

Nelson Siva

30 November 2021

The Board and staff of Solution Dynamics are deeply saddened to announce the passing of Nelson Siva after a period of illness and express our condolences to Nelson's wife and family.

Solution Dynamics' success in recent years owes an enormous debt to Nelson's vision, drive and leadership ability. He made SDL a successful and enjoyable place to work. A company's culture starts at the top; SDL reflected Nelson's beliefs, vision and 'can do' approach to everything he set his mind to.

He was greatly loved and respected, and will be greatly missed.
