About Vital Healthcare Property:

Vital Healthcare Property Trust is an NZX-listed fund that invests in high-quality health and medical-related properties in New Zealand and Australia. Our tenants are hospital and healthcare operators who provide a wide range of medical and health services.

With a core focus on healthcare real estate, we understand and accommodate the needs of our healthcare tenants. We operate in a niche segment of the property market, characterised by long weighted average lease terms and high occupancy rates and with an ageing population across both countries, it's also one that's growing.
