DIRECTORS' REPORT

The directors of Cluff Resources Pacific NL present their report on the Company and its controlled entities for the financial year ended 31 December 2008.

Directors

The names of directors in office at any time during or since the start of the financial year to the date of this report are:

Peter Kennewell Scott Enderby Ian Johns Peter Ashcroft Peter Barrow Stephen Gemell

Directors have been in office since the start of the financial year to the date of this report.

Company Secretary

The name of the company secretary in office at any time during or since the start of the financial year to the date of this report is Scott Enderby. The company secretary has been in office since the start of the financial year to the date of this report.

Principal activities

The principal activities of the economic entity during the course of the financial year was exploration and evaluation of mineral interests. There were no other significant changes in the nature of those activities during the financial year.

Operating results

The consolidated loss of the consolidated entity for the 2008 financial year was \$1,153,119 (2007: \$1,361,652).

Dividends

No dividends were paid or declared by the consolidated entities since the end of the previous financial year, and the directors recommend that no dividend be paid for the year ended 31 December 2008.

Review of operations

A review of the operations of the consolidated entity during the financial year and the result of those operations precedes this report. During the year the consolidated entity has continued the development of its tin, gold and diamond exploration projects, and conducted negotiations over iron ore projects in India. These activities have been funded by existing cash reserves and share issues.

Significant changes in the state of affairs

During the year the consolidated entity raised \$1,075,052 from share issues and the exercising of options (2007: \$2,807,042). This has enabled the continuation of the exploration and evaluation of mineral interests. There were no other significant changes in the state of affairs of the consolidated entity during the financial year.

Matters subsequent to the end of the financial year

There are no matters to report.

Likely developments and expected results of operations

In 2009 the consolidated entity intends to continue its focus on developing its diamond and tin prospects in New South Wales and on gold exploration in Victoria. Negotiations over prospects overseas are also likely to continue, and agreements are expected to be finalised. Information as to likely developments in the consolidated entity's operations, including expected financial results in subsequent financial years would, in the opinion of the Directors, prejudice the interests of the parent entity and the consolidated entity and has therefore not been included in this report.

Environmental regulation performance

The consolidated entity's environmental obligations are regulated under both State and Federal law. All environment performance obligations are monitored by the Directors and subjected from time to time to Government site inspections. The consolidated entity has a policy of at least complying with, but in most cases exceeding its environmental performance obligations. No environmental breaches have been notified by any Government agency during the year ended 31 December 2008.

Information on Directors

Particulars of directors' qualifications and past experience, and current responsibilities:

Peter Ashcroft Acting Chairman (joined 9th December 2008)

Peter Ashcroft is a commercial law specialist with over 30 years experience. He is the owner and principal of Ashlaw Legal Services, which is a specialised commercial legal practice focusing upon the provision of advice to natural resource companies, both in production and exploration stages, and logistic and transport businesses.

Peter is familiar with mining and resource developments throughout Australia, and has advised on joint ventures in Indonesia, New Zealand, Philippines, India, USA, Sweden, Ghana and Canada.

Peter J Kennewell Managing Director

B.Sc

Mr Kennewell has had over thirty years professional experience in the Australian mineral and oil industry, and has been with the parent entity for the past twenty-one years as the Group's Exploration Manager and Managing Director. He has had responsibility for much of the exploration programme of the consolidated entity.

Scott M Enderby Director

B.Com Company Secretary

Since joining the Board in 1996, Mr Enderby has applied his extensive marketing experience to Cluff's varied projects, and held the position of Company Secretary for the past four years.

lan Johns Director (Joined 9th December 2008)

lan Johns brings 20 years of operational business experience to the Cluff Board. He is consults in the manufacturing industry as a business developer and contract negotiator, and was a founding Director of Royalco Resources, a successful royalty income-based mineral exploration company.

Stephen G GemellChairman (Retired 17th March 2008)Peter F BarrowDirector (Retired 9th December 2008)

Directors' Meetings

The number and attendances of the directors at meetings of the Board of Directors were:

Stephen G Gemell	2	2
Peter J Kennewell	8	8
Scott M Enderby	8	8
Peter F Barrow	7	7
Peter Ashcroft	1	1
lan Johns	1	1

Directors' Interests

Interests in the shares and options of the Company as at 31 December 2008

(Includes securities held directly, as well as those in which the Director may not own directly, but holds a beneficial interest)

	Ordinary	Unlisted	Unlisted
	Shares	13/9/09	13/9/10
		\$0.01 Employee Options *	\$0.01 Employee Options *
Peter Ashcroft	1,900,000	-	-
Peter J Kennewell	9,091,134	5,600,000	7,400,000
Scott M Enderby	555,555	3,700,000	4,900,000
lan A Johns	69 112 029	_	_

^{*} these Unlisted Options were issued during the 2007 year to all eligible employees under the Company's Employee Options Plan. Shown here are the specific numbers of Options issued to each director of the Company

REMUNERATION REPORT

This report outlines the remuneration arrangements in place for directors, secretaries and senior managers of Cluff Resources Pacific NL (the Company).

Remuneration policy

The Remuneration Committee of the Board of Directors is responsible for determining and reviewing compensation arrangements for the directors and executives. The Remuneration Committee assesses the appropriateness of the nature and amount of remuneration on a periodic basis by reference to relevant employment market conditions with the overall objective of ensuring maximum stakeholder benefit from the retention of a high quality board and executive team. Remuneration levels for directors and executives are competitively set to attract the most qualified and experienced candidates, taking into account prevailing market conditions and individual's experience and qualifications.

Remuneration packages contain the following key elements:

- (a) Short-term benefits salaries and director's fees
- (b) Post-employment benefits including superannuation:
- (c) Share-based payments share options granted under the option plan; and

In accordance with best practice corporate governance, the structure of non-executive director and executive remuneration is separate and distinct.

Non-executive director remuneration

The Board seeks to set aggregate remuneration at a level which provides the Company with the ability to attract and retain directors of the highest calibre, whilst incurring a cost which is acceptable to the shareholders.

Prior to December 2008, non-executive directors received a fixed fee for their services as directors, however it has been proposed to remunerate the two incoming non-executive directors with non-cash incentives such as options: the terms of this remuneration policy will require shareholder approval at a general meeting.

Where the Company may utilise the services of a non-executive Director for consultancy in their field of expertise, these services are remunerated at their commercially billable rate. There is no direct link between remuneration paid to any of the directors and corporate performance such as bonus payments for achievement of certain key performance indicators. The board considers the fees paid to non-executive directors of comparable companies when undertaking the annual review process.

Executive remuneration

Executives receive a fixed remuneration set to provide a base level commensurate with their position and responsibilities within the Company and so as to align the interests of executives with those of shareholders and ensure total remuneration is competitive by market standards.

There is no direct link between remuneration paid and corporate performance such as bonus payments for achievement of certain key performance indicators.

In addition the Company may issue options to executives under the Company's Employee Option Plan to recognise ability and effort, provide incentive to improve company performance, attract appropriate persons and promote loyalty. Remuneration levels are reviewed annually by the Remuneration Committee by reviewing company performance, personal performance, market trends, industry comparisons, employment market conditions and, where appropriate, external advice.

Details of remuneration for the year ended 31 December 2008

	Salary	Superannuation	Consulting and/or Professional Fees	Directors' Fees	Compensation for expenses	Total

Indemnification of officers and auditors

The Directors and Company Secretary are indemnified in the Articles of Association of the Company.

There are no insurance or indemnity arrangements for the auditor of the consolidated entity.

Proceedings on Behalf of Company

No person has applied for leave of Court to bring proceedings on behalf of the consolidated entity or intervene in any proceedings to which the consolidated entity is a party for the purpose of taking responsibility on behalf of the consolidated entity for all or any part of those proceedings. The consolidated entity was not party to any such proceedings during the year.

Auditor's Independence Declaration

The auditor's independence declaration for the year ended 31 December 2008 has been received and is included in these financial statements.

This report is made and signed in accordance with a resolution of the Board of Directors.

SCOTT ENDERBY

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2008

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, including Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

The financial report covers the consolidated group of Cluff Resources Pacific NL and controlled entities, and Cluff Resources Pacific NL as an individual parent entity. Cluff Resources Pacific NL is a listed public company, incorporated and domiciled in Australia.

The financial report of Cluff Resources Pacific NL and controlled entities, and Cluff Resources Pacific NL as an individual parent entity comply with all International Financial Reporting Standards (IFRS) in their entirety.

Basis of Preparation

The accounting policies set out below have been consistently applied to all years presented.

Reporting Basis and Conventions

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets for which the fair value basis of accounting has been applied.

Accounting Policies

Principals of Consolidation

A controlled entity is any entity Cluff Resources Pacific NL has the power to control the financial and operating policies so as to obtain benefits from its activities.

A list of controlled entities is contained in Note 9 to the financial statements. All controlled entities have a December financial year-end.

All inter-company balances and transactions between entities in the controlled group, including any unrealised profits or losses, have been eliminated on consolidation. Accounting policies of subsidiaries have been changed where necessary to ensure consistencies with those policies applied by the parent entity.

Going Concern

The financial report has been prepared on the basis that the consolidated group is a going concern.

It is the Directors' intentions to expand the controlled group's operations to exploit and develop its mining tenements. The directors have been conducting assessments of the alternative paths to take with respect to developing appropriate markets. The directors are containing cost levels and presently believe that there are sufficient funds to carry out these ongoing operations. If as a result of this assessment a project is to be developed economically, then at that point in time the Company will consider its funding options which would include raising further capital from share placements or rights issues.

Exploration, Evaluation and Pre-development Expenditure

Exploration, evaluation and pre-development expenditures incurred are charged against earnings as incurred except in the case of identifiable areas of interest where:

- A. it is expected that the expenditure will be recouped by successful development or sale; or
- B. at balance date, exploration and evaluation activities have not yet reached a stage that permits reasonable assessment of the existence of economically recoverable reserves, and active and significant operations are continuing.

Where conditions set out in A or B above is met, expenditure is capitalised.

Accumulated costs in relation to an abandoned area are written off in full against profit in the year in which the decision to abandon the area is made. A regular review is undertaken of each identifiable area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

Development Properties

Development expenditure incurred is accumulated separately for each identifiable area of interest in which economically recoverable mineral resources have been identified to the satisfaction of the directors.

Once a development decision has been taken, all past and future exploration and evaluation expenditure in respect of the area of interest is aggregated with the costs of development and classified under non-current assets as "Development Properties". All expenditure incurred prior to the commencement of commercial levels of production from each development property is carried forward, to the extent to which recoupment out of revenue to be derived from the sale of production from the relevant development property, or from the sale of that property, is reasonably assured.

Amortisation is not charged until production commences. Amortisation charges are determined on the rate of depletion of the economically recoverable reserves. A regular review is undertaken of each identifiable area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

Property, Plant & Equipment

Property, plant and equipment are held at cost or at directors' valuation. A review by the Directors of the carrying value of the consolidated group's property, plant and equipment showed that the current carry values were appropriate and no impairment was noted.

The cost of property, plant and equipment is depreciated on a straight-line basis over the period of the estimated useful lives of the consolidated group commencing from the time the asset is held ready for use. The depreciation rates used for each class of depreciable assets are:

	<u>Life</u>	<u>Method</u>
Buildings	50 years	Straight line
Office furniture and equipment	4 years	Straight line
Motor vehicle	4 years	Straight line
Plant and equipment	4 years	Straight line

Inventories

Inventories of diamonds, rubies and sapphires are valued at the lower of cost and net realisable value. Cost comprises direct material, labour and transportation expenditure in getting such inventories to their existing location and condition, together with an appropriate portion of fixed and variable overhead expenditure. Cost also includes an appropriate allocation of exploration, evaluation and pre-development expenditure once production has commenced in an area of interest. Net realisable value is the amount estimated as obtainable from the sale of the item of inventory in the normal course of business, less any anticipated costs to be incurred prior to its sale.

Borrowing Costs

Borrowing costs are expensed as incurred.

Foreign Exchange

Transactions in foreign currencies have been converted at the rates of exchange applicable at the date of each transaction. Foreign currency balances arising from these transactions have been converted at the rates of exchange ruling at 31 December 2007. Gains and losses arising from exchange rate fluctuations are brought to account in the income statement.

Provision for Rehabilitation

The provision for rehabilitation represents charges against profits for future estimated total restoration and rehabilitation costs relating to areas from which natural resources have been extracted. In determining the costs of site restoration there is uncertainty regarding the nature and the extent of the restoration due to community expectations and future legislation.

Income Tax

The charge for current income tax expense is based on the profit for the year adjusted for any non-assessable or disallowed items. It is calculated using the tax rates that have been enacted or are substantially enacted by the balance sheet date. Deferred tax assets and liabilities are ascertained based on the temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be

recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss. Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled. Deferred tax is credited in the income statement except where it relates to items that may be credited directly to equity, in which case the deferred tax is adjusted directly against equity.

Deferred income tax assets relating to temporary differences and unused tax losses are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income tax legislation and the anticipation that the economic entity will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

Cluff Resources Pacific NL and its wholly owned Australian subsidiaries have formed an income tax consolidation group under tax consolidation legislation.

Employee Entitlements

The amounts expected to be paid to employees for their pro-rata entitlement to long service and annual leave are accrued annually at current pay rates, including on costs such as payroll tax, superannuation and workers compensation, having regard to experience of employee turnover rates and periods of service.

Impairment

At each reporting date, the group reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

The consolidated entity has unconfirmed carry forward tax losses, calculated according to Australian income tax legislation, estimated at \$30,500,000 (2007 - \$29,800,000), which will be deductible from future assessable income provided that income is derived, and:

- (a) the parent entity and its controlled entities carry on prescribed petroleum or mining operations as defined in the Income Tax Assessment Act, as appropriate, or
- (b) the parent entity and its controlled entities carry on a business of, or a business that includes, exploration or prospecting in Australia, for the purpose of discovering or extraction of minerals, as appropriate, and
- (c) no changes in tax legislation adversely affect the parent entity and its controlled entities in realising the benefit from the deductions for the losses.

The benefit of these losses will only be recognised where it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Total exploration, evaluation and pre-development expenditure	10,276,445	9,114,079	8,366536	7,204,170

The exploration and evaluation expenditure has been accounted for on the basis set out in Note 1 and relates to areas of interest in the exploration phase and which have not yet reached the stage where a reasonable estimate of the existence or otherwise of economically recoverable reserves can be made.

Pre-development exploration expenditure has been accounted for on the basis set out in Note 1. Pre-development expenditure relates to areas of interest in the sampling and trial mining phase and for which the directors believe economically recoverable mineral reserves have not yet been established, and commercial levels of production have not yet commenced. No amortisation is provided in respect of such expenditure until commercial mining has commenced.

The ultimate recovery of the costs incurred on areas for which current title is held is dependent upon the successful exploration, exploitation and development of areas of interest or by their sale, and accordingly is uncertain. As disclosed in Note 1, the directors will need to raise further capital from share placements and/or rights issues to enable ongoing activity in these areas of interest.

19. FINANCIAL REPORTING BY SEGMENTS

The consolidated entity and parent entity operate predominantly in one industry and one geographic area, being the participation in prospecting and mining for rubies, diamonds and sapphires within Australia.

20. OTHER COMMITMENTS

Exploration

To retain its interest in various permits the consolidated entity is committed to contribute its share of costs as they are incurred. Due to the nature of the consolidated entity's operations in the exploration and evaluation of areas of interest it is not possible to forecast the nature or amount of such future expenditure.

Guarantees

Bank guarantees in respect of the controlled entity's share of mineral exploration expenditure commitments for certain areas of interest which were outstanding at 31 December, 2008 amounted to \$115,000 for the consolidated entity (2007 - \$115,000) and \$Nil for the parent entity (2007 - \$Nil). Included in Cash and cash equivalents of \$417,640 for the consolidated entity (2007 - \$1,477,160) are short term deposits of \$Nil (2007 - \$4.869) held by Westpac Banking Corporation as security against bank guarantees issued.

Security Deposit

Security deposits have been lodged with the NSW Department of Mineral Resources, Queensland Department of Natural Resources and Mines Guyra Shire Council, the Commonwealth Bank and the Westpac Banking Corporation. Included in Cash and cash equivalents of \$417,640 for the consolidated entity (2007 - \$1,477,160) are short term deposits of \$386,246 (2007 - \$396,246).

21. CASH FLOW INFORMATION

(a) Reconciliation of Cash

For the purpose of the Cash Flow Statement, cash includes cash on hand and at banks and deposits. Cash at the end of the financial year in the Cash Flow Statement is reconciled to Cash and cash equivalents in the Balance Sheet as follows:

	Consolidate	Consolidated Group		Entity
	2008 \$	2007 \$	2007 \$	2007 \$

22. STAFF COSTS

Remuneration of Directors

The number of directors of the parent entity and of the consolidated entity who received, or were due to receive, remuneration including brokerage, commissions, bonuses and salaries, directly or indirectly, from the parent entity or any related corporation, as shown in the following bands, were:

\$	2008	2007
10,000 - 19,999	1	0
20,000 - 29,999	1	1
40,000 - 59,999	0	1
80,000 - 89,999	1	1
120,000 - 169,999	0	0
170,000 - 189,999	1	1

The aggregate remuneration of the directors referred to in the above bands is \$315,144 (2007 - \$362,489).

Superannuation Commitments

The consolidated entity contributes to a number of superannuation funds in respect of superannuation guarantee obligations to employees and salary sacrifice.

23. COMPARATIVE INFORMATION

Where required by Accounting Standards comparative figures have been adjusted to conform to changes in presentation for the current financial year.

DIRECTORS' DECLARATION

The director's of the company declare that:

- 1. the financial statements and notes are in accordance with the Corporations Act 2001:
 - i) comply with Accounting Standards and the Corporations Regulations 2001; and
 - ii) give a true and fair view of the financial position as at 31 December 2008 and of the performance for the year ended on that date of the company and consolidated group;
- 2. the Chief Executive Officer and the Chief Finance Officer have each declared that:
 - i) the financial records of the company for the financial year have been properly maintained in accordance with section 286 of the Corporations Act 2001;
 - ii) the financial statements and notes for the financial year comply with the Accounting Standards; and
 - iii) the financial statements and notes for the financial year give a true and fair view.
- 3. in the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

SCOTT ENDERBY

Director

PETER KENNEWELL

Director

Hornsby, NSW 19 March 2009

STATEMENT OF CORPORATE GOVERNANCE

THE BOARD OF DIRECTORS

The Company, being an independent exploration and mining company, operates such that the majority of management and other decisions are undertaken by the Board of Directors directly. Accordingly, the Board takes responsibility for corporate governance and operates in accordance with the following principles:

- the Board comprises a minimum of four directors;
- not less than half the Board should be Non-executive Directors;
- the Chairman should be a Non-executive Director who is elected by the full Board;
- the Board should comprise Directors with a broad range of skills and experience relevant to the business of the Company; and
- the issue of board membership is generally a matter to be decided by the shareholders at general meetings.

INDEPENDENT PROFESSIONAL ADVICE

Directors may seek independent professional advice at the Company's expense with the approval of the Board of Directors.

TRADING POLICY

The Company's policy regarding directors and employees trading in its securities is set by the Remuneration Committee. The policy restricts directors and employees from acting on material information until it has been released to the market and adequate time has been given for this to be reflected in the securities' prices.

REMUNERATION POLICIES

The remuneration of directors is determined by the Remuneration Committee based on commercial rates relevant to the nature of services provided. The members of the Remuneration Committee during the year were S Gemell, P Barrow, P Kennewell and S Enderby. The remuneration is disclosed in notes 21 and the director's report.

AUDIT COMMITTEE

The role of the Audit Committee is to advise on the establishment and maintenance of a framework of internal controls and appropriate ethical standards for the management of the consolidated group. It also gives the Board of Directors additional assurance regarding the quality and reliability of financial information prepared for use by the Board in determining policies or for inclusion in the financial report. Among its specific responsibilities, the committee reviews and advises the Board on the nomination and remuneration of auditors and reviews the terms of their engagement, and the scope and quality of their audit.

The members of the Audit Committee during the year were S Gemell, P Barrow, P Kennewell, S Enderby, I Johns and P Ashcroft.

INDEPENDENT AUDIT REPORT

To the Members of Cluff Resources Pacific NL:

Scope

I have audited the financial report of Cluff Resources Pacific NL and controlled entities for the financial year ended 31 December 2008 as set on pages 14 to 33. The financial report includes the consolidated financial statements of the consolidated entity comprising the company and the entities it controlled at the year's end or from time to time during the financial year. The company's directors are responsible for the financial report. I have conducted an independent audit of the financial report in order to express an opinion on it to the members of the company.

My audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance whether the financial report is free of material misstatement. My procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial report, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion whether, in all material respects, the financial report is presented fairly in accordance with Accounting Standards and other mandatory professional reporting requirements and statutory requirements so as to present a view which is consistent with my understanding of the company's and the consolidated entity's financial position, and performance as represented by the results of their operations and their cash flows.

The audit opinion expressed in this report has been formed on the above basis.

Independence

In conducting my audit I followed applicable independence requirements of Australian professional and ethical pronouncements and the Corporations Act 2001.

In accordance with ASIC Class Order 05/83, I declare to the best of my knowledge and belief that the auditor's independence declaration set out on page 38 of the financial report has not changed as at the date of providing my audit opinion.

Audit Opinion

In my opinion, the financial report of Cluff Resources Pacific NL is in accordance with:

- (a) the Corporations Act 2001, including:
 - (i) giving a true and fair view of the company's and consolidated entity's financial position as at 31 December 2008 and their performance for the year ended on that date; and
 - (ii) complying with Accounting Standards and the Corporations Regulations 2001 and
- (b) other mandatory professional reporting requirements in Australia

Inherent Uncertainty Regarding Continuation as a Going Concern and Recoverability of Assets

Without qualification to the opinion expressed above, attention is drawn to the following matter:

As a result of the matter described in Note 1, there is uncertainty whether the company will be able to continue as a going concern, and therefore, whether it will realize its assets and extinguish its liabilities in the normal course of business, and at the amounts stated in the financial statements.

Included in current assets are gemstone inventories of \$129,981 and in other non-current assets, exploration, evaluation and pre development expenditure of \$10,276,445 and development properties of \$2,292,890. The ability of the company to continue as a going concern is dependent on the recovery of the book value of these assets, the raising of further capital through rights issues and share placements, successful development of current and future areas of interest and the expansion of new markets for the company's gemstone products.

AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE CORPORATIONS ACT 2001 TO THE DIRECTORS OF CLUFF RESOURCES PACIFIC LIMITED

I declare to the best of my knowledge and belief that during the year ended 31 December 2008 there have been:

- 1. no contraventions of the auditor independence requirements as set out in the Corporations Act 2001 in relation to the audit; and
- 2. no contraventions of any applicable code of professional conduct in relation to the audit.
