Commentary

FOR THE YEAR ENDED 30 JUNE 2009

Results, Developments and Future Expectations

The Directors of CVC Property Managers Limited, the Manager and Responsible Entity, report a loss of \$2,225,757 (2008: loss \$8,848,806) for the year ended 30 June 2009 for CVC Property Fund (ASX: CJT). The loss was primarily the result of the revaluation of the development site at Narabang Way, Belrose NSW which resulted in an impairment charge of \$1,943,363.

During the year a strategic review was undertaken of the Group. This included consideration of the disposal of both the properties at 8 Rodborough Road Frenchs Forest NSW and Narabang Way, Belrose NSW and alternative investment opportunities. After seeking expressions of interest in relation to the sale of the properties the Directors considered that in light of the current economic environment it was more beneficial to unitholders to retain the properties and evaluate opportunities once more favourable conditions return.

In order to retain the properties the loan facility with National Australia Bank (formerly BNZA) for the Frenchs Forest property was renegotiated and extended to October 2010 as well as CVC Limited providing an additional \$1.05 million during the year. The additional funding allowed the commencement of earthworks on the site at Narabang Way. The work included relocating soil and plants to a new council owned site. This process has taken longer than anticipated as approval was required to be obtained by council for the recipient site before work could commence.

Distributions

Due to the significant impact on the accounting results with the write-down of both properties, the Fund will not be in a position to undertake a distribution for the year ending June 2009.

Notes to the Financial Statements

FOR THE YEAR ENDED 30 JUNE 2009

Note 1: Statement of Accounting Policies

The significant policies which have been adopted in the preparation of this financial report are:

Basis of Preparation

CVC Property Managers Limited ABN 72 066 092 028 is the Responsible Entity of the CVC Property Fund ("the Fund") and its controlled entities ("the Group"). The Responsible Entity's registered office is Level 42, 259 George Street, Sydney NSW 2000. The Fund commenced operations on 10 October 1980.

The financial report is a general-purpose financial report, which has been prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standards. The financial report has also been prepared on a historical cost basis, except for investment properties and property held for development which have been measured at fair value.

Going Concern

The financial report has been prepared on a going concern basis despite the Group generating a loss during the financial year and there being a deficiency of current assets compared to current liabilities of \$6,547,954. A letter of financial support has been received from CVC Limited, a related party that sets out that it is willing to extend the maturity date of the facility secured by a second ranking mortgage over the Frenchs Forest property, and provide additional financial support in order for the Group to meet commitments that may arise during, as a minimum up to 28 August 2010.

Critical accounting estimates

The preparation of financial statements in conformity with AIFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 6 (property held for development) and note 7 (investment property).

Statement of Compliance

The financial report complies with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards (AIFRS). The financial report also complies with International Financial Reporting Standards (IFRS).

Certain new accounting standards and interpretations have been published that are not mandatory for 30 June 2009 reporting periods. It is considered that the only accounting standard that is applicable is AASB 2007-8: *Amendments to Australian Accounting Standards arising from AASB 101* which has recently been issued but is effective for reporting periods commencing after 1 January 2009. The standard has not been adopted for the annual reporting period ending 30 June 2009. Application of the standard will not effect any of the amounts recognised in the financial statements, but will impact the type of information disclosed in relation to the Group's financial report.

1.1 Principles of Consolidation

The consolidated financial statements comprise the financial statements of the CVC Property Fund and its controlled entities during the year ended 30 June 2009. The financial statements of controlled entities are included in the results only from the date control commences until the date control ceases and include those entities over which the Fund has the power to govern the financial and operating policies so as to obtain benefits from their activities.

In preparing the consolidated financial statements, all inter company balances and transactions, income and expenses and profits and losses resulting from intra-group transactions have been eliminated in full and the reporting period and accounting policies of subsidiaries are consistent with those of the parent entity.

The acquisition of controlled entities is accounted for using the purchase method of accounting which allocates the cost of the business combination to the fair value of the assets acquired and the liabilities assumed at the date of acquisition.

1.2 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Interest

Revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Commercial office rent

Rental revenue from operating leases is recognised on a straight line basis over the term of the lease.

Sale of property, plant and equipment

The gain or loss on sale of property, plant and equipment is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Investment Properties

Investment properties are stated at fair value, which reflects market conditions at balance sheet date. Gains and losses arising from changes in the fair values of investment properties are recognised on profit or loss in the year which they arise.

1.3 Cash and Cash Equivalents

For the cash flow statement, cash includes cash on hand and short-term deposits with an original maturity of three months or less.

1.4 Trade and Other Receivables

Receivables are recognised and carried at original invoice amount less a provision of impairment. Trade receivables are generally settled within 30 days.

Note 1: Statement of Accounting Policies (cont.)

A provision for impairment is made when there is objective evidence that the Group will not be able to collect the debts. Bad debts are written off when identified.

1.5 Investments

Investments in controlled entities are initially recorded at cost. Following initial recognition investments are carried at cost less any accumulated impairment losses.

1.6 Property, Plant and Equipment

Property under development is recorded at original cost or valuation at the time that the property was placed under development plus development expenditure at cost. Property under development is also subject to impairment testing at the balance sheet date.

1.7 Investment Property

Investment properties are measured initially at cost, which includes transaction costs. After initial recognition, investment properties are measured at fair value. Changes in the fair value of investment properties are recognised in profit or loss in the period in which they arise.

1.8 Trade and Other Payables

Payables are carried at amortised cost and represent liabilities for goods and services provided to the Group prior to the end of the financial year that are unpaid and arise when the Group becomes obliged to make future payments in respect of the purchase of these goods and services.

1.9 Interest-Bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method.

Gains and losses are recognised in profit or loss when the liabilities are derecognised.

1.10 Income Tax and Other Taxes

Under current income tax legislation the Group is not liable to pay income tax as income of the Group is fully distributed to unitholders.

Realised capital losses are not distributed to unitholders but retained to be offset against any realised capital gains. If realised capital gains exceed realised capital losses, the excess is distributed to unitholders.

Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of Goods and Services Tax (GST), except:

- :: when the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense item as applicable; and

- :: receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

Cash flows are included in the Cash Flow Statement on a gross basis and the GST component of cash flows arising from investing and financing activities which are recoverable from, or payable to, the taxation authority are classified as operating cash flows.

1.11 Distributions

In accordance with the Fund's Constitution, the Fund fully distributes its distributable income to unitholders by way of cash or reinvestment into the Fund.

1.12 Comparative Figures

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

1.13 Impairment

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

The fair value of the Narabang Way, Belrose NSW property has been determined by Directors as an estimate which has been based on an independent valuation of \$9.5 million obtained on 21 October 2008 from Colliers International and an assessment of movement in property values since that date. In determining the fair value of the property, at 30 June 2009, of \$8,500,000 the Directors have had regard for the potential that the Fund may not hold and develop this property, which was an inherent assumption of the Colliers International valuation of October 2008. The value of \$8.5 million has consideration for a non-distressed sale occurring in circumstances where the parties negotiate an arm's length price. Alternatively, the directors have not excluded the potential to hold and develop the property as a bulky goods site.

Note 14: Financial Instruments

The Group's activities expose it to a variety of financial risks: interest rate risk, credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Group.

The Group uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate and price risk.

The responsibility for operational risk management resides with the Directors of the Responsible Entity which seeks to manage the exposure of the Group. There have been no significant changes in the types of financial risks; or the Group's risk management program (including methods used to measure the risks) since the prior year.

The Group holds a significant amount of cash balances which is exposed to movements in interest rates. To reduce the risk the Group typically deposits uncommitted cash with financial institutions at fixed rates with maturity of between 30 – 90 days. The Group and Fund's exposure to interest rates on financial assets and liabilities are detailed in the liquidity risk section below.

Notes to the Financial Statements

FOR THE YEAR ENDED 30 JUNE 2009

Note 14: Financial Instruments (cont.)

Group Sensitivity

At reporting date, if interest rates had been 50 basis points higher (2008: 25 basis points higher/(lower)) and the other variables were held constant, then the impact of the Group would be:

	Increase of 50 bp	Increase of 25 bp	Decrease of 25 bp

Fund Sensitivity

At reporting date, if interest rates had been 50 basis points higher (2008: 25 basis points higher/(lower)) and the other variables were held constant, then the impact of the Fund would be:

2009			
Net profit	831	n/a	n/a
Equity increase	831	n/a	n/a
2008			
Net profit/(loss)	n/a	2,534	(2,534)
Equity increase/(decrease)	n/a	2,534	(2,534)

(b) Credit risk

Credit risk refers to the loss that the Group would incur if a debtor or a counterparty fails to perform under its obligations. The carrying amounts of financial assets recognised in the balance sheet best represent the Group's and Fund's maximum exposure to credit risk at reporting date.

The Group seeks to limit its exposure to credit risk by performing appropriate background investigations on counterparties before entering into arrangements with them.

The Group's only significant concentration of credit risk relates to deposits held with financial institutions, which is mitigated by the requirement that deposits are only held with institutions with an "investment grade" credit rating.

At reporting date there are no overdue trade debtors.

Note 14: Financial Instruments (cont.)

(c) Liquidity risk

The Group manages liquidity risk by maintaining sufficient cash balances to meet commitments and has agreed with CVC Limited that it will continue to provide on-going financial support from CVC Limited to meet commitments that may arise during, as a minimum up to 28 August 2010. The Group has identified a liquidity shortfall and CVC Limited has confirmed that it is willing to extend the facility secured by a second ranking mortgage over the Frenchs Forest property.

The following table details the Group and Fund's contractual maturity for its financial assets and financial liabilities as at 30 June 2009:

	Less than 6 months	6 months to 1 year	1 to 5 years	Total
Consolidated	\$	\$	\$	\$
2009				
Trade and other payables	195,258	-	-	195,258

The Interest Bearing Liability due between 1 to 5 years has a maturity date of 31 October 2010, and the Group has commenced discussion with National Australia Bank and other financial institutions to refinance the loan facility at maturity.

(d) Net fair value

The fair values of the financial assets and liabilities of the Group are approximately equal to their carrying values. No financial assets or financial liabilities are readily traded on organised markets in standardised form.

Note 15: Segment Reporting and Additional Information

The Group is a listed managed investment scheme, operating in Australia. There are no employees of the Group.

The Group operates predominantly in one industry being property investment and development and in one geographical location being Australia.

Independent Audit Report

FOR THE YEAR ENDED 30 JUNE 2009

To the Unitholders of CVC Property Fund

We have audited the accompanying financial report for both CVC Property Fund ("the Fund") and the group comprising the Fund and the entities it controlled at the year's end or from time to time during the financial year, which comprises the balance sheets as at 30 June 2009, and the income statements, statements of recognised income and expense and cash flow statements for the year ended on that date, a summary of significant accounting policies and other explanatory notes and the directors' declaration of the consolidated entity, as set out on pages 6 to 23.

Directors' Responsibility for the Financial Report

The directors of CVC Property Managers Limited, the responsible entity of the Fund, are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

In note 1 the directors also state in accordance with Accounting Standard AASB 101 Presentation of Financial Statements, that compliance with the Australian Equivalents to International Financial Reporting Standards ensures that the financial report, comprising the financial statements and notes, complies with International Financial Reporting Standards.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

Our audit did not involve an analysis of the prudence of business decisions made by the directors or management.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, provided to the directors of CVC Property Managers Limited on 28 August 2009, would be in the same terms if provided to the directors as at the time of this auditors' report.

Auditors' Opinion

In our opinion:

- (a) the financial report of CVC Property Fund is in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the Fund's and consolidated entity's financial position as at 30 June 2009 and of their performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001; and

Corporate Governance Statement

The Board of Directors of the Responsible Entity is responsible for the corporate governance in its management of the Fund. The Board is required to act with integrity, honesty, in good faith and in the best interest of the Fund as a whole in the execution of its duties including setting, guiding and monitoring the business and affairs of the Fund, including compliance with regulatory, legal and ethical standards. The Board is responsible for the oversight of reporting to the unitholders. At the date of this report the Directors in office are as follows:

Vanda Russell Gould (*Chairman and Executive Director*)
Alexander Damien Beard (*Executive Director*)
Kim Warren McGrath (*Independent Director*)
John Tak Chin Lau (*Independent Director*)

The respective roles of the Board and management of the Responsible Entity are set out in the Compliance Plan which is available to members. Details of skills, experience and other qualifications of Directors are included in the Directors' Report.

The Board considers that the Fund seeks to comply, where appropriate, with the Corporate Governance Principles and Recommendations issued by the ASX Corporate Governance Council. Where the Fund does not comply, this is primarily due to the current size, scale and nature of the operations. The Council recognises that "a one size fits all" approach may be inappropriate. Entities are at liberty to determine whether each recommendation is appropriate. Different entities face different circumstances hence some recommendations are unnecessary or may even be counterproductive. In particular it acknowledged that it may be inappropriate or uneconomic for smaller entities, such as the Fund, to follow the same rules as Australia's largest listed companies. The Council has issued recommendations and require companies to adopt an 'if not why not' approach to reporting compliance, requiring entities to identify the recommendations that have not been followed and give reasons for not following them.

The Responsible Entity chose to comply with selected recommendations throughout the financial year ended 30 June 2009, in particular those discussed in detail below:

Board Composition of the Responsible Entity

The Board of the Responsible Entity comprises two independent Directors and two executive Directors.

The Chairman is responsible for leading the Board, ensuring the Board's activities are organised and efficiently conducted and for ensuring Directors are properly briefed for meetings.

The Managing Director is responsible for the management and operation of the Responsible Entity and the Fund. Those powers not specifically reserved to the Board and which are required for the management and operation of the Fund, are conferred on the Managing Director.

The Board believes that the current structure of the Board operates effectively and efficiently, allowing the Board to collectively exercise its authority without the need for many sub-committees and is appropriate to manage the Fund given its size and complexity. Further, the Board has considered the competencies and experience of each of the Directors and believes that it is not in the interests of unitholders to seek to replace any of the current Board members.

The Board has established a Compliance Committee comprising three members who are independent of the Board.

These are as follows:

Gordon Quah-Smith (Chairperson), Dip Law, FCIS
Russell Wheeler, B. Laws, B. Arts
Peter Kalantzis, B. Commerce, Dip Accounting

The Compliance Committee meets on a quarterly basis. The role of the Compliance Committee is to monitor the Responsible Entity's compliance with the Fund's Compliance Plan and Constitution, the *Corporations Act 2001* and any offer documents to ensure that the Responsible Entity and its directors and officers act in the best interests of the members.

It was considered that in acting in the best interests of the members, the Responsible Entity would minimise costs and to this end, it did not comply with the following recommendations throughout the financial year ended 30 June 2009:

- :: having a majority of independent Directors;
- :: having an independent Chairperson;
- :: having a Nomination Committee of the Board;
- :: having a Remuneration Committee of the Board; and
- :: having an Audit Committee, as certain responsibilities have been delegated to the Compliance Committee.

Cost and benefits of compliance

A number of the recommendations require formal documentation of policies and procedures that the Fund already substantially performs. The Fund's Compliance Plan sets out the compliance arrangements the Responsible Entity has to follow. The Responsible Entity also has in place a Risk Management Statement which identifies and deals with risks in the operation of the Fund.

The Responsible Entity considered that adoption of such other formal documentation must be tailored to the Fund at minimal expense and must be appropriate, taking into account the size and complexity of its operations. The responsible Entity is currently considering the adoption and implementation of the following recommendations:

- :: a formal policy for trading in the Fund's securities;
- :: written policies and procedures to ensure compliance with ASX listing rules disclosure requirements;
- :: a process for performance evaluation of the Board, its committees and individual Directors; and
- :: a code of conduct.

Other Information

The Responsible Entity has a policy of allowing Directors to take reasonable independent legal advice in the furtherance of their duties at the expense of the Fund.

In respect of the year ended 30 June 2009, the Managing Director and the Chief Financial Officer have provided certifications to the Board in relation to the presentation of the financial reports and the operation of the risk management and internal control system.

The Responsible Entity did not perform a performance evaluation of the Board and its members during the year ended 30 June 2009.

Remuneration of the non-executive Directors of the Responsible Entity are reviewed by the executive Directors of the Board. The Responsible Entity does not have any schemes for retirement benefits, other than statutory superannuation, for non-executive Directors.

In accordance with the ASX Continuous Disclosure requirements, the Responsible Entity ensures that price sensitive information is released to the market on a timely basis. Additional information regarding the operation of the Fund can be found at www.cvc.com.au.
