Convertible Note / Director Changes

Modena Resources Limited ("Modena") has reached agreement for the issue of secured convertible notes ("Notes") with a face value of \$2,500,000, for the purpose of providing funds for ongoing participation of the company's working interest in the Bullseye Prospect and for additional working capital. The issue of the Notes has been made to sophisticated/exempt investor(s) pursuant to section 708 of the Corporations Act.

The principle terms of the Notes are as follows:

- (ii) Convertible into ordinary fully paid shares at an issue price determined as the lesser of:
 - (a) 25 cents per share; or
 - (b) the price that is 80% of the volume weighted average market price of the company's ordinary fully paid shares calculated over the last 30 days on which sales were recorded before the date of conversion and issue.
- (iii) Subject to the Corporations Act, ASX Listing Rules and shareholder approval, if necessary, convertible, in whole or part, by the Noteholder at any time from the date of issue and prior to the Redemption Date. The Company undertakes to seek shareholder approval to the issue of the Convertible Notes under Listing Rule 7.4 at its next shareholders meeting;
- (iv) Shares issued upon conversion of any Note will carry standard rights applicable to quoted ordinary shares in the Company and will, from the date of issue, rank equally with fully paid ordinary shares currently on issue;
- (v) Interest rate – 12% per annum;

- (vi) The company does not intend to list the Notes for quotation on ASX and it is not obligated to do so;
- (vii) The Notes shall not provide for any voting rights at shareholder meetings of the Company;
- (viii) Unless converted or redeemed during the term, the Notes will be redeemed at the Redemption Date at the face value of the Notes (plus accrues interest unless the Noteholder elects to be paid the accrues interest in cash); and
- (ix) The Notes will be secured by way of Deed of Charge against the net cash flow from Modena's farm-in to and participation in the Bullseye Prospect, otherwise the Noteholder will rank equally with all other unsecured creditors of the Company. The charge created by the Deed shall operate as a floating charge over the charged property.

In conjunction with the issue of the secured convertible notes, the Company will issue 10,000,000 ordinary fully paid shares to the noteholder(s), in consideration for provision of the convertible note facility.
