

DEAL UPDATE

Orion Health Highlights Scotland Deals With Boards Serving Millions of Patients

Auckland – 12 April, 2018 –Orion Health Group Limited (OHE:NZX) highlights a deal with four new Health Boards in the North of Scotland bringing Orion Health’s solutions to 10 of 14 Boards which serve millions of patients across Scotland.

The solutions join multiple clinical portals together, giving quick access to patient information across a diverse region and improving health outcomes by enabling clinicians to make more informed decisions.

Research completed in the West of Scotland found that doctors were spending 70 minutes a day searching for patient information, valued at almost £20,000 a year per clinician. Orion Health’s solution has already contributed to better delivery of care across West of Scotland and the success has sparked a similar initiative in the North of Scotland which will be delivered in the coming months.
