

Pushpay expands business, welcomes US Army Chaplain Corps as a Customer

Auckland, New Zealand | Redmond, Washington; Colorado Springs, Colorado; Plano, Texas, US – 6 October 2022 (NZT)

Pushpay Holdings Limited (NZSX:PPH, ASX:PPH, 'Pushpay' or 'the Company') is pleased to announce it has welcomed the US Army Chaplain Corps as a Customer. The US Army Chaplain Corps will be leveraging a tailored Pushpay software and apps solution for all of its ministries, which comprises 51 public service organisations called garrisons across the world. This is the largest signed software-only agreement to date for Pushpay.

Pushpay's technology will enable the US Army Chaplain Corps to streamline communication and build deeper connections with soldiers through mobile solutions across their 51 garrisons. The addition of the US Army Chaplain Corps as a Customer also represents an opportunity for future expansion of Pushpay's solutions into a variety of public service organisations.

US Army Chaplains are religious leaders who support, motivate, and provide guidance to soldiers and their families across all religious faiths. This includes more than 1,000,000 active and reserve soldiers, as well as retired soldiers. The US Army Chaplain Corps leverages prevailing technologies and innovative approaches to provide reliable and relevant world-class religious services and programs, counseling, spiritual care and community building, making the Chaplain Corps one of the world's premier leadership organisations.

Molly Matthews, Pushpay's CEO said, "We are delighted to welcome the US Army Chaplain Corps and their communities across the globe to Pushpay. The addition of the US Army Chaplain Corps, as well as the Archdiocese of Seattle in July 2022, demonstrates the momentum being created towards our strategic goals.

"This first of its kind collaboration represents a significant early milestone as we continue to execute towards our longer-term growth strategy to expand our offering into public service organisations to help them strengthen their communities and connections. We look forward to supporting the US Army Chaplain Corps' communities of more than 1,000,000 active, reservist and retired soldiers, and their families, with our innovative, mobile-first solutions. It is an absolute honour and privilege to support those who have sacrificed so much for our freedom."

George Watlington Jr., CIV, Information Technology Program Manager of the US Army Chaplain Corps said, "Pushpay's partnership with the Army will help support ongoing community revitalization efforts to strengthen the bond between soldiers, families and Army civilians through enhanced communication, both in-person and virtually."

About Pushpay

Pushpay provides a donor management system, including donor tools, finance tools and a custom community app, a church management system (ChMS), and video streaming solutions to the faith sector, non-profit organisations and education providers located predominantly in the United States (US) and other jurisdictions. Our leading solutions simplify engagement, payments and administration, enabling our Customers to increase participation and build stronger relationships with their communities.

Church Community Builder and Resi Media LLC (Resi) are subsidiaries of Pushpay Holdings Limited. Church Community Builder provides a Software as a Service (SaaS) church management system that churches use to connect and communicate with their community members, record member service history, track online giving and perform a range of administrative functions. Resi is a high growth SaaS company that provides end-to-end live video streaming solutions enabled by hardware products predominantly to the faith sector, whilst also servicing commercial, non-profit organisations and education providers in the US.

Pushpay is an award-winning company. For more information visit www.pushpay.com/investors/awards.
