
CLEVER COMMUNICATIONS AUSTRALIA LIMITED

ASX RELEASE (ASX CODE: CVA)

Friday 4 December 2009

FOR IMMEDIATE RELEASE

Clever repays half debt and flags full repayment in May 2010

Clever Communications Australia Ltd ("Clever") announced today that it had reduced its bank debt by \$1m from cash reserves and operating cash flow.

The Company intends to pay off all remaining debt at the next bill rollover date in May 2010. Funds for this repayment already exist in a term deposit account and from the proceeds of the recent part sale of the Company's investment in BigAir Group Limited.

Clever intends to retain a \$2m line of credit with ANZ Banking Group Ltd.

Investor Information : Mr Scott Carter, Managing Director (0425 804 040)

Information about Clever Communications Australia Limited

Clever Communications Australia Limited (Clever) is one of Australia's largest fixed wireless broadband carriers and provider of managed communications solutions. Clever owns and operates one of Australia's largest fixed wireless networks across Melbourne, Sydney, Brisbane and Adelaide.

Clever provides high speed data and voice solutions to support Internet, Virtual Private Networks, Voice over IP, Redundancy, Short-term deployment and mission-critical business applications. Clever sells its products and services both directly to businesses and indirectly through a national network of partners.

Clever operates a carrier-diverse, high-availability internet protocol (IP) network that interconnects with Australia's major telecommunication carriers under wholesale supply agreements to deliver tailored data and voice solutions across the business, education and health sectors.
