\$51m contracts for Rapley Wilkinson

Nomad Building Solutions Limited (NBS) advises that its wholly owned subsidiary, Rapley Wilkinson Pty Ltd has been awarded contracts valued at \$51m, completing a very successful 3 month tendering period culminating with the awarding of the construction of the new \$18m Karratha Primary school for the Western Australian State Government.

In addition to the above contract other work won includes renovations and new work for Local, State and Federal Government agencies (\$13m), resource companies (\$13m) and private clients (\$7m).

All projects are located throughout the Gascoyne, Pilbara and Kimberley regions of North West Western Australia.

Work has commenced on a number of these projects and is programmed to continue until October 2010. Approximately 80% of the revenue from the contracts will be realised in the 2009/2010 financial year.

NBS' Managing Director, Alan Thomas, said award of these contracts was an excellent result for Rapley Wilkinson and evidence of the full range of services that the business offers.

"Rapley Wilkinson's name has been synonymous with construction in regional WA for more than 30 years. The variety, range and nature of these contracts are evidence of the diverse skill set within the Rapley Wilkinson business."

Other companies in the Nomad group include the Western Australian and Queensland based modular construction specialist Nomad Modular Building, the transportable homes manufacturer McGrath Homes, and Brisbane-based factory constructed home specialist Halley Homes.
