

8 September 2023

Preliminary Annual Results for the year ended 30 June 2023

Quayside Holdings ("the Company") released to the NZX on 1st September 2023 its unaudited results as of 30 June 2023. The Company announced that audited financial statements would be "completed by next week", however confirms that it will now not be able to publish the audited financial statements within the indicated timeframe.

The delay is a result of Audit NZ requiring sufficient time to complete their final audit reviews. We anticipate being able to release audited financial statements in compliance with section 3.6.1 of NZX Listing Rules.
