Fully-underwritten A\$60 million Placement and A\$3 million SPP

Santana Minerals Limited (ABN 37 161 946 989) (**Santana** or the **Company**) (**ASX: SMI**) (**NZX: SMI**) is pleased to announce a fully underwritten placement to sophisticated and professional investor clients of Canaccord Genuity (Australia) Limited (ABN 19 075 071 466) (**Placement**).

The Placement is fully underwritten for gross proceeds of A\$60 million (being 103.4 million new fully paid ordinary shares at A\$0.58 per share).

The fully underwritten Placement was driven by international resources funds, including those from New Zealand, desiring participation in the exciting Bendigo Ophir Gold Project and was strongly supported by existing domestic and high net-worth holders.

The Company also intends to complete a Share Purchase Plan (**SPP**) capped at A\$3m to give eligible shareholders a chance to apply for shares at the same price as the Placement.

Damian Spring, CEO said:

“The support and interest in the Bendigo Ophir Gold Project endorses its significance and it is pleasing that a New Zealand resource project can once again, attract significant investment capital for projects than can assist in the rebuild of the Country’s economic base.

It was most pleasing to also see strong participation from New Zealand investors who understand the long-term economic output impacts the project development can bring our community, region and country as we advance through consenting and a final investment decision.”

Use of Proceeds

Proceeds from the Placement and SPP, together with the Company’s existing cash balance of approximately A\$47.5 million¹, are proposed to be applied to:

- accelerate the development of the Bendigo-Ophir Gold Project in preparation for a subsequent Final Investment Decision (**FID**);
- commencement of early infrastructure civil works to advance project readiness;
- potential acquisition of freehold lands directly impacted by the proposed mining operations and the completion of access agreements, including in respect of land that the Company or its subsidiaries have under option*;
- further exploration of high-priority, near-mine and regional targets, including drilling;
- procurement of long-lead plant and infrastructure items for the Bendigo-Ophir Project; and
- general working capital purposes and costs of the Placement and SPP.

**The Company has agreed to negotiate terms to acquire freehold title to parcels of land neighbouring and underlying its Bendigo-Ophir Gold Project, already the subject of access arrangements, from Bendigo Station Limited. Any formal agreements will be subject to various conditions precedent, including but not limited to NZ Overseas Investment Office approval where required. There can be no guarantee of binding agreements on the proposed terms. Accordingly, investors are cautioned not to place any reliance on these negotiations when making decisions in relation to any investment in the Company.*

Placement Details

On completion of the Placement, the Company will place 103,448,276 ordinary shares at A\$0.58 per share to raise gross proceeds of A\$60 million.

The Placement price of A\$0.58 relative to the Santana ASX share price up to and including Wednesday, 6 August 2025 (pre trading halt request) represented:

- a 1.6% discount to the 10-day volume weighted average price (VWAP)
- a 3.3% discount to the 5-day VWAP
- a 7.9% discount to the last completed ASX price of A\$0.63 6 August 2025

The new shares to be issued under the Placement will rank equally with existing fully paid ordinary shares of the Company already on issue and will be issued in a single tranche utilising the Company's placement capacity under ASX Listing Rule 7.1.

Settlement of the Placement is expected to occur on Friday, 15 August 2025, with new shares expected to be allotted on Monday, 18 August 2025 and trading of the new shares commencing on the same date.

Canaccord Genuity (Australia) Limited acted as Sole Lead Manager, Underwriter and Bookrunner to the Placement and will be paid a total management fee of 1% and a placement fee of 4%.

Share Purchase Plan

In addition to the Placement, the Company intends to undertake an SPP to raise up to a further A\$3 million (before costs).

The SPP will enable eligible Santana shareholders, being those with a registered address in Australia or New Zealand as at the record date of 7:00pm (AEST) on Friday, 8 August 2025, to have the opportunity to apply for up to A\$30,000 worth of new shares (subject to any scale back) at the same A\$0.58 per share price as the placement.

Shareholders in the United States or acting for the account of a benefit of a person in the United States are in-eligible to participate.

The SPP is not underwritten and there is no guarantee that the Company will raise the targeted amount. If valid applications are received for more than the targeted A\$3 million under the SPP, the Company will undertake a scale back of applications to the extent required, with a focus on proportionality to underlying holdings as at the record date (but without limiting the Company's discretion, also taking into account, among other factors, the number of eligible shareholders participating or the number of new shares applied for under the SPP).

The terms and conditions of the SPP will be detailed in an SPP Booklet to be dispatched to eligible shareholders and released to the ASX on or about Wednesday, 20 August 2025. Eligible shareholders who wish to participate should act promptly in submitting applications – the Company reserves the right to close the SPP early, in its sole and absolute discretion, by making an announcement to the ASX.

The new shares to be issued under the SPP will rank equally with existing fully paid ordinary shares of the Company already on issue.

All of the directors intend to participate in the SPP.
