue in Spotless at the time of the CGT event or for any 12 month period within two years preceding the CGT event (referred to as a 'non-portfolio interest'); and
- the aggregate market value of Spotless assets which is attributable to 'taxable Australian real property' (including interests in Australian real property and leases of Australian real property) exceeds the aggregate market value of Spotless assets which are not taxable Australian real property (referred to as satisfying the 'principal asset test').

Non-resident Spotless Shareholders who hold a 'non-portfolio interest' in Spotless should obtain independent tax advice as to the tax implications to them of the disposal.

5.4 Non-resident CGT withholding rules

From 1 July 2016, broadly, purchasers that acquire indirect Australian real property interests that are shares (as described in section 5.3) in an off-market acquisition may, subject to certain exceptions, be required to withhold ten percent of the consideration and pay that amount to the Australian Taxation Office (ATO). In certain circumstances, the ATO may agree to a lower withholding rate.

The withholding tax is not a final tax, and the shareholder receives a credit for amounts withheld on filing an Australian tax return and may receive a refund of tax if amounts have been withheld in excess of their actual Australian tax liability.

Downer Services may make a withholding from the cash consideration payable to a Spotless Shareholder for the disposal of their Spotless Shares where:

- Downer Services knows or reasonably believes that the Spotless Shareholder is a non-resident or the Spotless Shareholder has an overseas address or Downer Services is authorised to pay the consideration overseas (in a case where Downer Services does not reasonably believe that the Spotless Shareholder is an Australian resident); and
- the Spotless Shares for that Spotless Shareholder are indirect Australian real property interests (as described in section 5.3 of this Bidder's Statement).

If Downer Services considers that it has an obligation to make the withholding from the cash consideration payable to a Spotless Shareholder for the disposal of their Spotless Shares, it may withhold the applicable amount from the consideration payable to the relevant Spotless Shareholder. In accordance with section 7.21(f), where Downer Services pays the withheld amount to the ATO, Downer Services will be discharged of any liability to pay that amount of the consideration to the Spotless Shareholder.

However, in relation to this Offer, based on Downer Services' review of publicly available information on Spotless, as at the date of this Bidder's Statement, Downer Services does not consider Spotless to satisfy the 'principal asset test' (as described in section 5.3 above), and on that basis, does not consider that withholding under these rules is required. Accordingly, subject to there being no material change in circumstances by the time a Spotless Shareholder disposes of their Spotless Shares and no contrary conclusions reached by Spotless in Spotless' Target's Statement, Downer Services does not intend to withhold any consideration from a Spotless Shareholder in accordance with these rules. Spotless Shareholders should read the tax disclosures in the Target's Statement to ascertain Spotless' views (if any) in this regard.

5.5 GST & stamp duty

No liability to GST should arise for Spotless Shareholders in respect of a disposal of their Spotless Shares. Spotless Shareholders may be charged GST on costs they incur which relate to the disposal (eg legal, financial and tax adviser fees). Certain Spotless Shareholders may be entitled to claim input tax credits or reduced input tax credits in relation to the GST amount incurred on these costs, but should seek independent tax advice in relation to their individual circumstances.

Downer Services will pay any stamp duty payable on its acquisition of Spotless Shares from Spotless Shareholders pursuant to the Offer.

6. Other Material Information

6.1 Date for determining holders of Spotless Shares (Register Date)

For the purposes of section 633(2) of the Corporations Act, the date for determining the persons to whom information is to be sent in items 6 and 12 of section 633(1) of the Corporations Act (**Register Date**) is 7:00pm (Sydney time) on 22 March 2017.

6.2 Downer Services' relevant interest and voting power in Spotless Shares

Downer Services' relevant interest in Spotless Shares, and its voting power in Spotless overall (as at the dates specified) is shown below:

| | At date of this Bidder's Statement | At date first Offer is sent |
|--------------------------------------|------------------------------------|-----------------------------|
| Relevant interest in Spotless Shares | 164,743,526 | 164,743,526 |
| Voting power in Spotless | 15.00% | 15.00% |

In addition to the above, Downer Services has an economic interest of 4.99% in Spotless Shares pursuant to a total return cash settled equity swap referenced over 54,804,679 Spotless Shares.

6.3 Acquisition by Downer Services of Spotless Shares during previous four months

During the period beginning four months before the date on which this Bidder's Statement is lodged with ASIC and ending the day before the date of the Offer, neither Downer Services nor Downer has provided, or agreed to provide, consideration for a Spotless Share except as shown below.

| Date | No. of shares | Description of dealing and Consideration per share |
|---------------|---------------|--|
| 20 March 2017 | 1,531,764 | See Annexure B. |
| 20 March 2017 | 163,211,762 | Acquisition of Spotless Shares by Downer Services after-market at a price of \$1.15 per share. |

6.4 Inducing benefits given by Downer during previous four months

Except as set out in this Bidder's Statement, during the period beginning four months before the date on which this Bidder's Statement is lodged with ASIC and ending the day before the date of the Offer, neither Downer nor Downer Services, nor any associate of Downer or Downer Services, gave, or offered to give or agreed to give a benefit to another person that is not available under the Offer and was likely to induce the other person, or an associate of the other person, to:

- (a) accept an Offer; or
- (b) dispose of Spotless Shares.

6.5 Regulatory and other approvals

(a) ASX confirmations

Downer Services has received confirmation from ASX that ASX Listing Rules 11.1.2 and 11.1.3 do not apply to the Offer.

(b) Regulatory Approval Condition

The Regulatory Approval Condition set out in section 7.11(b)(i) of the Bidder's Statement requires any approvals or consents that may be required from Public Authorities in connection with the Offer to be given.

As noted elsewhere in the Bidder's Statement, Downer Services has not undertaken any due diligence on Spotless' non-public confidential information. However, based on publicly available information that Downer Services has reviewed, Downer Services considers that the following approvals, consents or exemptions from the requirement for approvals or consents will or may be required from a Public Authority in connection with the Offer:

(i) OIO

Downer Services understands that Spotless or entities within Spotless' corporate group may hold a leasehold interest in New Zealand "sensitive land" that requires consent to be given by the OIO under the *Overseas Investment Act 2005* (New Zealand) and the *Overseas Investment Regulations 2005* (New Zealand).

Downer Services has lodged an application with the OIO for the relevant consent.

Spotless has provided Downer Services with information setting out all freehold or leasehold interests that Spotless or entities within Spotless' corporate group have in New Zealand. Downer Services is considering whether any of these interests is "sensitive land" that requires consent to be given by the OIO under the *Overseas Investment Act 2005* (New Zealand) and the *Overseas Investment Regulations 2005* (New Zealand). Following its review of the information provided by Spotless, Downer Services will, in accordance with its undertakings to the OIO, notify the OIO of any additional interests in "sensitive land" that Spotless or entities within Spotless' corporate group have in New Zealand.

(ii) Australian liquor licence related approvals

Spotless disclosed in the Spotless Prospectus that it is subject to governmental regulation at various levels including, among other things, licensing requirements in relation to the service of liquor.

Based on publicly available information that Downer Services has reviewed, Spotless holds contracts to provide catering and hospitality services to venues located in Western Australia, Victoria, New South Wales, South Australia and Queensland.

In certain Australian jurisdictions, the liquor licensing legislation imposes an obligation on the licensee, that

6. Other Material Information (continued)

is Spotless or a member of Spotless' corporate group, to notify the relevant liquor licensing Public Authorities where a person or corporate entity assumes a position where it can exercise control or substantial influence over the licensee, within 14 days of such party assuming such a position.

In Western Australia and South Australia, it is an offence for a person to assume a position of authority in relation to a corporation holding a liquor licence without the prior approval of the relevant liquor licensing Public Authorities.

The Public Authority in Western Australia has confirmed that the approval of Downer and Downer Services as persons assuming a position of authority in respect of Spotless or an entity within the Spotless corporate group which holds a liquor licence in Western Australia is not required.

Downer Services has made applications to the relevant Public Authority in South Australia for the required approval or waiver in respect of liquor licences held in that state by Spotless or an entity within the Spotless corporate group.

(c) ACCC and NZCC

From publicly available information on Spotless' operations, Downer Services believes that neither the ACCC nor the NZCC will have concerns in relation to, or propose to intervene in, the Offer. As a result, Downer Services has not sought and does not propose to seek clearance from either of the ACCC or the NZCC in relation to the Offer.

6.6 Modifications to and exemptions from the Corporations Act

- (a) ASIC relief from the Corporations Act was sought in respect of the ability of Downer Services to extend the Offer to Spotless Shares issued due to the vesting, conversion or exercise of LTI Rights after the Register Date and before the end of the Offer Period. ASIC has confirmed to Downer Services that relief is not required and therefore Downer Services has withdrawn this application.
- (b) ASIC has granted Downer Services relief under section 655A of the Corporations Act to vary the terms of the Offer, to:
 - (i) clarify that Downer Services will not deduct, from the consideration offered under the Offer, any amounts attributable to the value of franking credits attaching to any dividend received by Spotless Shareholders; and
 - (ii) remove any term that is inconsistent with Spotless Shareholders having the ability to withdraw their acceptances until such time as the Offer has become unconditional.

ASIC has also modified the operation of section 654A(2) of the Corporations Act in relation to the Offer such that Downer Services will not be taken to have disposed of securities in breach of section 654A(1) of the Corporations Act merely because Spotless Shareholders withdraw their acceptance of the Offer.

- (c) ASIC has also published various instruments providing for modifications and exemptions that apply generally to all persons, including Downer Services. Amongst others, Downer Services has relied on the modification to section 636(3) of the Corporations Act set out in paragraph 5(d) of ASIC Class Order 13/521 "Takeover Bids" to include references to certain statements which are made or based on statements made in documents lodged with ASIC or the ASX. Pursuant to ASIC Class Order 13/521, the consent of the relevant person is not required for the inclusion of such statements in this Bidder's Statement. As required by Class Order 13/521, Downer Services will make available a copy of these documents (or of relevant extracts from these documents), free of charge, to you and other Spotless Shareholders who request it during the Offer Period. To obtain a copy of these documents (or the relevant extracts), you may telephone the Downer Offer Information Line on 1300 048 144 (for calls made within Australia) or +61 3 9415 4662 (for calls made from outside Australia) from Monday to Friday between 9.00am and 5.00pm (Sydney time).

6.7 No escalation agreements

Neither Downer nor Downer Services, nor any of their associates have entered into an escalation agreement that is prohibited by section 622 of the Corporations Act.

6.8 No collateral benefits

Neither Downer nor Downer Services, nor any of its associates have in the four months before the date of this Bidder's Statement, or in the period between the date of this Bidder's Statement and the date of the Offer given, offered to give or agreed to give a benefit which is not offered to all Spotless Shareholders under the Offer to another person which was likely to induce the other person (or an associate) to accept the Offer or dispose of Spotless Shares.

6.9 Consents

This Bidder's Statement includes or is accompanied by statements which are made in reliance on or based on statements made in documents lodged with ASIC or on the company announcement platform of ASX. As noted above, under the terms of ASIC Class Order 13/521, the parties making those statements are not required to consent to, and have not consented to, those statements being included in this Bidder's Statement. If you would like to receive a copy of any of these documents please contact the Downer Offer Information Line on 1300 048 144 (for calls made within Australia) or

6. Other Material Information (continued)

+61 3 9415 4662 (for calls made from outside Australia) from Monday to Friday between 9:00am and 5:00pm (Sydney time) and you will be sent copies free of charge.

In addition, the following parties have given and have not, before the time of lodgement of this Bidder's Statement with ASIC, withdrawn their written consent to be named in this Bidder's Statement in the form and context in which they were named:

- (a) Ashurst as Australian legal adviser to Downer Services and the Downer Group;
- (b) UBS AG, Australia Branch as financial adviser to Downer Services and the Downer Group; and
- (c) Computershare Investor Services Pty Limited, as Downer's share registry.

Each of the persons named above does not make, or purport to make, any statement in this Bidder's Statement other than those statements made in the capacity and to the extent that the person has provided its consent, as referred to above, and to the maximum extent permitted by law, expressly disclaims and takes no responsibility for any part of the Bidder's Statement other than as described.

6.10 Institutional Acceptance Facility

Downer Services recognises that some Spotless Shareholders may be unable to accept the Offer, for example by reason of their investment mandates, until the Offer becomes or is declared unconditional. Accordingly, Downer Services may consider establishing an institutional acceptance facility (**Facility**) in relation to the Offer. The Facility would only be open to professional investors under the Corporations Act (**Eligible Spotless Shareholders**). The Facility would enable Eligible Spotless Shareholders to indicate their intention to accept the Offer.

If Downer Services decides to establish the Facility, it will inform Spotless Shareholders once the Facility is established by way of a supplementary Bidder's Statement.

6.11 How to withdraw an acceptance

A Spotless Shareholder may withdraw an acceptance of the Offer (**Withdrawal**) at any time before the Defeating Conditions have been satisfied or waived by Downer Services. The recommended methods of withdrawal are set out below.

- (a) Withdrawal by written notice to Downer Services

This method of Withdrawal is available for shares in a CHES Holding or shares in an Issuer Sponsored Holding.

Downer Services should receive from the Spotless Shareholder a notice in writing before the Defeating Conditions have been satisfied or waived that sets out the following information and states that the Spotless Shareholder wants to initiate a Withdrawal. The notice in writing should be signed by the Spotless Shareholder.

The information that should be provided in the written notice is:

- the registered name of the Spotless Shareholder;
- Spotless Shareholder's SRN or HIN (as applicable); and
- the number of Spotless Shares that are the subject of the Withdrawal.

In the event that the number of Spotless Shares the subject of the Withdrawal are not set out in the written notice, then the Withdrawal will be deemed to be in respect of all the Spotless Shares that have been the subject of an acceptance by the person giving the written notice of Withdrawal. Subject to the above, if the information is not provided then the Withdrawal may be invalid.

If the written notice of Withdrawal is not received by Downer Services before the Defeating Conditions have been satisfied or waived, the Withdrawal may not be valid.

Downer Services recommends that you send the written notice of Withdrawal to Downer Services at the following address:

Downer EDI Services Pty Ltd
c/o Computershare Investor Services Pty Limited
GPO Box 2115
Melbourne VIC 3001

Neither Downer Services nor Computershare Investor Services Pty Limited will be responsible for any delays in the process of you sending a written notice of Withdrawal to Downer Services.

- (b) Withdrawal of Spotless Shares in a CHES Holding by instructions to Controlling Participant

If your Spotless Shares are in a CHES Holding there is another way that you can initiate a Withdrawal as set out below. It is optional whether you initiate the Withdrawal by the method described below or by written notice to Downer Services in the manner set out above in section 6.11(a).

There are two requirements to be satisfied for a Withdrawal initiated in this manner and both must be satisfied before the Defeating Conditions have been satisfied or waived by Downer Services. The requirements are as follows:

- (i) you must instruct your broker (the Controlling Participant) to Transmit a Valid Originating Message to ASX Settlement in respect of the Spotless Shares in that CHES Holding in accordance with Rule 14.16.1 of the ASX Settlement Operating Rules, specifying the number of Spotless Shares that are the subject of the Withdrawal and are to be released from the Subposition; and

6. Other Material Information (continued)

- (ii) your Controlling Participant must Transmit a Valid Originating Message to ASX Settlement in respect of the relevant Spotless Shares before the Defeating Conditions are satisfied or waived by Downer Services.

You should allow sufficient time for your Controlling Participant to satisfy the above requirements for Withdrawal. Neither Downer Services nor Computershare Investor Services Pty Limited will be responsible for any delays in your Controlling Participant transmitting a Valid Originating Message.

If the above requirements for Withdrawal are satisfied before the Defeating Conditions are satisfied or waived by Downer Services, Downer Services will:

- return to the Spotless Shareholder any documents that were sent by the Spotless Shareholder to Downer Services with the acceptance of the Offer; and
- if you initiate a valid Withdrawal under section 6.11(a) (that is by notice in writing to Downer Services) and the shares are in a CHESS Holding, Transmit to ASX Settlement a Valid Originating Message that authorises the release of those shares from the Offer Accepted Subposition in which the CHESS Holding has been reserved in accordance with Rule 14.16.3 or 14.16.5 of the ASX Settlement Operating Rules as applicable.

No acknowledgement of valid receipt of Withdrawal will be given to you by or on behalf of Downer Services.

If you would like further information, please contact your legal, financial or other professional adviser or telephone the Downer Offer Information Line on 1300 048 144 (toll free within Australia) or +61 3 9415 4662 (not toll free) from outside Australia.

6.12 No other material information

Except as set out in this Bidder's Statement, there is no information material to the making of a decision by a Spotless Shareholder whether or not to accept the Offer, being information that is known to Downer or Downer Services and has not previously been disclosed to the holders of Spotless Shares.

For return of the Acceptance Form to be an effective acceptance of the Offer, you must ensure it is received by Downer Services in time to give instructions to your Controlling Participant, and for your Controlling Participant to carry out those instructions, before the end of the Offer Period; or

7. The Offer Terms (continued)

7.4 Effect of Acceptance Form

By completing, signing and returning the Acceptance Form in accordance with section 7.3(b) or section 7.3(c) as applicable, you:

- (a) authorise Downer Services and each of its officers and agents to correct any errors in, or omissions from, the Acceptance Form necessary to:
 - (i) make it an effective acceptance of this Offer for your Spotless Shares which are not in a CHES Holding; and
 - (ii) enable the transfer of your Spotless Shares to Downer Services; and
 - (b) if any of your Spotless Shares are in a CHES Holding, authorise Downer Services and each of its officers and agents to:
 - (i) instruct your Controlling Participant to effect your acceptance of this Offer for those Spotless Shares under rule 14.14 of the ASX Settlement Operating Rules; and
 - (ii) give to your Controlling Participant on your behalf any other instructions in relation to those Spotless Shares which are contemplated by the sponsorship agreement between you and your Controlling Participant and are necessary or appropriate to facilitate your acceptance of this Offer.
 - (c) you transfer, or consent to the transfer in accordance with the ASX Settlement Operating Rules, of your Spotless Shares to Downer Services subject to the conditions of the constitution of Spotless on which they were held immediately before your acceptance of this Offer (and Downer Services agrees to take those Spotless Shares subject to those conditions);
 - (d) if and when the contract resulting from your acceptance of this Offer becomes unconditional (even though Downer Services has not yet paid or provided the consideration due to you), you irrevocably appoint Downer Services and each director of, and any nominee of, Downer Services jointly and each of them severally as your attorney to exercise all powers and rights which you could lawfully exercise as the registered holder of your Spotless Shares or in exercise of any right derived from the holding of your Spotless Shares, including, without limiting the generality of the foregoing:
 - (i) requesting Spotless to register your Spotless Shares in the name of Downer Services;

- You will have, or will be deemed to have acknowledged and agreed that in exercising such powers the attorney may act in the interests of Downer Services as the intended registered holder of those Spotless Shares. This appointment, being given for valuable consideration to secure the interest acquired in your Spotless Shares, is irrevocable and terminates upon registration of a transfer to Downer Services of your Spotless Shares;

7.5 Your agreement

7.8 Validation of otherwise ineffective acceptances

Except for Spotless Shares in a CHESS Holding, Downer Services may treat the receipt by it of a signed Acceptance Form as a valid acceptance of this Offer even though it does not receive the other documents required by the instructions on the Acceptance Form or there is non-compliance with any one or more of the other requirements for acceptance. If Downer Services does treat such an Acceptance Form as valid, subject to section 7.17, Downer Services will not be obliged to give the consideration to you until Downer Services receives all those documents and all of the requirements for acceptance referred to in section 7.3 and in the Acceptance Form have been met.

7.18 Return of documents

If this Offer does not become unconditional or any contract arising from this Offer is rescinded by Downer Services on the grounds of a breach of a condition of that contract, Downer Services will, at its election, either return by post to you at the address shown on the Acceptance Form and any other documents sent with it by you, or destroy those documents and notify the ASX of this.
