Title: *Trustpower announces new generation business name*

Trustpower confirms today that upon the successful completion of the conditional sale of its retail business, the new generation business will be called Manawa Energy Limited.

The name was selected following an extensive process of engaging with stakeholders, inside and outside the company. We are honoured that 'Manawa' was gifted to the business by the Ngāti Hangarau hapū, who hold mana whenua of the area where the company's Kaimai hydro-electric power scheme is located.

An official launch of Manawa Energy Limited will take place closer to settlement.
