Announcement to Australian Securities Exchange Limited

MIKOH - Sun Chemical Joint Marketing Agreement

11 March 2009

Further to MIKOH's ASX announcement of 6 November 2008, the company is pleased to confirm it has entered into a Memorandum of Understanding (MOU) with Sun Chemical (Sun) regarding the marketing and sale of MIKOH's security technologies by Sun and of Sun's brand protection technologies by MIKOH.

Under the MOU, Sun and MIKOH will each conduct a 90-day feasibility assessment to determine the fit of each other's product offerings in their respective target markets. If the outcome of the assessment is favourable, MIKOH and Sun expect to enter into a comprehensive Market Development Agreement. During the feasibility assessment Sun will focus on several of its existing high-volume market segments, including the pharmaceutical industry, while MIKOH's focus will be on government and military applications.

Matt Blomfield
Managing Director

About MIKOH:

MIKOH Corporation Limited is a leading provider of physical security and digital marking solutions and consulting services. The company works with customers to design and implement physical security solutions to track, seal and/or monitor valuable assets. Both RFID and non-RFID in nature, MIKOH solutions align proper business processes and labeling technologies to ensure assets are effectively managed with certainty.

MIKOH's Smart&Secure tamper-evident technology provides physical security certainty for RFID tags. Physical security for RFID is vital in applications where the compromise of sensitive assets results in commercial and/or revenue loss. These applications include government asset tracking, vehicle identification, pharmaceutical distribution and more. Smart&Secure is flexible, scalable and easily integrates into any RFID system.

MIKOH has offices in Melbourne and Sydney in Australia, and McLean, VA and New York, NY in the USA. For more information, visit the company's website at <http://www.MIKOH.com>.

About Sun: Sun Chemical, a member of the DIC group, is the world's largest producer of printing inks and pigments and a leading provider of materials to packaging, publication, coatings, plastics, cosmetics, and other industrial markets. With annual sales over \$4 billion, Sun Chemical has over 11,000 employees supporting customers around the world.

Sun Chemical Corporation is a subsidiary of Sun Chemical Group B.V., the Netherlands, and is headquartered in Parsippany, New Jersey, U.S.A.
