5. an investor presentation for the half year ending 31 December 2021.

For any queries please contact Warren Koia, Chief Executive.

Yours faithfully

Warren Koia
Chief Executive

About NZ Windfarms Limited

NZ Windfarms Ltd is a long-term specialist wind farm owner and operator, with its revenue coming from the sale of sustainably generated electricity from its Te Rere Hau wind farm.

The Te Rere Hau wind farm is located on North Range Road in the Tararua Ranges outside of Palmerston North. The wind farm has 92 turbines with a capacity of 46 MW producing enough clean energy to power about 16,000 homes, or in excess of half the households in Palmerston North. In comparison to generate the same amount of energy, a gas-fired power plant would emit roughly 64,000 tonnes of carbon dioxide, the same as an additional 23,000 cars on the road.

NZ Windfarms Ltd (NWF) is a public company listed on the NZ Stock Exchange. Up to date share trading information can be obtained from the NZX website.
