TO THE CREDITOR AS ADDRESSED:

Dear Sir/Madam

SWISH DIGITAL SPARK PTY LTD
(Administrators Appointed)
A.C.N. 128 461 325

As advised in my Notice to Creditors dated 28 August 2009, David J Lofthouse and I were appointed Joint and Several Administrators of the above company on 26 August 2009 pursuant to a resolution of the company's directors in accordance with the provisions of Section 436A(1) of the Corporations Act 2001 ("the Act").

On 7 September 2009, the first meeting of creditors confirmed our appointment as Joint and Several Administrators however a committee of creditors was not formed.

On 18 September 2009, an application was made in the Supreme Court of Victoria ("the Court") for an extension of the convening period. The Court subsequently made an Order extending the convening period for the convening of the second meeting of creditors to be on or before 17 December 2009. As a result, the meeting of creditors must be held no later than 24 December 2009.

The second meeting of creditors has now been convened for Thursday, 19 November 2009 at the offices of CJL Partners, Level 17, 200 Queen Street, Melbourne, 3000 at 11.00am to consider the proposed resolutions to be put under the provisions of Section 439C of the Act.

The following documents are enclosed.

1. Notice of Meeting pursuant to Section 439A(3)(a) of the Act.
2. The agenda for the meeting.
3. Appointment of Proxy Form.

This form will enable you to appoint another person to act on your behalf at the meeting. **It is important to note that a corporate creditor can only be represented by proxy or by a representative appointed, and any proxy lodged on behalf of a corporate creditor must be executed either under Common Seal, using a Power of Attorney or in accordance with the company's constitution.**

4. Proof of Debt for Voting Purposes.

Please ensure that you complete this form if you wish to participate in the meeting, as a person is not entitled to vote as a creditor at the meeting unless particulars of the debt or claim are provided to the Joint and Several Administrators prior to the scheduled meeting. This proof of debt form is for voting purposes only.

5. A statement by me, as Joint and Several Administrator of the company, as to whether it is in creditors' interests for:

- the company to execute any proposed Deed of Company Arrangement;
- the administration to end; or
- the company to be wound up.

and the reasons for such opinion.

I note that should creditors resolve to accept the terms of the proposed Deed, creditors are entitled to seek the appointment of an alternate Deed Administrator to David J Lofthouse and myself, if another person is nominated at the meeting or any adjournment therein. Conversely, should creditors resolve to place the company into liquidation, creditor may also seek to appoint an alternate liquidator, if another person is nominated.

If no other nomination for a replacement Deed Administrator or Liquidator (as applicable) is received at the meeting, the company's creditors will be taken to have appointed David J Lofthouse and myself as the Joint and Several Deed Administrators or Liquidators (as applicable) of the company.

8. A Remuneration Report which incorporates the following:

- description of work completed and / or to be completed from the beginning of our appointment to the end of the voluntary administration together with a summary of our proposed remuneration, which creditors will be invited to approve and fix at the forthcoming meeting;
- CJL Partners Scale of Fees and Insolvency Experience Classification Form; and
- summary of work that we anticipate will be required should creditors resolve to accept the terms of the proposed Deed of Company Arrangement or conversely, place the company into Liquidation and our proposed remuneration in relation to same.

9. Australian Securities and Investments Commission ("ASIC") Information Sheet.

Please note the Proof of Debt and Proxy Forms should be lodged with this office prior to the meeting. These forms may be lodged via **facsimile on (03) 9670 4435** however in accordance with Regulation 5.6.36A of the Act, the original signed copy of the Proxy Form must be lodged with my office within seventy two (72) hours of the lodging of the faxed copy. **All Proof of Debt and Proxy forms are to be returned to this office by 5.00pm on Wednesday, 18 November 2009.**

Should you have any queries regarding this matter, please contact either Mr Adrian Warry or Ms Lauren Graham of this office.

Yours faithfully

A handwritten signature in black ink, appearing to read 'R. Cauchi', written in a cursive style.

1. SUMMARY

This summary is to assist creditors in reading and understanding this report. It is important that creditors do not solely rely upon this summary in deciding how they will vote at the upcoming meetings. Creditors should read the entire report to fully understand the current financial position of the Swish Group of companies and the information upon which we have formed our opinion.

Numerous proposals for the companies to enter into a Deed of Company Arrangement have been received. Our comments with respect to the proposal received are addressed in Section 3 of this report.

At the forthcoming meetings of each company within the Swish Group of Companies creditors may resolve that:

1. The companies enter into a Deed of Company Arrangement ("Deed").
2. The companies be placed into liquidation.
3. The Voluntary Administrations should end, with control reverting back to the companies' directors.

Based on the terms of the proposal received and our investigations to date, we note that the estimated return to both priority and ordinary unsecured creditors under the terms of the proposal is likely to be greater than that which may be expected in Liquidation. It is our recommendation that creditors give consideration to accepting the terms of the proposed Deed on this basis.

We are unable to advise at this time, whether the Liquidation of the companies is likely to give rise to a greater return to creditors given the uncertainty associated with any recoveries (if any) from any potential rights of action that may exist with respect to voidable transactions, preferences and insolvent trading in each of the individual company's.

A detailed analysis as to the basis of our recommendation is detailed later in this Report (refer to Section 17 and 18).

2. APPOINTMENT

David James Lofthouse and I were appointed Joint and Several Administrators of each of the companies within The Swish Group of Companies on 26 August 2009. This followed on from a resolution of the each company's board of directors in accordance with the provisions of Section 436A(1) of the Corporations Act 2001 ("the Act") that in their opinion, each company was insolvent or likely to become insolvent at some future time.

The first meetings of creditors of the companies were held on 7 September 2009 in accordance with Section 436E of the Act. At those meetings, Committees of Creditors were not formed, except for Swish Telecommunications Holdings Pty Ltd (Administrators Appointed) where a Committee of Creditors was formed.

On 18 September 2009 an application was heard in the Supreme Court of Victoria for an extension of the convening periods for holding of the second meetings of creditors of The Swish Group of Companies. Pursuant to the orders made, the convening periods were extended to 17 December 2009. As a result, the second meetings must be convened prior to 17 December 2009.

Second meetings of creditors have been convened for Thursday, 19 November 2009. A formal notice of meeting and a Proof of Debt for Voting Purposes and an Appointment of Proxy form accompany this report.

3. OBJECT OF LAW

Section 435A of the Act sets out that the objective of the Voluntary Administration Scheme are:

"to provide for the business, property and affairs of an insolvent company to be administered in a way that:

- (a) Maximises the chances of the company, or as much as possible of its business, continuing in existence; or*
- (b) If it is not possible for the company or its business to continue in existence – results in a better return for the company's creditors and members than would result from an immediate winding up of the company."*

The contents of this report and our recommendations have taken into consideration the objectives of the Voluntary Administration process as set out under the Act.

4. LIMITATIONS INHERENT

This report has been prepared on the basis of the following:

- The information contained within the books and records of the companies;
- Information provided by the directors of The Swish Group of companies; and
- Our own investigations.

Given the nature of this report and in particular, the limited timeframe within which we have undertaken our investigations, we have not verified all the information therein, nor have we conducted an audit of the company's records and financial information to hand.

5. DECLARATION OF INDEPENDENCE, RELEVANT RELATIONSHIPS AND INDEMNITIES

Independence

We note that our initial contact with the director(s) of the Swish Group of companies occurred on 24 August 2009 at which time a meeting was held to discuss the options available to the companies in respect to its present financial circumstances.

We also had contact with the directors of two related entities within The Swish Group of Companies, being Swish Films Pty Ltd and Swish MG Distribution Pty Ltd in June 2009 regarding the financial circumstances of these companies. We were appointed Voluntary Administrators of both of these entities on 26 August 2009.

We undertook an assessment, prior to our appointment, which identified no real or potential risks to our independence and as such, we are not aware of any reasons that prevented us from accepting our appointments as Voluntary Administrators.

Relevant Relationships

Neither we, nor any of our Partners or staff have had, within the preceding twenty four (24) months, any relationship with the Swish Group of Companies, an associate of the Swish Group of Companies, a former insolvency practitioner appointed to the Swish Group of Companies (where relevant) or any person or entity that has a charge on the whole or substantially the whole of the property (undertaking) of the Swish Group of Companies.

We confirm that our appointments came about by way of a referral from the Swish Group of Companies advisors.

Prior Engagements with the Company

We have not undertaken any prior engagements for the Swish Group of Companies.

Indemnities

We have not been indemnified for the conduct of the Voluntary Administrations, other than by way of the indemnity we may be entitled to under the Act.

6.2 Background

The Swish Group Ltd (Administrators Appointed)

The company operated as the parent entity for approximately nine (9) subsidiaries operating in the digital media and sales and marketing industries and it provided shared services, including administrative functions and accounting service functions for the subsidiaries of the group.

Swish Amphead Pty Ltd (Administrators Appointed)

On 24 April 2006 the Swish Group acquired fifty-one (51) per cent of the assets of Amphead Entertainment Group Pty Ltd with a new entity established known as Swish Amphead Pty Ltd. The shares structure being fifty-one (51) per cent owned by the Swish Group and forty-nine (49) per cent owned by Amphead Entertainment Group Pty Ltd.

On 12 December 2006 the Swish Group purchased the remaining forty-nine (49) per cent interest in Swish Amphead from Amphead Entertainment Group Pty Ltd and as a result is a wholly owned subsidiary of the Swish Group.

Swish Amphead contracted with independent artists to produce and sell music, both online and in retail stores, and related services, including band promotion throughout Australia, New Zealand, The Pacific, South East Asia and India.

Swish Digital Signage Pty Ltd (Administrators Appointed)

Swish Signage is a wholly owned subsidiary of the Swish Group and conducted a point of sale digital television network in doctor's surgeries, known as "Good Health TV", and in retail pharmacies throughout Australia known as "Pharmacy TV". The company obtained advertisers and produced advertising for display on televisions installed by the company at the various locations. Income was generated from the sale of advertising space on the advertising reel, which was displayed on the television.

Swish Films Pty Ltd (Administrators Appointed)

Swish Films is a wholly owned subsidiary of the Swish Group and operated a feature film production business, particularly of the genre known as "Bollywood Films". We understand that Swish Films has not produced a film for approximately twelve (12) months.

Swish TV Pty Ltd (Administrators Appointed)

Swish TV is a wholly owned subsidiary of the Swish Group and was contracted as a Vodafone dealer to sell Vodafone telecommunication products. We understand that the agreement was terminated by the parties prior to our appointment.

Swish TV had recently commenced streaming television programs on-line through the internet known as 'Moonlight TV'. I understand that as at our appointment this service was off line.

Swish Torque Communications Pty Ltd (Administrators Appointed)

On 23 June 2006 the Swish Group acquired fifty-one (51) per cent of the assets of Torque Communications Pty Ltd with a new entity established known as Swish Torque Communications Pty Ltd. The shares structure being fifty-one (51) per cent owned by the Swish Group and forty-nine (49) per cent owned by Torque Communications Pty Ltd.

Swish Torque had dealer contracts with Vodafone and Primus to sell their telecommunication products.

Swish Digital Spark Pty Ltd (Administrators Appointed)

Swish Spark is a majority owned subsidiary of the Swish Group with fifty-one (51) per cent owned by the Swish Group and forty-nine (49) per cent owned by Digital Spark Pty Ltd (In Liquidation). We note that Digital Spark Pty Ltd (In Liquidation) was placed into Liquidation on 26 February 2009.

Swish Spark contracted with a major retail pharmacy chain to provide a point of sale digital television network in their stores throughout Australia. The company obtained advertisers and produced advertising for display on plasma and LCD televisions screens installed by the company at numerous locations. Income was generated from the sale of advertising space on the advertising reel, which was displayed on the television.

Swish Digital Media Pty Ltd (Administrators Appointed)

Swish Media is a wholly owned subsidiary of the Swish Group and contracted with a set top box distributor to sell set top boxes in order to convert a television from analogue to digital.

Swish MG Distribution Pty Ltd (Administrators Appointed)

On 24 April 2006 the Swish Group acquired fifty-one (51) per cent of the assets of MG Distribution Management Pty Ltd and MD Distribution NZ Ltd with a new entity established known as Swish MG Distribution Pty Ltd. The shares structure being fifty-one (51) per cent owned by the Swish Group and forty-nine (49) per cent owned by MG Distribution Management Pty Ltd.

Swish MG was engaged as a distributor of Indian films, receiving distribution income for films screened in Australia.

Swish Telecommunications Holdings Pty Ltd (Administrators Appointed)

On 27 February 2009 the Swish Group acquired all the assets of VBS Australia Pty Ltd ("VBS") and Weconnect Pty Ltd ("Weconnect") with a new entity established known as Swish Telecommunications Holdings Pty Ltd.

VBS and Weconnect held dealer contracts with Country Energy, Jack Green Energy, Vodafone and Plan Australia when the Swish Group acquired their assets. Since the acquisition Swish Telecommunications had been negotiating the assignment/transfer of those contracts from VBS and Weconnect pursuant to the sale agreement between the parties. As at our appointment, a formal assignment of the Plan Australia contract had eventuated.

On 29 October 2009 VBS Australia Pty Ltd and Weconnect Pty Ltd were placed into Liquidation and that Mr S. Dixon and Mr L. Fitzgerald of BDO Kendalls were appointed the Joint and Several Liquidators.

Swish Telecommunications conducted door to door and telephone sales of the assorted products of Country Energy, Jack Green Energy, Vodafone and Plan Australia.

Prior to our appointment the directors of the Swish Group of Companies sought independent advice regarding the future of the Swish Group of Companies and the options available to them. As a consequence of this advice, they were of the opinion that the affairs each of the Swish Group of Companies would be best dealt with through the Voluntary Administration process and as such, David J Lofthouse and I were appointed Joint and Several Voluntary Administrators of each company on 26 August 2009.

We advise that a Report as to Affairs ("RATA") for each of the Swish Group of Companies were received from Mr Cary Stynes, a director of each company within the Swish Group of Companies on 4 September 2009.

6.3 Reasons for the Companies' Current Financial Position

The director(s) has provided the following reasons for the Swish Group of Companies failure:

- Dispute with the landlord of the Richmond premises with respect to leasing terms resulting in company being locked out of the premises.
- Crystallization of debts in digital signage business.
- Inability to meet staff wages and contractors fees in the final week resulting in them refusing to work until paid.
- Inability to procure capital injection in the required timeframe.

We believe that the comments made by the directors as to the reasons for the failure of the Swish Group of Companies appear to be correct.

6.4 Books and Records

We are in receipt of sufficient books and records of the Swish Group of Companies which have enabled us to conduct preliminary investigations into the Swish Group of Companies affairs, in order to provide this report to creditors.

We believe that the Swish Group of Companies records were adequately maintained, except for the completion of all the appropriate journal entries with respect to the inter company loan accounts to accurately reflect all inter company transaction within the group as at our appointment. From our investigations it appears that these journals were completed on a quarterly basis and had been prepared up to 30 June 2009 and that quarter ending 30 September 2009 were to be completed shortly thereafter.

The directors of the Swish Group of Companies have provided us with sufficient books and records held by them and we have also contacted the Swish Group of Companies former and current accountants and auditors in order to recover the remainder of the records.

From the records we have recovered and from our discussions with the company's director(s) and external accountant, it would appear that the company has kept adequate books and records.

7. PROPOSAL FOR A DEED OF COMPANY ARRANGEMENT

Numerous interest was received from the general public for proposals for a Deed of Company Arrangement. An information memorandum was prepared for distribution to those interested parties upon execution of a confidentiality agreement. Interested parties were given to 4.00pm on 9 October 2009 to put forward their proposals for a Deed of Company Arrangement. As a result five (5) proposals for a Deed were received by us.

I have undertaken an analysis of the proposals and the proposal which represents the greatest return to creditors will be put forward for your consideration.

Subject to a resolution of creditors, the proposal submitted provides for the following:

A proposal for the company to enter into a Deed was received from Planet W Pty Ltd ("Planet W").

The proposal submitted provides for the following:

1. That The Swish Group Limited and all of its associated entities company enter into a Deed to enable for the recapitalization of the Swish Group of Companies.
2. That Planet W will remit the sum of \$450,000 to the Joint and Several Deed Administrators. The sum is contingent upon creditor's approval of the terms of the Deed and shareholders approval being obtained at a shareholders meeting to be called to approve the transaction.
3. That in addition to the cash sum, Planet W will procure that the company issue to the Joint and Several Deed Administrators, or an entity nominated by them, to hold 100,000,000 fully paid ordinary shares on behalf of the creditors at an issue price of \$0.001 cents (or such other number in the event of a consolidation of the share capital of Company). The issue of shares sum is contingent upon creditor's approval of the terms of the Deed and shareholders approval being obtained at a shareholders meeting to be called to approve the transaction. The shares are to be held in escrow by the Joint and Several Deed Administrators, on behalf of the creditors, for a period of ninety (90) days from the date of the issue of those shares or at an earlier date by agreement. The company will assist the Joint and Several Deed Administrators in finding a purchaser at the conclusion of the escrow period at a price equivalent to a 20% discount of the then current market price, but not less than \$0.001 cents or the equivalent amount in the case of a reconstruction of the share capital of the company.
4. That David James Lofthouse and Richard John Cauchi ("Administrators") be the Joint and Several Deed Administrators ("Deed Administrators") of the Deed.
5. Upon execution of a Deed, Planet W Pty Ltd with the approval of the existing Board of Directors, will appoint so many new directors to the Board of directors so that it represents a majority of the Directors on the Board of Directors.
6. That the Joint and Several Deed Administrators shall not be involved in or in any way responsible for the management of the company, except to the extent necessary to perform their duties under the proposed Deed and to achieve the objectives of the Deed. The day to day control and all statutory obligations of the company will revert to Planet W upon execution of the Deed.

7. That the Joint and Several Administrators have terminated all executives and staff of The Swish Group of Companies.
8. That CPS Holdings Pty Ltd and/or Cary Stynes and Furneaux Equities Limited, whilst maintaining their voting rights, will not participate in any distribution under the proposed Deed with respect to any priority and/or unsecured claims pursuant to the provisions of the Corporations Act 2001 ("the Act").
9. The Deed Administrators are to utilise the Deed Funds to provide for the following:
 - (i) Any amounts required by the Joint and Several Administrators / Joint and Several Deed Administrators in order to fully discharge any liabilities, expenses and costs associated and incurred in the conduct of the Voluntary Administration and the Deed;
 - (ii) The remuneration of the Joint and Several Administrators / Joint and Several Deed Administrators of the Deed (as approved by creditors) and any other expenses and costs incurred therein;
 - (iii) Outstanding priority (employee) claims in the order of priority as set out pursuant to Section 556 of the Act; and
 - (iv) The balance of the remaining Deed Fund is to be distributed to the provable admitted claims of participating unsecured creditors on a pari passu basis (except for non participating creditors).
10. The Joint and Several Administrators / Joint and Several Deed Administrators are entitled to be indemnified from the Deed Funds, to defend any proceedings in relation to the Deed, including payment of all fees and disbursements incurred in any legal proceedings and any legal costs or any orders obtained by the Joint and Several Administrators and/or the company with respect to any proceedings.
11. The Deed must be executed within fifteen (15) business days after the second meeting of creditors (or at any other adjournment of that meeting in which creditors resolve to accept the terms of the proposed Deed).
12. The provisions of Schedule 8A of the Act will not apply to the proposed Deed, other than for:
 - Clause 2 (which concerns powers of administrators);
 - Clause 9 (which concerns meetings); and
 - Clause 10 (which concerns lodging of accounts).
13. The proposal is to be in full and final settlement of any and all claims of the Swish Group of Companies creditors, with the exception of the claims of related parties and excluded creditors.

POOLING OF ASSETS AND LIABILITIES OF THE SWISH GROUP OF COMPANIES

The proposal for a Deed submitted by Planet W allows for a single lump sum payment to enable the recapitalization of The Swish Group Ltd and all of its subsidiaries. As a result it will be necessary for a pooling of the assets and liabilities of the Swish Group of Companies.

In the event that creditors of each of the Swish Group of Companies resolve to accept the terms of the Deed as submitted by Planet W and the subsequent pooling, the assets and liabilities of the Swish Group of

Companies will be transferred into a pooled fund by way of each of the Swish Group of Companies agreeing to same by executing a Deed of Assignment and Novation.

The assets and liabilities of the Swish Group of Companies will then be pooled into a single fund against which all creditors of the Swish Group of Companies would be entitled to claim. Given that the affairs of each of the companies within the Swish Group of Companies are intertwined, the pooling of assets in my view is necessary as it provides for the most equitable and practical means in dealing with employee entitlements and unsecured creditors claims.

In my view, a pooling proposal is appropriate for the following reasons:

- Each of the Swish Group of Companies operated separate bank accounts however funds appear to have been drawn from which ever accounts had cleared funds at the time to discharge supplier accounts and other trade liabilities of the Swish Group of Companies.
- Funds were transferred between the Swish Group of Companies as and when required and appropriate journal entries were prepared to account for the movements in the loan accounts between the companies. These loan accounts should net out to zero in the respective asset and liability accounts of the company's within the group. Whilst each of the Swish Group of Companies held separate bank accounts, the Swish Group of Companies effectively pooled all available funds for the operations of the business. We have undertaken a review of the asset and liabilities loan accounts between the Swish Group of Companies and a discrepancy exists between the asset and liability loans accounts within the Swish Group of Companies as at our appointment.
- It appears that that up to and including 30 June 2009 all payroll transactions for all the employees of the Swish Group of Companies were entered in the management accounts of Swish Group, except for Swish Telecommunications Holdings Pty Ltd which appears to have accounted for its payroll transactions separately from its inception. From 1 July 2009 the payroll transaction for the employees began being entered in the management accounts of the Swish Group and some of its subsidiaries. The directors have indicated to us that it was to reflect the payroll transactions of the employees in the company in which they were employed.
- From our investigations of the employee files of the Swish Group of Companies it appears that, in some cases, the employer appears to have been The Swish Group Ltd whilst in other documents it appears to have been one of the subsidiaries. A determination as to which companies within the group employed the staff has not been capable of being completed.

In the event that pooling of assets and liabilities was not completed, I would be required to rebuild the loan accounts, as well as determine which companies employed the staff and from that reconcile the outstanding employee entitlements, in particular, superannuation from the date of registration for each company. I do not believe that this is in the best interests of creditors for the following reasons:

- Time involved to investigate and rebuild the loan accounts and reconcile employee entitlements would delay any distribution to creditors considerably as compared to pooling of the assets and liabilities in a Deed.

- Costs involved to investigate and rebuild the loan accounts and reconcile employee entitlements would result in a considerable reduction in the balance available for distribution with the probable outcome of no distribution to ordinary unsecured creditors.

In summary, the benefits from pooling assets through a Deed are as follows:

- No requirement to recreate intercompany loan accounts resulting in lower administration costs. The cost benefit of carrying out this exercise does not enhance the position of the creditors;
- No requirement to investigate employment issues and reconcile employee entitlements, particularly superannuation;
- No requirement to allocate assets to individual companies resulting in lower administration costs; and a
- More equitable treatment of creditors.

Given that the outcome of the proposed Deed is for the recapitalisation of The Swish Group Ltd and all of its associated entities, it appears that the substantive provisions will not come into effect unless and until:

- (a) each company in the Swish Group of Companies executes and agrees to become bound by the Deed;
- (b) Each company in the Swish Group of Companies has assigned or procured the assignment by each company of all its assets to Planet W in accordance with the Deed of Assignment and Novation;
- (c) The Swish Group of Companies have procured all the liabilities of each company which arose prior to 26 August 2009 in accordance with the Deed of Assignment and Novation.

In the event that creditors resolve that the companies be wound up, I also consider pooling to be the most appropriate course of action in a Liquidation scenario for all of the reasons outlined above.

As the affairs of the Swish Group of Companies are intermingled or inextricably mixed together in circumstances where it can be said that creditors have been dealing with a commercial or corporate group, it is appropriate that in a liquidation or administration situation that the assets and liabilities of the companies in the group be pooled. Although such a concept may affect the rights of creditors and intrudes into the principle that in an insolvency situation the unsecured creditors of a company are entitled to a rateable or a proportionate share of the assets of their particular debtor, in a situation of intermingling of assets and liabilities some creditors may be substantially disadvantaged whereas other creditors may be significantly advantaged by a pooling situation with respect to potential returns to creditors in each individual company.

From our investigations to date it appears that given the extent of the realisable assets of each of the companies, the costs that are likely to be incurred in reconciling the loan accounts and determining which companies employed the staff and the extent of priority claim against the companies, I do not envisage that a dividend will be paid to any class of creditor, and as such, I do not anticipate any class of creditor being advantage or disadvantaged by the pooling of the companies.

A comparison of the estimated return to creditors under the above Deed proposal versus that which may be anticipated should the company be placed into liquidation is set out later in this Report.

8. FINANCIAL POSITION

An extract of the Swish Group of Companies un-audited financial accounts for the year ended 30 June 2008, together with the Swish Group of Companies un-audited internal management accounts (obtained from its MYOB system) for the period 30 June 2009 and 26 August 2009 are annexed to this report.

In order to conduct our preliminary investigations into the Swish Group of Companies financial affairs, reliance has been placed upon the information contained in the available books and records together with the information detailed in its unaudited management accounts. It is noted that we have not verified the accuracy of the information provided nor have we undertaken an audit of the Swish Group of Companies books and records/ financial accounts.

The directors have advised that the Swish Group of Companies internal bookkeeper maintained the management accounts up until August 2009.

On the basis of the information in our possession, we have summarised the Swish Group of Companies financial position as shown in Appendix "B" and made relevant comments regarding same.

10. REPORT AS TO AFFAIRS

Pursuant to Section 438B(2) of the Act, the directors of each of within the Swish Group of Companies in administration are required to provide the Joint and Several Administrators with a Report as to Affairs ("RATA") within five (5) business days from the date of the Joint and Several Administrators' appointment. A RATA is a summary of each company's financial position as at the date of the appointment of an Administrator. This summary details of each companies assets and liabilities on both a book value and realizable value basis.

Detailed below are schedules of the assets and liabilities of the Swish Group of Companies based on the RATA as completed by Mr. Cary Stynes, one of the directors of the Swish Group of Companies as at the date of our appointments. We have also included what we believe to be the book and realizable values of the assets based on our investigations and formal valuations (where applicable).

10.1 The Swish Group Ltd (Administrators Appointed)

	Report Section	Book Value \$	Realisable Value \$	Administrators' Realisable Value \$

10.1.1 Sundry Debtors

The RATA discloses receivables with a book value of \$11,670. The directors attribute that these debts have no realizable value. Based upon our investigations to date, we note the following:

- One of the debts totaling \$3,003 has been outstanding for greater than 90 days; and
- The balance of the debts appears to be sundry debts which relate to advances made and repayment of debts by the company.

Based upon our investigations to date, it appears that these debts are uncollectible.

10.1.2 Inter-Company Loans

From our investigations it appears that the following amounts are owed to The Swish Group as follows:

Swish Amphead Pty Ltd (Administrators Appointed)	\$671,448.20
Swish Digital Signage Pty Ltd (Administrators Appointed)	\$1,619,677.29
Swish TV Pty Ltd (Administrators Appointed)	\$4,131.89
Swish Torque Communications Pty Ltd (Administrators Appointed)	\$667,809.95
Swish Digital Spark Pty Ltd (Administrators Appointed)	\$33,959.72
Swish MG Distribution Pty Ltd (Administrators Appointed)	\$441,945.01
Swish Group USA Inc.	\$390,804.00

From our investigations to date it appears that funds available within The Swish Group and its subsidiaries were used to meet the debts of the group of companies and loan accounts were created to reflect the transfer of funds within the group. As a result, these loans should net out to zero in the respective asset and liability accounts of each of the company's within the group. The company's internal accountants had not completed the appropriate journal entries to reflect all the transactions within the group as at the date of our appointment. In the circumstances we have been unable to reconcile these accounts.

Furthermore, from our investigations we understand that the loan owed by Swish Group USA Inc. relates to expenses paid on behalf of that company relating to a Bollywood film produced in the United States. We understand that Swish Films Pty Ltd (Administrators Appointed) was engaged to produce the film by an Indian production company, Dharma Productions.

10.1.3 Cash on Hand

The RATA discloses cash on hand totaling \$1,742. Based upon our investigations there was no cash on hand as at our appointment.

10.1.4 Cash at Bank

Our preliminary investigations suggest that the company operated the following bank accounts as at the date of our appointment:

- ANZ cheque account with a credit balance of \$38.24 on our appointment.
- NAB cheque account with a credit balance of \$1,261.17 on our appointment.

10.1.5 Plant and Equipment

The RATA discloses plant and equipment with a book value of \$41,073. Upon our appointment we attended the trading premises of the Swish Group of Companies and it appears that there was no allocation of the plant and equipment to the separate companies. We engaged an independent agent to conduct a formal valuation of all the plant and equipment on our appointment. Based upon the valuation the plant and equipment consists of various office furniture, partitions and assorted computer equipment. Based upon our enquiries, it would appear that the realisable value of the office furniture and computer equipment in question is minimal. Furthermore, it was subsequently brought to our attention that the partitions had not been paid for and were subject to retention of title. Given the costs associated with attempting to relocate and realise same, I advise that we did not propose to deal with these items as there would be no benefit to creditors in this regard.

10.1.6 Other Assets

The RATA discloses other assets as follows:

Capitalised Borrowing Costs	\$56,538.48
Deposits Paid	\$35,053.33
Investments in subsidiary entities	\$520,000.00
	<u>\$611,591.81</u>

The directors state that these assets have no realizable values. Based upon our preliminary investigations to date these amounts represent monies which appear to be uncollectible.

We note that the investments in subsidiaries represent investments in subsidiaries which are also under External Administration.

10.1.7 Secured Creditor

Media Entertainment Pty Ltd ("Media Entertainment")

A search conducted of the ASIC database discloses that the following registered charge is recorded over the company's property:

ASIC Charge Number:	967290
Status:	Registered
Date and Time Registered:	8 August 2003 at 4.11pm
Fixed and Floating:	Both Fixed and Floating
Date Created:	30 June 2003

In relation to Media Capital's registered charge, we make the following comments:

- I understand that Media Capital is an entity of which Mr. Cary Stynes is a director and that Media Capital was the proposer of the Deed of Company Arrangement in 2003.

We have written to Media Entertainment requested details of its registered charge and outstanding debt, if any. As at the date of this report we are yet to receive a response but we understand Media Capital has no monies owed to it.

National Australia Bank Limited ("National")

A search conducted of the ASIC database discloses that the following registered charge is recorded over the company's property:

ASIC Charge Number:	1020542
Status:	Registered
Date and Time Registered:	16 February 2004 at 1.24pm
Fixed and Floating:	Both Fixed and Floating
Date Created:	23 December 2003

In relation to the NAB's registered charge, we make the following comments:

- This charge relates to a cross guarantee on a loan facility provided to Swish MG Distribution Pty Ltd (Administrators Appointed), a wholly owned subsidiary of the company for approximately \$500,000. In approximately June 2009 the facility was paid out from a capital raising by the company.

We have written to the NAB requesting details of its registered charge over the company. As at the date of this report we are yet to receive a response from the NAB.

10.1.8 Priority Claims / Employees

The Act provides for employee entitlements to be given a priority over both unsecured creditors and secured creditors in certain instance.

The RATA discloses outstanding employee entitlements as at the date of our appointment to be in the order of \$246,157.80. This amount is disclosed as follows:

Superannuation	\$203,908.51
Accrued Annual Leave	\$42,249.29

From our investigations of the management accounts it appears that up to and including 30 June 2009 all payroll transactions for all the employees of the Swish Group of Companies were entered in the management accounts of Swish Group, except for Swish Telecommunications Holdings Pty Ltd which appears to have accounted for its payroll transactions separately from its inception. From 1 July 2009 the payroll transaction for the employees began being entered in the management accounts of Swish Group and some of its subsidiaries. The directors have indicated that it was to reflect the payroll transactions of the employees in the company in which they were employed.

As a result, the superannuation balance above represents outstanding superannuation for all employees of the Swish Group of Companies up to and including 30 June 2009, and outstanding superannuation for those employees employed by Swish Group up to and including our appointment. Superannuation entitlements accrued from 1 July 2009 have been entered within the management accounts of the company which we understand employed the staff. A breakdown is as follows:

Swish Group of Companies up to 30/6/2009 and Swish Group from 1/7/2009	\$203,908.51
Swish Amphead from 1/7/2009	\$2,543.98
Swish Torque from 1/7/2009	\$5,264.80
Swish Telecommunications from inception to appointment	\$33,747.78
Total	<u>\$245,465.07</u>

Due to the time constraints and the cost associated we have not undertaken the tasks of reconciling the outstanding superannuation owed by each company up to and including 30 June 2009.

Furthermore, from 1 July 2009 the accrued annual leave balance for all employees that appeared in the management accounts of Swish Group, were disclosed as the opening balances in the management accounts of the entity that employed them. However, it appears that these closing balances in the management accounts of Swish Group have not been written off and as a result the accrued annual leave entitlements of the Swish Group of Companies have been overstated in the management accounts of Swish Group. A reconciliation has been undertaken by us and a breakdown of the total accrued annual leave of the Swish Group of Companies is as follows:

Swish Group	\$11,430.88
Swish Amphead	\$ 8,292.20
Swish Torque	\$28,088.90
Swish Films	\$3,971.21
Swish TV	\$4,972.50

Swish Telecommunications	\$27,637.18
Total	<u>\$84,392.87</u>

From our investigations it also appears that the Swish Group of Companies have unpaid wages as at our appointments. A breakdown of outstanding wages appears to be as follows:

Swish Group	\$12,876.73
Swish Amphead	\$3,561.49
Swish Torque	\$5,934.70
Swish Films	\$0.00
Swish TV	\$0.00
Swish Telecommunications	\$84,035.99
Total	<u>\$106,408.91</u>

Therefore, based upon our investigations the amount owed for outstanding employee entitlements of Swish Group as at the date of our appointment appears to be in the vicinity of \$228,216.12. This amount is disclosed as follows:

Superannuation	\$203,908.51
Wages	\$12,876.73
Accrued Annual Leave	\$11,430.88

However, upon inspection of some of the employee files of the Swish Group of Companies it appears that, in some cases, the employer appears to be The Swish Group Ltd whilst in other documents it appears that the employer was one of the subsidiaries. Therefore, based upon the information available it is difficult for us to determine which company within the group employed the staff.

We note that of the \$228,216.12 disclosed above, approximately \$14,556.60 and \$769.25 relates to outstanding employee entitlements due to a former director (a related party) with respect to superannuation owing and accrued annual entitlements up to and including when he resigned as a director.

Please note that any payments due to the director, former director and/or related parties with respect to wages and superannuation (including superannuation guarantee charge) are limited to a statutory limit of \$2,000 and \$1,500 for leave payments pursuant to Section 556(1A) and Section 556(1B) of the Act respectively.

In light of the above, we note that outstanding employee entitlements (including statutory amounts payable to the directors) of all employees within the Swish Group of Companies may total in the vicinity of approximately \$215,659.52.

We note that the eventual amount due to priority creditors may vary pending receipt of a formal claim from the Australian Taxation Office with respect to the company's Superannuation Guarantee Charge ("SGC") liability and a final assessment of any valid claims with respect to redundancy.

In the event that the company is placed into Liquidation, the General Employee Entitlements and Redundancy Scheme ("GEERS") was introduced by the Federal Government for the purpose of providing employees of incapacitated entities with the ability to claim their entitlements where it is likely that insufficient monies will be realised in the liquidation to provide for payment of same. An employee may be eligible under GEERS to receive payment of their employee entitlements for unpaid wages, annual leave, long service leave, payment in lieu of notice and redundancy pay, where applicable, up to a maximum wage capped at \$108,300.

I note however that pursuant to clause 7d of the GEERS Operational Arrangements an employee of an incapacitated entity must be entitled to reside permanently in Australia to be eligible to receive assistance from GEERS for payment of their employee entitlements as outlined above. We understand that if you are not an Australian resident then an employee will be ineligible to receive GEERS assistance. As at the date of this report we have been unable to determine the number of former employees that may be affected by same.

10.1.9 Leases / Hire Purchase Agreements

i. Premises

The company was guarantor for leased premises occupied by Swish Telecommunications Holdings Pty Ltd (Administrators Appointed) located as Suite 604, Level 6, 46-46 Kippax Street, Surrey Hills, New South Wales and 60 Berwick Street, Fortitude Valley, Queensland.

Furthermore, the company occupied the premises located at Level 1, Building 6, Rosella Complex, Palmer Parade, Richmond, Victoria. The company was in negotiations with the landlord to take assignment of the lease on the premises from the current tenant.

Following our appointment, we gave notice to the landlords that we did not propose to exercise rights to the premises under the agreements.

ii. Rental Agreements

The company was guarantor of rental agreements entered into by Swish Digital Signage Pty Ltd (Administrators Appointed) with Continental Purchasing Group ("CPG") and Mr Rental Australia Pty Ltd ("Mr Rentals") with respect to the provision of television screens and television/DVD combo units respectively.

As a consequence of our appointment, we provided both CPG and Mr Rentals with notification of our intention not to exercise the company's rights to the rental property in question.

At this stage, the quantum of CPG's and Mr Rentals' claim against The Swish Group as guarantor, if any, is unknown. We note that should a shortfall arise under the agreements, if any, any claim will rank as an unsecured claim in the Administration of Swish Digital Signage Pty Ltd (Administrators Appointed).

iii. Leases

The company was the guarantor of a finance agreement ("agreement") between Swish Digital Spark Pty Ltd (Administrators Appointed) and Westpac Banking Corporation Limited ("Westpac") with respect to plasma and LCD screens and assorted equipment.

Based upon our preliminary enquiries, the payout under the agreement exceeds the likely realisable value of the screens in question. As such, following our appointment we gave notice to Westpac that we did not propose to exercise rights to the property under the agreement.

10.1.10 Unsecured Creditors

Based on information contained in the Report as to Affairs ("RATA"), together with our review of the company's books and records and our own investigations to date, it would appear that there are sixty-five (65) ordinary unsecured creditors with claims totaling in the vicinity of \$2,272,635.92.

The company's five (5) largest ordinary unsecured creditors are noted as follows:

Creditor Name	Amount
Furneaux Capital Subscription Fund	\$253,055.41
CPS Holdings Pty Ltd	\$482,791.00
Computer Consultants Pty Ltd	\$221,826.60
Swish Films Pty Ltd	\$217,823.54
Swish Telecommunications Holdings Pty Ltd	\$127,844.45

We note however that the directors dispute the entire claim made by Computer Consultants Pty Ltd.

We note that CPS Holdings Pty Ltd claim is based upon the Executive Service Agreement being for a fixed term of three (3) year with a twelve month written notice termination period. The agreement was not due to expire until 30 June 2010.

The eventual amount due to unsecured creditors may vary pending the receipt of any additional claims and the formal adjudication of all claims lodged within the administration.

10.1.11 Provisions Against Inter-Company Balances

As stated previously, from our investigations the company's records disclose inter-company loans owing to the company totaling \$3,829,776.06.

I note that the financials include an account styled "Provisions against Inter-company balances" which appears to represent general ledger entities for provisions against these balances.

10.1.12 Contingent Creditors

As stated previously, Swish Group appears to have guaranteed numerous agreements executed by its subsidiaries. We advise that the quantum of those claims are yet to be determined at the date of this report and may represent unsecured claims in this Administration for any shortfalls that eventuate.

We note that the eventual amount due to unsecured creditors may vary pending receipt of formal claims.

10.1.13 Liability of Holding Company for Insolvent Trading by Subsidiary

As stated previously, The Swish Group is the holding company of approximately nine (9) subsidiary entities, either wholly owned or majority owned subsidiaries.

Pursuant to Section 588W of the Act a Liquidator, if one is appointed, may have a claim against The Swish Group for debts incurred by its subsidiaries for insolvent trading. Pursuant to Section 588V, The Swish Group is deemed to be in contravention of this section if at the time there are reasonable grounds to suspect that the subsidiary company was insolvent, or would become insolvent as the case may be, and either of the following applies:

- a) The Swish Group, or one of its directors, is or are aware at that time that there are grounds to suspect the subsidiary or subsidiaries could not pay its debts when they fell due;

- b) The Swish Group, in the circumstances, it is reasonable to expect that the Swish Group or its directors were aware that the subsidiary or subsidiaries could not pay its debts when they fell due.

As stated previously, approximately nine (9) wholly owned or majority owned subsidiaries were placed under External Administration. Should these subsidiaries proceed into Liquidation, then potential claims may arise against The Swish Group, as a debt due to the subsidiary/subsidiaries for the loss or damage suffered as a result of insolvent trading. The quantum of the loss or damage would represent the amount of the insolvent trading claim.

We refer to Section 15 of this report for more information regarding insolvent trading.

10.2 Swish Amphead Pty Ltd (Administrators Appointed)

	Report Section	Book Value \$	Realisable Value \$	Administrators' Realisable Value \$

Total Deficiency		(768,778.00)	(24,360.70)	(1,099,493.66)

10.2.1 Trade Debtors

The RATA discloses trade debtors with a book value of \$280,528.57. The debts relate to commissions owed for on-line music sales and sales of compact-discs to retail music outlets throughout Australia. The directors attribute that these debts have a realizable value of \$200,000.00. From our investigations it appears that the compact discs are sold on a sale and return basis. Therefore, if the compact discs have not been sold the retail stores is able to return them. I have written to these debtors requesting payment of their outstanding debt.

Based upon our investigations to date, we have provided an estimate of the realizable value.

10.2.2 Cash on Hand

The RATA discloses cash on hand totaling \$2,730. Based upon our investigations there was no cash on hand as at our appointment.

10.2.3 Cash at Bank

Our preliminary investigations suggest that the company operated the following bank accounts as at the date of our appointment:

- ANZ cheque account with a credit balance of \$263.63 on our appointment.
- ANZ cheque account with a credit balance of \$842.41 on our appointment.
- NAB cheque account with a credit balance of \$280.96 on our appointment.

10.2.4 Stock

The RATA discloses a book value of \$48,375.80. Based upon our investigations it appears that the stock relates to Compac discs held on behalf of music artists or labels for the distribution and sale in music outlets throughout Australia. It appears that the majorities of the compac discs were manufactured by the artist or the label and are the property of the artist or label.

Based upon our investigations to date, it appears that this stock has no realizable value.

10.2.5 Inter-Company Loans

From our investigations it appears that the following amounts are owed to Swish Amphead as follows:

Swish Digital Signage Pty Ltd (Administrators Appointed)	\$1,021.73
Swish TV Pty Ltd (Administrators Appointed)	\$65.00
Swish Torque Communications Pty Ltd (Administrators Appointed)	\$48.04
Swish Digital Media Pty Ltd (Administrators Appointed)	\$80.30
Swish MG Distribution Pty Ltd (Administrators Appointed)	\$29,366.44

From our investigations to date it appears that funds available within The Swish Group and its subsidiaries were used to meet the debts of the group of companies and loan accounts were created to reflect the transfer of funds within the group. As a result, these loans should net out to zero in the respective asset and liability accounts of each of the company's within the group. The company's internal accountants had not completed the appropriate journal entries to reflect all the transactions within the group as at the date of our appointment. In the circumstances we have been unable to reconcile these accounts.

10.2.6 Priority Claims / Employees

The Act provides for employee entitlements to be given a priority over both unsecured creditors and secured creditors in certain instance.

The RATA discloses outstanding employee entitlements as at the date of our appointment to be in the order of \$8,439.98. This amount is disclosed as follows:

Superannuation	\$2,543.98
Accrued Annual Leave	\$5,896.00

However, as stated in Section 12.1.9 of this report, it is unclear which companies within the Swish Group of Companies employed the staff based upon the company's records.

If however it is determined that Swish Amphead employed some staff, it appears that the company's outstanding debts for superannuation and accrued annual leave may have been understated in the management accounts of this company. As at the date of this report I have been unable to verify the superannuation debt owed by this company, if any, as at 30 June 2009.

From our investigations it would appear from the management accounts that Swish Amphead accounted for all payroll transaction for its staff from 1 July 2009. As stated previously, the amounts owing for superannuation for all staff members of the Swish Group of Companies had been disclosed in the management accounts of The Swish Group up to 30 June 2009. Therefore, based upon our investigations the amount owed for outstanding employee entitlements of Swish Amphead as at the date of our appointment appears to be in the vicinity of \$14,397.67. This amount is disclosed as follows:

Superannuation	\$2,543.98
Wages	\$3,561.49
Accrued Annual Leave	\$8,292.20

I note that it does not appear that any of these debt relate to wages and annual leave owed to the directors.

In light of the above, we are unable to accurately determine the outstanding employee entitlements (including statutory amounts payable to the directors), in particular superannuation, of Swish Amphead, if any.

We note that the eventual amount due to priority creditors, if any, may vary pending receipt of a formal claim from the Australian Taxation Office with respect to the company's Superannuation Guarantee Charge ("SGC") liability and a final assessment of any valid claims with respect to redundancy.

As stated previously, in the event that the company is placed into Liquidation, the General Employee Entitlements and Redundancy Scheme ("GEERS") was introduced by the Federal Government for the purpose of providing employees of incapacitated entities with the ability to claim their entitlements where it is likely that insufficient monies will be realised in the liquidation to provide for payment of same. An employee may be eligible under GEERS to receive payment of their employee entitlements for unpaid wages, annual leave, long service leave, payment in lieu of notice and redundancy pay, where applicable, up to a maximum wage capped at \$108,300.

I note however that pursuant to clause 7d of the GEERS Operational Arrangements an employee of an incapacitated entity must be entitled to reside permanently in Australia to be eligible to receive assistance from GEERS for payment of their employee entitlements as outlined above. We understand that if you are not an Australian resident then an employee will be ineligible to receive GEERS assistance. As at the date of this report we have been unable to determine the number of former employees that may be affected by same.

10.2.7 Unsecured Creditors

Based on information contained in the Report as to Affairs ("RATA"), together with our review of the company's books and records and our own investigations to date, it would appear that there are two hundred and two (202) ordinary unsecured creditors with claims totaling in the vicinity of \$1,186,482.99.

The company's five (5) largest ordinary unsecured creditors are noted as follows:

Creditor Name	Amount
Swish Group Ltd	\$660,414.50
Stephen Layton	\$78,000.00
Swish Torque Communications Holdings Pty Ltd	\$77,697.18
MGM	\$60,315.17
Vodafone Pty Ltd	\$32,682.43

The eventual amount due to unsecured creditors may vary pending the receipt of any additional claims and the formal adjudication of all claims lodged within the administration.

10.3 Swish Digital Signage Pty Ltd (Administrators Appointed)

	Report Section	Book Value \$	Realisable Value \$	Administrators' Realisable Value \$

Total Deficiency		(1,590,820.00)	(329,961.00)	(2,169,942.06)

10.3.1 Trade Debtors

The RATA discloses receivables with a book value of \$4,752. The directors attribute that this debt has a realizable value of \$4,752. Based upon our investigations to date, we note the following:

- The debt has been outstanding for greater than 90 days.

Based upon our investigations to date, it appears that these debts are uncollectible.

10.3.2 Cash at Bank

Our preliminary investigations suggest that the company operated the following bank accounts as at the date of our appointment:

- ANZ cheque account with a credit balance of \$83.12 on our appointment.
- NAB cheque account with a credit balance of \$202.76 on our appointment.

10.3.3 Plant and Equipment

The RATA discloses plant and equipment with a book value of \$11,442. As stated in Section 10.1.5, it appears that there was no allocation of the plant and equipment to the separate companies. We engaged an independent agent to conduct a formal valuation on our appointment. Based upon the valuation the plant and equipment consists of various office furniture, partitions and assorted computer equipment. Based upon our enquiries, it would appear that the realisable value of the office furniture and computers in question is minimal. Given the costs associated with attempting to relocate and realise same, I advise that we did not propose to deal with these items as there would be no benefit to creditors in this regard.

10.3.4 Inter-Company Loans

From our investigations it appears that the following amounts are owed to Swish Signage as follows:

Swish Films Pty Ltd (Administrators Appointed)	\$302,067.69
Swish TV Pty Ltd (Administrators Appointed)	\$1,975.56
Swish Torque Communications Pty Ltd (Administrators Appointed)	\$27,889.98
Swish Digital Spark Pty Ltd (Administrators Appointed)	\$7,759.16
Swish MG Distribution Pty Ltd (Administrators Appointed)	\$16,547.70

From our investigations to date it appears that funds available within The Swish Group and its subsidiaries were used to meet the debts of the group of companies and loan accounts were created to reflect the transfer of funds within the group. As a result, these loans should net out to zero in the respective asset and liability accounts of each of the company's within the group. The company's internal accountants had not completed the appropriate journal entries to reflect all the transactions within the group as at the date of our appointment. In the circumstances we have been unable to reconcile these accounts.

10.3.5 Unsecured Creditors

Based on information contained in the Report as to Affairs ("RATA"), together with our review of the company's books and records and our own investigations to date, it would appear that there are twenty-three (23) ordinary unsecured creditors with claims totaling in the vicinity of \$2,170,227.94.

The company's five (5) largest ordinary unsecured creditors are noted as follows:

Creditor Name	Amount
Swish Group Ltd (Administrators Appointed)	\$1,619,677.29

10.4.1 Cash at Bank

Our preliminary investigations suggest that the company operated the following bank accounts as at the date of our appointment:

- ANZ cheque account with a debit balance of \$50.33 on our appointment.
- NAB cheque account with a credit balance of \$16.98 on our appointment.

10.4.2 Plant and Equipment

The RATA discloses plant and equipment with a book value of \$99,038. We engaged an independent agent to conduct a formal valuation on our appointment. Based upon the valuation the plant and equipment consists of various office furniture, partitions and assorted computer equipment. Based upon our enquiries, it would appear that the realisable value of the office furniture and computer in question is minimal. Given the costs associated with attempting to relocate and realise same, I advise that we did not propose to deal with these items as there would be no benefit to creditors in this regard.

Furthermore, it appears that the company owned editing equipment which was removed from the company's premises prior to our appointment. The majority of it has since been returned to our office but it appears that some has been misplaced in transit. As at the date of this report our enquiries have failed to uncover its whereabouts. Based upon our investigations to date, we have provided an estimate of the realizable value.

10.4.3 Inter-Company Loans

From our investigations it appears that the following amounts are owed to Swish Films as follows:

Swish Group Ltd (Administrators Appointed)	\$217,823.54
Swish Amphead Pty Ltd (Administrators Appointed)	\$32,068.99
Swish Digital Spark Pty Ltd (Administrators Appointed)	\$14,819.69

From our investigations to date it appears that funds available within The Swish Group and its subsidiaries were used to meet the debts of the group of companies and loan accounts were created to reflect the transfer of funds within the group. As a result, these loans should net out to zero in the respective asset and liability accounts of each of the company's within the group. The company's internal accountants had not completed the appropriate journal entries to reflect all the transactions within the group as at the date of our appointment. In the circumstances we have been unable to reconcile these accounts.

12.4.4 Priority Claims / Employees

The Act provides for employee entitlements to be given a priority over both unsecured creditors and secured creditors in certain instance.

The RATA does not disclose outstanding employee entitlements as at the date of our appointment. The directors have since indicated however that two (2) staff members were employed by Swish Films as at our appointment.

However, as stated in Section 12.1.9 of this report, it is unclear which companies within the Swish Group of Companies employed the staff based upon the company's records.

If however it is determined that Swish Films employed some staff, it appears that the company's outstanding debts for superannuation may not have disclosed in the management accounts of this company. As at the date of this report I have been unable to verify the superannuation debt owed by this company, if any, as at 30 June 2009. As stated previously, the amounts owing for superannuation for all staff members of the Swish Group of Companies had been disclosed in the management accounts of The Swish Group up to 30 June 2009.

From our investigations of the management accounts of Swish Films it appears that this is not the case and no payroll transactions appear from 1 July 2009. Should the comments of the directors be the case, then the outstanding employee entitlements of Swish Films as at the date of our appointment, if any, appear to be in the vicinity of \$3,971.21. A breakdown is as follows:

Accrued Annual Leave	\$3,971.21
----------------------	------------

I note that it does not appear that any of these debts relate to employee entitlements owed to the directors.

In light of the above, we are unable to accurately determine the outstanding employee entitlements (including statutory amounts payable to the directors), in particular superannuation of Swish Films, if any.

We note that the eventual amount due to priority creditors, if any, may vary pending receipt of a formal claim from the Australian Taxation Office with respect to the company's Superannuation Guarantee Charge ("SGC") liability and a final assessment of any valid claims with respect to redundancy.

As stated previously, in the event that the company is placed into Liquidation, the General Employee Entitlements and Redundancy Scheme ("GEERS") was introduced by the Federal Government for the purpose of providing employees of incapacitated entities with the ability to claim their entitlements where it is likely that insufficient monies will be realised in the liquidation to provide for payment of same. An employee may be eligible under GEERS to receive payment of their employee entitlements for unpaid wages, annual leave, long service leave, payment in lieu of notice and redundancy pay, where applicable, up to a maximum wage capped at \$108,300.

I note however that pursuant to clause 7d of the GEERS Operational Arrangements an employee of an incapacitated entity must be entitled to reside permanently in Australia to be eligible to receive assistance from GEERS for payment of their employee entitlements as outlined above. We understand that if you are not an Australian resident then an employee will be ineligible to receive GEERS assistance. As at the date of this report we have been unable to determine the number of former employees that may be affected by same.

10.4.5 Unsecured Creditors

Based on information contained in the Report as to Affairs ("RATA"), together with our review of the company's books and records and our own investigations to date, it would appear that there are thirty-two (32) ordinary unsecured creditors with claims totaling in the vicinity of \$626,743.81.

The company's five (5) largest ordinary unsecured creditors are noted as follows:

Creditor Name	Amount
Swish Digital Signage Pty Ltd (Administrators Appointed)	\$302,067.69
Swish MG Distribution Pty Ltd (Administrators Appointed)	\$219,495.45
32 Hundred Lighting	\$31,569.32
ISS Security Pty Ltd	\$9,238.26
Scott Langman	\$6,952.00

The eventual amount due to unsecured creditors may vary pending the receipt of any additional claims and the formal adjudication of all claims lodged within the administration.

10.5.1 Cash at Bank

Our preliminary investigations suggest that the company operated the following bank accounts as at the date of our appointment:

- ANZ cheque account with a debit balance of \$64.00 on our appointment.
- NAB cheque account with a credit balance of \$20.39 on our appointment.

10.5.2 Inter-Company Loans

From our investigations it appears that the following amounts are owed to Swish TV as follows:

Swish MG Distribution Pty Ltd (Administrators Appointed)	\$168.00
--	----------

From our investigations to date it appears that funds available within The Swish Group and its subsidiaries were used to meet the debts of the group of companies and loan accounts were created to reflect the transfer of funds within the group. 12.5.3 Priority Claims / Employees

The Act provides for employee entitlements to be given a priority over both unsecured creditors and secured creditors in certain instance.

The RATA does not disclose outstanding employee entitlements as at the date of our appointment. The directors have since indicated however that two (2) staff members were employed by Swish TV as at our appointment.

From our investigations of the management accounts of Swish TV it appears that this is not the case and no payroll transactions appear from 1 July 2009. Should the comments of the directors be the case, then the outstanding employee entitlements of Swish TV as at the date of our appointment, if any, appear to be in the vicinity of \$4,972.50. A breakdown is as follows:

Accrued Annual Leave	\$4,972.50
----------------------	------------

I note that it does not appear that any of these debts relate to employee entitlements owed to the directors.

In light of the above, we are unable to accurately determine the outstanding employee entitlements (including statutory amounts payable to the directors), in particular superannuation of Swish TV, if any.

We note that the eventual amount due to priority creditors, if any, may vary pending receipt of a formal claim from the Australian Taxation Office with respect to the company's Superannuation Guarantee Charge ("SGC") liability and a final assessment of any valid claims with respect to redundancy.

10.5.4 Unsecured Creditors

Based on information contained in the Report as to Affairs ("RATA"), together with our review of the company's books and records and our own investigations to date, it would appear that there are thirteen (13) ordinary unsecured creditors with claims totaling in the vicinity of \$72,255.38.

The company's five (5) largest ordinary unsecured creditors are noted as follows:

Creditor Name	Amount
Allied Overnight Express	\$24,886.00
Vodafone Pty Ltd	\$23,941.93
Yurara Holdings Pty Ltd	\$8,000.00
LekTec Consulting	\$7,173.00
The Swish Group Ltd (Administrators Appointed)	\$4,131.89

The eventual amount due to unsecured creditors may vary pending the receipt of any additional claims and the formal adjudication of all claims lodged within the administration.

Total Deficiency		<u>(662,190.80)</u>	<u>(217,463.80)</u>	<u>(893,989.39)</u>

10.6.1 Trade Debtors

The RATA discloses trade debtors with a book value of \$154,523.00. The debts relate to up front and ongoing sales commission monies owed by Primus Telecommunications and Vodafone Pty Ltd pursuant to the dealer agreements with the company. From our investigations it appears that the majority of the commissions have been outstanding for greater than 90 days and that these agreements had been either completed or terminated as at our appointment. The directors attribute that the commissions have an estimated realizable value of \$5,000.

Based upon the RATA and our investigations to date, we have provided an estimate of the realizable value.

10.6.2 Cash on Hand

The RATA discloses cash on hand totaling \$280. Based upon our investigations there was no cash on hand as at our appointment.

10.6.3 Cash at Bank

Our preliminary investigations suggest that the company operated the following bank accounts as at the date of our appointment:

- ANZ cheque account with a credit balance of \$1,067.85 on our appointment.
- NAB cheque account with a credit balance of \$23.92 on our appointment.
- NAB cheque account with a credit balance of \$6.98 on our appointment.

10.6.4 Inter-Company Loans

From our investigations it appears that the following amounts are owed to Swish Torque as follows:

Swish Amphead Pty Ltd (Administrators Appointed)	\$89,012.98
Swish MG Distribution Pty Ltd (Administrators Appointed)	\$46,124.16
Swish Films Pty Ltd (Administrators Appointed)	\$1,298.04
Swish TV Pty Ltd (Administrators Appointed)	\$520.00

From our investigations to date it appears that funds available within The Swish Group and its subsidiaries were used to meet the debts of the group of companies and loan accounts were created to reflect the transfer of funds within the group. As a result, these loans should net out to zero in the respective asset and liability accounts of each of the company's within the group. The company's internal accountants had not completed the appropriate journal entries to reflect all the transactions within the group as at the date of our appointment. In the circumstances we have been unable to reconcile these accounts.

12.6.5 Priority Claims / Employees

The Act provides for employee entitlements to be given a priority over both unsecured creditors and secured creditors in certain instance.

The RATA discloses outstanding employee entitlements as at the date of our appointment to be in the order of \$5,264.80. This amount is disclosed as follows:

Superannuation	\$5,264.80
----------------	------------

However, as stated in Section 12.1.9 of this report, it is unclear which companies within the Swish Group of Companies employed the staff based upon the company's records.

If however it is determined that Swish Torque employed some staff, it appears that the company's outstanding debts for superannuation may have been understated in the management accounts of this company. As at the date of this report I have been unable to verify the superannuation debt owed by this company, if any, as at 30 June 2009.

From our investigations it would appear from the management accounts that Swish Torque accounted for all payroll transaction for its staff from 1 July 2009. As stated previously, the amounts owing for superannuation for all staff members of the Swish Group of Companies had been disclosed in the management accounts of The Swish Group up to 30 June 2009. Therefore, based upon our investigations the amount owed for outstanding employee entitlements of Swish Torque as at the date of our appointment appears to be in the vicinity of \$44,328.72. This amount is disclosed as follows:

Superannuation	\$5,264.80
Wages	\$10,975.02
Accrued Annual Leave	\$28,088.90

I note that it does not appear that any of these debt relate to wages and annual leave owed to the directors.

In light of the above, we are unable to accurately determine the outstanding employee entitlements (including statutory amounts payable to the directors), in particular superannuation, of Swish Torque, if any.

We note that the eventual amount due to priority creditors, if any, may vary pending receipt of a formal claim from the Australian Taxation Office with respect to the company's Superannuation Guarantee Charge ("SGC") liability and a final assessment of any valid claims with respect to redundancy.

As stated previously, in the event that the company is placed into Liquidation, the General Employee Entitlements and Redundancy Scheme ("GEERS") was introduced by the Federal Government for the purpose of providing employees of incapacitated entities with the ability to claim their entitlements where it is likely that insufficient monies will be realised in the liquidation to provide for payment of same. An employee may be eligible under GEERS to receive payment of their employee entitlements for unpaid wages, annual leave, long service leave, payment in lieu of notice and redundancy pay, where applicable, up to a maximum wage capped at \$108,300.

I note however that pursuant to clause 7d of the GEERS Operational Arrangements an employee of an incapacitated entity must be entitled to reside permanently in Australia to be eligible to receive assistance from GEERS for payment of their employee entitlements as outlined above. We understand that if you are not an Australian resident then an employee will be ineligible to receive GEERS assistance. As at the date of

this report we have been unable to determine the number of former employees that may be affected by same.

10.6.6 Unsecured Creditors

Based on information contained in the Report as to Affairs ("RATA"), together with our review of the company's books and records and our own investigations to date, it would appear that there are twenty-seven (27) ordinary unsecured creditors with claims totaling in the vicinity of \$855,759.42.

The company's five (5) largest ordinary unsecured creditors are noted as follows:

Creditor Name	Amount
Swish Group Ltd (Administrators Appointed)	\$ 653,660.70
Australian Taxation Office	\$102,458.00
Swish Digital Signage Pty Ltd (Administrators Appointed)	\$27,889.98
Swish Telecommunications Holdings Pty Ltd (Administrators Appointed)	\$ 21,584.76
Vodafone Pty Ltd	\$ 16,456.79

The eventual amount due to unsecured creditors may vary pending the receipt of any additional claims and the formal adjudication of all claims lodged within the administration.

10.7.1 Cash at Bank

Our preliminary investigations suggest that the company operated the following bank account as at the date of our appointment:

- NAB cheque account with a credit balance of \$250.95 on our appointment.

10.7.2 Plant and Equipment

The RATA discloses plant and equipment with a book value of \$126,649.00. We advise the plant and equipment consists of various plasma and LCD televisions screens and assorted equipment for the point of sale digital television network in various pharmacies throughout Australia. We engaged an independent agent to conduct a sight unseen valuation on our appointment. Based upon the sight unseen valuation, it would appear that the gross realisable value is approximately \$80,000.00.

We note that this equipment is subject to a hire purchase agreement with the Westpac Banking Corporation Ltd ("Westpac"). Upon our appointment we wrote to Westpac requesting a payout figure on the agreement and were subsequently advised that the payout was \$282,419.96 as at our appointment. As a result we disclaimed any interest in the equipment.

10.7.3 Unsecured Creditors

Based on information contained in the Report as to Affairs ("RATA"), together with our review of the company's books and records and our own investigations to date, it would appear that there are six (6) ordinary unsecured creditors with claims totaling in the vicinity of \$57,938.57.

The company's five (5) largest ordinary unsecured creditors are noted as follows:

Creditor Name	Amount
Swish Group Ltd (Administrators Appointed)	\$33,959.72
Swish Films Pty Ltd (Administrators Appointed)	\$14,819.69
Swish Digital Signage Pty Ltd (Administrators Appointed)	\$7,759.16
Cary Stynes	\$1,400.00
Christian Roth	Unknown

The eventual amount due to unsecured creditors may vary pending the receipt of any additional claims and the formal adjudication of all claims lodged within the administration.

10.7.4 Contingent Creditors

The RATA discloses a contingent liability to Westpac in the amount of \$202,636.00. As stated in Section 12.7.2, the claim relates to equipment which is subject to a hire purchase agreement with Westpac and from our investigations a shortfall of approximately \$202,419.96, before costs, appears to exist. Westpac have subsequently requested our consent to commence all necessary steps to recover the property subject to the agreement. We advise that pursuant to Section 440C we provided Westpac with the necessary consent on 23 October 2009.

From our investigations it appears that the pharmacy chain that entered into the agreement with Digital Spark to provide a point of sale digital television network had commenced proceedings against the company, and The Swish Group Ltd (Administrators Appointed), for breach of contract for an undisclosed sum in June 2009. The company had subsequently lodged a defense to the claim in August 2009. As at our appointment the proceedings had stayed pending the outcome of the Administration process. As at the date of this report I am unable to quantify this potential claim against the company.

10.8.1 Trade Debtors

The RATA discloses trade debtors with a book value of \$4,547.00. The debts relate to door to door sales of digital set top boxes. From our investigations it appears that the majority of the debts have been outstanding for a period of between 30 to 60 and 60 to 90 days. The directors have attributed that the debts have an estimated realizable value of \$4,547.00.

Based upon the RATA and our investigations to date, we have provided an estimate of the realizable value.

10.8.2 Cash at Bank

Our preliminary investigations suggest that the company operated the following bank account as at the date of our appointment:

- ANZ cheque account with a credit balance of \$4,056.90 on our appointment.

10.8.3 Stock

The RATA discloses stock with a book value of \$17,718.43. We advise the stock consists of digital set top boxes for conversion of a television from analogue to digital. As at our appointment no digital set top boxes were located at any of the Swish Group of Companies premises.

Based upon our investigations to date, it appears that this stock has no realizable value.

10.8.4 Inter-Company Loans

From our investigations it appears that the following amounts are owed to Swish Media as follows:

Swish Group Ltd (Administrators Appointed)	\$1,863.01
--	------------

From our investigations to date it appears that funds available within The Swish Group and its subsidiaries were used to meet the debts of the group of companies and loan accounts were created to reflect the transfer of funds within the group. As a result, these loans should net out to zero in the respective asset and liability accounts of each of the company's within the group. The company's internal accountants had not completed the appropriate journal entries to reflect all the transactions within the group as at the date of our appointment. In the circumstances we have been unable to reconcile these accounts.

10.8.5 Unsecured Creditors

Based on information contained in the Report as to Affairs ("RATA"), together with our review of the company's books and records and our own investigations to date, it would appear that there are twenty-one (21) ordinary unsecured creditors with claims totaling in the vicinity of \$63,553.14.

The company's five (5) largest ordinary unsecured creditors are noted as follows:

Creditor Name	Amount
Swish Telecommunications Holdings Pty Ltd (Administrators Appointed)	\$14,601.39
Saleslink Australia	\$12,714.00
Christian Roth	\$12,012.00
Paul Ainsworth	\$8,239.90
Barry O'Connor	\$4,288.16

The eventual amount due to unsecured creditors may vary pending the receipt of any additional claims and the formal adjudication of all claims lodged within the administration.

10.9.1 Trade Debtors

The RATA discloses trade debtors with a book value of \$550.00. The debts relate to film screening commissions. From our investigations it appears that the debt has been outstanding for a period of 60 to 90 days. The directors attribute that the debt has no realizable value.

Based upon the RATA and our investigations to date, we have provided an estimate of the realizable value.

10.9.2 Cash at Bank

Our preliminary investigations suggest that the company operated the following bank account as at the date of our appointment:

- NAB cheque account with a credit balance of \$59.10 on our appointment.

10.9.3 Cash on Hand

The RATA discloses cash on hand totaling \$3,312. Based upon our investigations there was no cash on hand as at our appointment.

10.9.4 Stock

The RATA discloses stock with a book value of \$30,819.10. We advise the stock consists of DVD movies. As at our appointment very limited stock was located at any of the Swish Group of Companies premises.

Based upon our investigations to date, it appears that this stock has no realizable value.

10.9.5 Inter-Company Loans

From our investigations it appears that the following amounts are owed to Swish MG as follows:

Swish Films Pty Ltd (Administrators Appointed)	\$ 219,495.45
--	---------------

From our investigations to date it appears that funds available within The Swish Group and its subsidiaries were used to meet the debts of the group of companies and loan accounts were created to reflect the transfer of funds within the group. As a result, these loans should net out to zero in the respective asset and liability accounts of each of the company's within the group. The company's internal accountants had not completed the appropriate journal entries to reflect all the transactions within the group as at the date of our appointment. In the circumstances we have been unable to reconcile these accounts.

10.9.6 Secured Creditor

A search conducted of the ASIC database discloses that the following registered charge is recorded over the company's property with the National Australia Bank Limited ("NAB"):

ASIC Charge Number:	1494307
Status:	Registered
Date and Time Registered:	7 August 2007 at 2.57 pm
Fixed and Floating:	Both Fixed and Floating
Date Created:	31 July 2007

In relation to the NAB's registered charge, I make the following comments:

- This charge relates to a loan facility provided to the company, and gross guaranteed by The Swish Group Ltd (Administrators Appointed), for approximately \$500,000. In approximately June 2009 the facility was paid out from a capital raising by the Swish Group of Companies.

We have written to the NAB requesting details of its registered charge over the company. As at the date of this report we are yet to receive a response from the NAB.

10.9.7 Unsecured Creditors

Based on information contained in the Report as to Affairs ("RATA"), together with our review of the company's books and records and our own investigations to date, it would appear that there are twenty-five (25) ordinary unsecured creditors with claims totaling in the vicinity of \$731,880.33.

The company's five (5) largest ordinary unsecured creditors are noted as follows:

Creditor Name	Amount
The Swish Group Limited (Administrators Appointed)	\$ 441,355.92
Australian Taxation Office	\$ 125,153.17
Swish Torque Communications Pty Ltd (Administrators Appointed)	\$ 46,124.16
MBL Productions Pty Ltd	\$ 42,184.69
Swish Amphead Pty Ltd (Administrators Appointed)	\$ 29,336.44

The eventual amount due to unsecured creditors may vary pending the receipt of any additional claims and the formal adjudication of all claims lodged within the administration.

10.10.1 Sundry Debtors

The RATA discloses receivables with a book value of \$49,338.00. The directors have attributed that these debts have an estimated realizable value of \$48,312.00. Based upon our investigations to date it appears that the majority of the debts that are outstanding for less than 30 days relate to the contracts with Country Energy, Jack Green International and Plan International Australia in the vicinity of \$34,449.25. The balance of the debts relate to debts for contracts that appear to have ceased as at our appointment and were outstanding for greater than 30 days as at our appointment.

Based upon the RATA and our investigations to date, we have provided an estimate of the realizable value.

10.10.2 Cash on Hand

The RATA discloses cash on hand totaling negative \$401. Based upon our investigations there was no cash on hand as at our appointment.

10.10.3 Cash at Bank

Our preliminary investigations suggest that the company operated the following bank accounts as at the date of our appointment:

- ANZ cheque account with a credit balance of \$16,050.49 on our appointment.
- NAB cheque account with a nil balance on our appointment.

10.10.4 Plant and Equipment

The RATA discloses plant and equipment with a book value of \$140,331. As stated in Section 10.1.5, it appears that there was no allocation of the plant and equipment to the separate companies. We engaged an independent agent to conduct a formal valuation on our appointment. Based upon the valuation and our investigations the plant and equipment consists of various office furniture, partitions, and assorted computer equipment and leasehold improvements. Based upon our enquiries, it would appear that the realisable value of the office furniture and computer equipment in question is minimal. Given the costs associated with attempting to relocate and realise same, I advise that we did not propose to deal with these items as there would be no benefit to creditors in this regard. Furthermore, it was subsequently brought to our attention that the partitions had not been paid for and were subject to retention of title.

10.10.5 Inter-Company Loans

From our investigations it appears that the following amounts are owed to Swish Telecommunications as follows:

The Swish Group Ltd (Administrators Appointed)	\$181,774.67
Swish Amphead Pty Ltd (Administrators Appointed)	\$8309.60
Swish Digital Signage Pty Ltd (Administrators Appointed)	\$3,000.00
Swish TV Pty Ltd (Administrators Appointed)	\$1,000.00

Swish Torque Communications Pty Ltd (Administrators Appointed) \$ 34,541.04
Swish Digital Media Pty Ltd (Administrators Appointed) \$ 28,206.39

From our investigations to date it appears that funds available within The Swish Group and its subsidiaries were used to meet the debts of the group of companies and loan accounts were created to reflect the transfer of funds within the group. As a result, these loans should net out to zero in the respective asset and liability accounts of each of the company's within the group. The company's internal accountants had not completed the appropriate journal entries to reflect all the transactions within the group as at the date of our appointment. In the circumstances we have been unable to reconcile these accounts.

10.10.6 Priority Claims / Employees

The Act provides for employee entitlements to be given a priority over both unsecured creditors and secured creditors in certain instance.

The RATA discloses outstanding employee entitlements as at the date of our appointment to be in the order of \$47,989.83. This amount is disclosed as follows:

Superannuation	\$33,747.78
Accrued Annual Leave	\$14,242.05

As stated in Section 10.1.8, it appears that the management accounts up to and including 30 June 2009 all payroll transactions for all the employees of the Swish Group of Companies were entered in the management accounts of Swish Group, except for Swish Telecommunications Holdings Pty Ltd which appears to have accounted for its payroll transactions separately from its inception.

Furthermore, from our review of the employee's contracts and related documentation it appears that all employees of Swish Telecommunications were employed by this company from its inception. As a result of our investigations it appears that the outstanding employee entitlements as at the date of our appointment total in the vicinity of \$145,420.95. A breakdown is as follows:

Superannuation	\$33,747.78
Wages	\$84,035.99
Accrued Annual Leave	\$27,637.18

Please note that any payments due to the director, former director and/or related parties with respect to wages and superannuation (including superannuation guarantee charge) are limited to a statutory limit of \$2,000 and \$1,500 for leave payments pursuant to Section 556(1A) and Section 556(1B) of the Act respectively.

We note that the above amounts do not appear to include any outstanding employee entitlements due to a former director (a related party) with respect to outstanding superannuation and wages and accrued annual entitlements.

We note that the eventual amount due to priority creditors may vary pending receipt of a formal claim from the Australian Taxation Office with respect to the company's Superannuation Guarantee Charge ("SGC") liability and a final assessment of any valid claims with respect to redundancy.

As stated previously, in the event that the company is placed into Liquidation, the General Employee Entitlements and Redundancy Scheme ("GEERS") was introduced by the Federal Government for the purpose of providing employees of incapacitated entities with the ability to claim their entitlements where it is likely that insufficient monies will be realised in the liquidation to provide for payment of same. An employee

may be eligible under GEERS to receive payment of their employee entitlements for unpaid wages, annual leave, long service leave, payment in lieu of notice and redundancy pay, where applicable, up to a maximum wage capped at \$108,300.

I note however that pursuant to clause 7d of the GEERS Operational Arrangements an employee of an incapacitated entity must be entitled to reside permanently in Australia to be eligible to receive assistance from GEERS for payment of their employee entitlements as outlined above. We understand that if you are not an Australian resident then an employee will be ineligible to receive GEERS assistance. As at the date of this report we have been unable to determine the number of former employees that may be affected by same.

10.10.7 Leases / Hire Purchase Agreements

i. Premises

The company leased premises located at Suite 604, Level 6, 46-46 Kippax Street, Surrey Hills, New South Wales and 60 Berwick Street, Fortitude Valley, Queensland.

Following our appointment, we gave notice to the landlords that we did not propose to exercise rights to the premises under the agreements.

10.10.8 Unsecured Creditors

Based on information contained in the Report as to Affairs ("RATA"), together with our review of the company's books and records and our own investigations to date, it would appear that there are forty-eight (48) ordinary unsecured creditors with claims totaling in the vicinity of \$768,778.50.

The company's five (5) largest ordinary unsecured creditors are noted as follows:

Creditor Name	Amount
Australian Taxation Office	\$179,000.00
Upscale Marketing Pty Ltd	\$168,816.13
Sales Path	\$85,000.00
Beyond Communications Pty Ltd	\$72,204.00
Xtreme A1 Pty Ltd	\$64,000.00

The eventual amount due to unsecured creditors may vary pending the receipt of any additional claims and the formal adjudication of all claims lodged within the administration.

11. RELATED ENTITIES

We note that in accordance with the Statement of Best Practice as set out by the IPAA, related entities (as defined by the provisions of the Act) who claim to be a creditor of the Swish Group of Companies must be disclosed.

Related entities are defined by the Act to be any of the following:

- A promoter of the body;

- A relative, or de facto spouse, of such a promoter;
- A relative of a spouse, or of a de facto spouse, of such a promoter;
- A director or member of the body or of a related body corporate;
- A relative, or de facto spouse, of such a director or member;
- A relative of a spouse, or of a de facto, of such a director or member;
- A body corporate that is related to the first mentioned body;
- A beneficiary under a trust of which the first mentioned body is or has at any time been a Trustee;
- A relative, or de facto spouse, of such a beneficiary;
- A relative of a spouse, or of a de facto spouse, of such a beneficiary;
- A body corporate, one of whose directors is also a director of the first mentioned body;
- A Trustee of a trust under which a person is a beneficiary, where the person is a related entity of the first mentioned body because of any other application or applications of this definition.

Should creditors resolve that the Swish Group of Companies execute a Deed (if applicable), any creditor of the Swish Group of Companies may apply to the Court for an Order to set aside or modify the resolution which authorised the execution of the Deed, if the resolution was carried as a consequence of a related entity's vote. Conversely, a failed resolution for the Swish Group of Companies to be wound up may be declared to have been carried, if it was defeated due to the vote of a related entity.

At the date of this report and based on the information to hand, it would appear that the following creditors are related parties of each of the entities within the Swish Group of Companies pursuant to the provisions of the Act. A breakdown of the claims is as follows:

12. GENERAL INVESTIGATIONS

Sheriff's Office

We advise that correspondence was forwarded to the Sheriff's Office requesting that they advise us as to whether they are in possession of any property of the Swish Group of Companies or whether there are any civil actions pending or finalised as against the Swish Group of Companies.

The Sheriff's Office has advised that there have been no civil actions, pending or finalised, as against the Swish Group of Companies within the past six (6) months.

Credit File Search

We have conducted a search with the Public Access Division of Veda Advantage Information Services Solutions Limited.

A Credit Information report has been received with respect to the Swish Group of Companies and does not disclose any matters which require further investigation.

Property

A search conducted with the Victorian Land Title's Office reveals that the Swish Group of Companies is currently not the registered proprietors of any property in Victoria.

13. INSOLVENT TRANSACTIONS

We are required to report on any transaction which appears voidable, ie where property or other benefits may be recoverable by a Liquidator under Part 5.7B of the Act. These provisions will not apply if the Swish Group of Companies enters into a Deed. These transactions generally fall into the categories as set out below, being unfair preferences, uncommercial transactions, unfair loans, unreasonable director related transactions and related entity benefits resulting from insolvent transactions. The information provided below is based on our investigations to date. Further, more detailed, investigations would be required before any final view could be reached as to the matters addressed.

We note that the outcomes of our investigations to date will be outlined for the Swish Group of Companies and not for each individual entity as all the companies appear to have used available funds within the group

to meet their debts. As a consequence it is difficult to separate these investigations for each individual company.

Solvency Investigation

In order for a transaction to be void as against a Liquidator, the Swish Group of Companies must have been insolvent at the time of the transaction. The Act provides that a company is insolvent if and only if, it is able to pay all its debts as and when they become due and payable.

Insolvency is a question of fact to be ascertained from a consideration of each of company's financial position as a whole and must have regard to commercial realities. A cash flow test needs to be applied when determining insolvency.

To enable us to form a preliminary view as to the solvency position of the Swish Group of Companies, we have formulated a number of indicators of insolvency which are detailed below. If the Swish Group of Companies are placed into liquidation, a more detailed analysis of the Swish Group of Companies solvency will be undertaken should the funds available to us permit this.

The indicators of insolvency that we have identified from our investigations to date are:

- The failure of the Swish Group of Companies to meet its tax obligations for PAYG and GST. It would appear that some of the companies within the group may have entered into a repayment arrangement with Australian Taxation Office ("ATO") with respect to outstanding amounts.
- It would appear that some of the companies within the group may have entered into various payment arrangements with some of their creditors as a consequence of cash flow difficulties within the group.
- The majority of the companies within the group experienced losses for the financial years ended 30 June 2008 and 30 June 2009 and for the period ended 26 August 2009.
- Numerous demand letters from collection agencies and solicitors.
- Numerous statutory demands issued against the some of the companies within the group.
- Winding up proceedings instigated against the Swish Group by the Victorian Workcover Authority in the Supreme Court of Victoria on 30 July 2009.

Unfair Preferences

Section 588FA of the Act provides that:

A transaction is an unfair preference given by a company to a creditor of the company if, and only if:

- (a) the company and the creditor are parties to the transaction (even if someone else is also party); and*
- (b) the transaction results in the creditor receiving from the company, in respect of an unsecured debt that the company owes to the creditor, more than the creditor would receive from the company in respect of the debt if the transaction were set aside and the creditor were to prove for the debt in a winding up of the company;*

even if the transaction is entered into, is given effect to, or is required to be given effect to, because of an Order of an Australian Court or a director by an agency.

Unfair preferences apply to transactions entered into in a period of up to six (6) months prior to commencement of the windings up. In the case of the Swish Group of Companies, this is the period from 26 February 2009 to 26 August 2009.

On the basis of our preliminary investigations to date and subject to further review, it would appear that approximately (5) creditors may have received payments totaling in the vicinity of \$394,000. A final determination of whether rights of action exist and their likely recoverability will require a complete review of the Swish Group of Companies records. Should each of the Swish Group of Companies proceed into liquidation, further investigations into this matter will be carried out.

If any payments were to constitute a preference, the extent of any claim by a Liquidator will depend on a number of factors, including the extent to which a running account was maintained by the Swish Group of Companies and the creditor concerned.

Creditors have various defences available to them pursuant to Section 588FA of the Act and as such, any recovery in this regard is not capable of being quantified. Furthermore, given the associated costs of pursuing this form of recovery, any eventual return to creditors remains uncertain.

Should the Swish Group of Companies proceed into liquidation, further investigations will be carried out subject to there being sufficient funds available in the liquidation to meet the costs associated with such investigation.

Uncommercial Transactions

Section 588FB of the Act provides that:

A transaction of a company is an uncommercial transaction of the company if, and only if, it may be expected that a reasonable person in the company's circumstances would not have entered into the transaction, having regard to:

- (a) the benefits (if any) to the company of entering into the transaction; and*
- (b) the detriment to the company of entering into the transaction; and*
- (c) the respective benefits to other parties to the transaction of entering into it; and*
- (d) any other relevant matter.*

This provision is especially relevant to circumstances where there has been an unreasonable director related transaction (Sections 588FDA and 588FF).

On the basis of our preliminary investigations to date, we have not identified any uncommercial transactions.

Should the Swish Group of Companies proceed into liquidation, further detailed investigations would be carried out to determine whether there are any transactions of this nature. Such investigations are however subject to there being sufficient funds available in the liquidation to meet the costs associated with such investigation.

Unfair Loans

Section 588FD of the Act provides that:

Sub-section (1)

A loan to a company is unfair, if and only if:

- (b) the interest on the loan was extortionate when the loan was made, or has since become extortionate because of a variation; or*
- (c) the charges in relation to the loan were extortionate when the loan was made, or have since become extortionate because of a variation.*

even if the interest is, or the charges are, no longer extortionate.

Sub-section (2)

- (a) whether interest on a loan was or became extortionate at a particular time as mentioned in paragraph (1)(a); or*
- (b) whether charges in relation to a loan were or became extortionate at a particular time as mentioned in paragraph (1)(b);*

regard is to be had to the following matters as at the time:

- (c) the risk to which the lender was exposed; and*
- (d) the value of any security in respect of the loan; and*
- (e) the terms of the loan; and*
- (f) the schedule for payments of interest and charges and for repayments of principal; and*
- (g) the amount of the loan; and*
- (h) any other relevant matter.*

On the basis of our preliminary investigations to date, we have not identified any unfair loans.

Should the Swish Group of Companies proceed into liquidation, further detailed investigations would be required before a definitive comment could be made as to whether any transactions of this nature exist in this regard. Such investigations are however subject to there being sufficient funds available in the liquidation to meet the costs associated with such investigations.

Unreasonable Director Related Transactions

Section 588FDA of the Act provides that:

Sub-section (1)

A transaction of a company is an unreasonable director related transaction of the company if, and only if:

- (a) the transaction is:
 - i. a payment made by the company; or*
 - ii. a conveyance, transfer or other disposition by the company of property of the company; or*
 - iii. the issue of securities by the company; or*
 - iv. the incurring by the company of an obligation to make such a payment, disposition or issue; and**
- (b) the payment, disposition or issue is, or is to be, made to:*

- i. a director of the company; or
 - ii. a close associate of a director of the company; or
 - iii. a person on behalf of, or for the benefit of, a person mentioned in subparagraph (i) or (ii); and
- (c) it may be expected that a reasonable person in the company's circumstances would not have entered into the transaction, having regard to:
- i. the benefits (if any) to the company of entering into the transaction; and
 - ii. the detriment to the company of entering into the transaction; and
 - iii. the respective benefits to other parties to the transaction of entering into it; and
 - iv. any other relevant matter.

The obligation referred to in subparagraph (a)(iv) may be a contingent obligation.

Note: Subparagraph (a)(iv) – This would include, for example, granting options over shares in the company.

Subsection (2)

To avoid doubt, if:

- (a) the transaction is a payment, disposition or issue; and
- (b) the transaction is entered into for the purpose of meeting an obligation the company has incurred;

the test in the paragraph (1)(c) applies to the transaction taking into account the circumstances as they exist at the time when the transaction is entered into (rather than as they existed at the time when the obligation was incurred).

Subsection (3)

A transaction may be an unreasonable director related transaction because of subsection (1):

- (a) whether or not a creditor of the company is a party to the transaction; and
- (b) even if the transaction is given effect to, or is required to be given effect to, because of an Order of an Australian Court or a direction by an agency.

On the basis of our preliminary investigations to date, we have not identified any unreasonable director related transactions.

Should the Swish Group of Companies proceed into liquidation, further detailed investigations would be required before a definitive comment could be made as to whether any transactions of this nature exist in this regard. Such investigations are however subject to there being sufficient funds available in the liquidation to meet the costs associated with such investigations.

Related Entity Benefit Resulting from Insolvent Transaction

Section 588FH of the act provides that:

Subsection (1)

This section applies where a company is being wound up and a transaction of the company:

- (a) is an insolvent transaction of the company; and
- (b) is voidable under Section 588FE; and
- (c) has had the effect of discharging, to the extent of a particular amount, a liability (whether under a guarantee or otherwise and whether contingent or otherwise) of a related entity of the company.

Subsection (2)

The company's Liquidator may recover from the related entity, as a debt due to the company, an amount equal to the amount referred to in paragraph (1)(c).

On the basis of our preliminary investigations to date, we have not identified any related entity benefit resulting from insolvent transactions.

Should the Swish Group of Companies proceed into liquidation, further detailed investigations would be required before a definitive comment could be made as to whether any transactions of this nature exist in this regard. Such investigations are however subject to there being sufficient funds available in the liquidation to meet the costs associated with such investigations.

14. OTHER RIGHTS OF ACTION

Insolvent Trading

Should the Swish Group of Companies eventually pass into liquidation, the director(s) or a holding company (if applicable) may be exposed to an action under Division 4 of Part 5.7B of the Act which relates to insolvent trading and may be ordered to compensate the Swish Group of Companies for liabilities incurred whilst the company was insolvent. A right under insolvent trading proceedings, except in exceptional circumstances, will not be available if the Swish Group of Companies enter into a Deed. Considerations of whether an action exists may be important in considering whether a Deed should be accepted.

A full discussion of insolvent trading, including the defences available, is beyond the scope of this report. We have however, set out below some of the more relevant matters:

- (i) The provisions apply where debts are incurred at a time when the director(s) knew or should reasonably have suspected that the Swish Group of Companies was insolvent. In effect, the provisions call for the Court to reach a subjective conclusion on the basis of objective facts. Some of the objective facts which a Court may rely upon are:
- Continuing losses
 - Liquidity ratios below 1
 - Overdue Commonwealth & State taxes
 - Poor relationship with present bank, including inability to borrow further funds
 - No access to alternative finance
 - Suppliers placing company on COD or otherwise demanding special payments before resuming supply
 - Inability to raise further equity capital
 - Creditors unpaid outside trading terms
 - Issuing of post dated cheques
 - Dishonoured cheques
 - Special arrangements with selected creditors
 - Solicitors' letters, summons, judgments or warrants issued against the company
 - Payments to creditors of rounded sums which are not reconcilable to specific invoices
 - Inability to produce timely and accurate financial information to display the company's trading performance and financial position and make reliable forecasts

- (ii) Insolvency in the context of the Section means an inability to pay debts as and when they fall due out of the debtor's own money, where there is no realistic prospect of generating funds by the sale of assets or further financial accommodation. The debtor's own monies are not limited to cash resources immediately available. They extend to monies which can be procured by realisation of assets within a relatively short time (relative to the nature and amount of the debts and the circumstances, including the nature of the business of the debtor) and not simply pious expectations.

The phrase "able to pay all its debts as and when they become due" does not mean an expectation that assets exceed liabilities, but instead that the company would be able to meet its current financial obligations.

- (iii) An action may only be brought by a Liquidator or creditor with the permission of the Liquidator or the Court.
- (iv) A failure by a director to involve him / herself with the management of the company is not a defence and non-executive directors are just as liable to an action as executive directors unless they can prove that because of illness or other good reasons, they could not take part in the management of the company.
- (v) The defences available are that there were reasonable grounds to expect that the company was solvent; there were reasonable grounds to rely upon information provided by others that the company was solvent; or if all reasonable steps were taken to prevent the company incurring the debt(s).

Based on our investigations to date and the information before us, it appears that the Swish Group of Companies may have traded whilst insolvent from as early as July 2006. We have formed this view on the basis of the following:

- The majority of the companies have experienced trading losses.
- Some of the companies appear to have entered into a payment agreement with the ATO.
- Creditors were chasing payment for debts which were outside trading terms.
- The Swish Group of Companies have failed to meet their statutory obligations, in particular, superannuation guarantee charge remains unpaid since approximately July 2006. An installment arrangement appears to have been commenced by the group with the ATO in August 2008.

The following comments regarding the solvency of the Swish Group of Companies as at our appointment was provided to us by a director of the group:

- The companies had undertaken two capital raisings during the current year in March 2009 and May 2009 and were conducting a further raising through a convertible note for the sum of \$500,000, which was to be completed on or about 28 August 2009. He indicated that this was to provide the companies with sufficient working capital to meet operational commitments up to the Annual General Meeting to be held in November 2009, at which time, the companies were to seek approval from shareholders for further capital raisings.
- The companies had an existing equity finance agreement with Furneaux Equities Limited in the sum of \$5,000,000, of which \$4,500,000 had not been drawn.
- The companies had demonstrated the capacity to successfully carry out capital raisings as and when required.

- A number of companies' directors and major shareholders had indicated their willingness over time to acquire further shares or provide debt facilities to the group.
- The companies traded with most of its day to day suppliers on a cash on delivery basis.
- The companies had a number of payment arrangements in place with creditors and those arrangements were being complied with.
- The companies had a number of creditors who had expressed a desire to have their debts paid through the issue of shares.

In order to mitigate costs and with the view of attempting to ascertain whether the directors within the Swish Group of Companies could meet any successful insolvent trading claim, we requested that each director within The Swish Group of Companies provide us with a Statutory Declaration outlining their current personal financial position. We note that as at the date of this Report we are yet to receive any completed Statutory Declaration from the directors.

We are unable to provide an definitive assessment of the likely amount that would be recovered in the case where the Swish Group of Companies were placed into liquidation due to the uncertainties as to the level of any claim that is likely, the defences that would be available to the directors and the actual capacity of the directors to meet any successful claim.

Should the Swish Group of Companies be placed into liquidation, we will reassess any rights of action against the directors and the likely recoveries of same subject to there being sufficient funds available in the liquidation to meet the costs associated with such an investigation, together with the commercial benefit to creditors of any such action.

Care and Diligence / Good Faith

The director(s) and other officers of the Swish Group of Companies have fiduciary duties to the companies. Broadly, directors and officers must exercise their power and discharge their duties:

- With reasonable care and diligence (Section 180); and
- In good faith and in the best interests of the corporation and for proper purposes (Section 181).

If an officer is found to have breached these obligations, he or she may be ordered to compensate the companies for such breaches.

At this stage, we are not aware of any breaches of these obligations by the director.

Improper Use of Position and/or Information

A director or officer must not improperly use their position to:

- Gain an advantage for themselves or someone else; or
- Cause detriment to the corporation (Section 182).

Furthermore, directors, other officers and employees who obtain information because of their position must not improperly use the information to:

- Gain an advantage for themselves or someone else; or
- Cause detriment to the corporation (Section 183).

At this stage, we are unaware of any transactions that may fall within the provisions of Part 2D.1 of the Act (or if breaches identified, they will be investigated by the Joint and Several Liquidators if the Swish Group of Companies is placed into liquidation).

Employee Entitlements Protected

Part 5.8A of the Act contains provisions exposing directors and persons other than directors to a liability to compensate the Swish Group of Companies where agreements and/or transactions have been entered into for the purpose of avoiding or reducing the payment of employee entitlements.

Based on our preliminary investigations, we are of the view that these provisions will not apply in this instance. A further assessment of these provisions will be undertaken should the Swish Group of Companies be placed into liquidation, as these new provisions are closely linked with the insolvent trading provisions under the Act.

A further assessment of these provisions will be undertaken should the Swish Group of Companies be placed into liquidation, subject to there being sufficient funds available in the liquidation in order to meet the costs associated with such investigations as these new provisions are closely linked with the insolvent trading provision under the Act.

15. RESOLUTIONS AVAILABLE TO CREDITORS

Creditors may resolve that:

1. The Swish Group of Companies enters into a Deed.

If creditors resolve that the Swish Group of Companies enter into a Deed, we note that it will be in accordance with the terms and conditions as proposed by Planet W Pty Ltd and set out in Section 3 of this report.

Creditors may resolve that a Swish Group of Companies enter into a Deed on whatever terms are considered appropriate, so long as they are legal and can be given effect to.

2. The company be placed into liquidation.

If creditors resolve that the Swish Group of Companies be placed into liquidation, the Liquidators shall proceed to wind up the companies affairs, including the sale of its assets, if any, together with conducting further investigations aimed at establishing whether rights of action exist and, if relevant, distributing amounts to creditors.

It is open to creditors to appoint an alternate Registered Liquidator(s) to act as the Liquidator(s) for the companies.

3. The Voluntary Administration should end.

If creditors resolve that the Voluntary Administration should end, control of the Swish Group of Companies will pass back to its director(s). It will also mean that the moratorium inherent in the legislation preventing creditors legally pursuing the Swish Group of Companies will be lifted.

We detail below our recommendation and an estimate of the likely return to creditors based on various assumptions with respect to the proposal received from Planet W Pty Ltd for the Swish Group of Companies to enter into a Deed and should creditors resolve that the companies be wound up.

We advise that should creditors resolve to accept the terms of the proposed Deed, creditor are entitled to seek the appointment of an alternate Deed Administrator to David J Lofthouse and myself, if another person is nominated at the meeting or any adjournment therein. If no other nomination for a replacement Deed Administrator is received at the meeting, the Swish Group of Companies creditors will be taken to have appointed David J Lofthouse and myself as the Joint and Several Deed Administrators of the companies.

Conversely, should creditors resolve to place the companies into liquidation, creditor may also seek to appoint an alternate liquidator, if another person is nominated. We note that if no other nomination for an alternate liquidator is received at the meeting or any adjournment therein, the Swish Group of Companies creditors will be taken to have appointed David J Lofthouse and myself, as the Joint and Several Liquidators of the companies.

16. POTENTIAL DIVIDENDS

A comparison of the expected return to creditors both under the proposed Deed and in a liquidation is set out below.

16.1 Deed of Company Arrangement Scenario

On the presumption that creditors accept the terms of the Deed proposal as put and resolve that the asset and liabilities of the Swish Group of Companies are pooled, it is estimated that ordinary unsecured creditors will not receive a return (subject to the formal adjudication of participating claims). However, this calculation has been based upon the shares in escrow being sold at their issue price. Should the market value of the shares be greater at the time of sale, it is possible that the realization will be sufficient to meet the balance of priority claims and eventuate in a return to ordinary unsecured creditors.

This estimate has been calculated as follows:

	\$
Cash contribution pursuant to terms of Deed	450,000
Shares in escrow (100,000,000 ordinary shares at \$0.001)	100,000
Cash at Bank	24,261
Total assets available	574,261
Less:	
Joint and Several Administrators' remuneration (exclusive of GST)	223,235
Joint and Several Administrators' disbursements (estimates) (exclusive of GST)	46,379
Joint & Several Deed Administrators' remuneration (exclusive of GST)	80,000
Joint & Several Deed Administrators' disbursements (estimate) (exclusive of GST)	10,000
	359,614

Estimated funds available to meet the claims of participating priority creditors	214,647
Priority creditor claims (estimate)	441,307
Return to participating priority creditors (cents in \$)	<u>0.48</u>
Estimated funds available to meet the claims of participating ordinary unsecured creditors	0.00
Ordinary unsecured claims (estimate excluding inter company loans and parties not claiming a distribution)	4,199,157
Return to participating ordinary unsecured creditors (cents in \$)	<u>0.00</u>

16.2 Liquidation Scenario

On the presumption that creditors resolve that the asset and liabilities of the Swish Group of Companies are pooled, based upon the present information and given the uncertainties associated with the collectability of the Swish Group of Companies receivables as well as the costs detailed above, we anticipate in a liquidation scenario that ordinary unsecured creditors will not receive a return from the pooled assets and liabilities of the Swish Group of Companies.

This estimate has been calculated as follows:

	Low	High
	\$	\$
Cash at Bank	24,261	24,261
Debtor realization	Nil	141,449
Plant and Equipment	5,000	10,000
Potential net unfair preference recoveries	100,000	250,000
Insolvent trading claim	Nil	Nil
Total assets available	129,261	425,710
Less:		
Joint and Several Administrators' remuneration (exclusive of GST)	315,000	315,000
Joint and Several Administrators' disbursements (estimates) (exclusive of GST)	46,379	46,379
Joint & Several Liquidators' remuneration (exclusive of GST)	100,000	150,000
Joint & Several Liquidators' disbursements (estimate) (exclusive of GST)	15,000	50,000
	476,379	561,379
Estimated funds available to meet the claims of participating priority creditors and the secured creditor	Nil	Nil
Priority creditor claims (estimate)	441,307	441,307
Return to participating priority creditors (cents in \$)	Nil	Nil

Estimated funds available to meet the claims of participating ordinary unsecured creditors	Nil	Nil
Secured and ordinary unsecured claims (subject to adjudication of claims) including related party claims and inter company loans	9,088,375	9,088,375
Return to participating secured and ordinary unsecured creditors (cents in \$)	Nil	Nil

We provide the following comments with respect to the above:

- Subject to the costs and expenses of the Administration / Liquidation, the companies priority creditors will have first rights to any realizations received, if any;
- All related entities will retain their rights to prove against the companies in the liquidation. I note that inter company loan liabilities have been included in the total secured and unsecured claims above, however, should creditors resolve that the companies within The Swish Group of Companies be grouped then the secured and unsecured claims, including related parties, appear to be in the vicinity of \$4,690,166.31;
- It appears unlikely that there will be any recoveries from any rights of action that may exist (if any) with respect to any potential insolvent trading claim based upon our preliminary investigations into the director(s) personal financial position and as a result of the companies being without funds to pursue any claims; and
- Based upon our investigations to date, it is unlikely that rights of action with respect to voidable transaction claims would result in recoveries of \$250,000 in a liquidation, given the uncertainty and potential legal costs that may eventuate, should the claims be defended.

Should creditors reject the proposal submitted for the Swish Group of Companies to execute a Deed of Company Arrangement and resolve to place the companies into Liquidation, and further resolve to group the companies, it is estimated that there will not be a return to ordinary unsecured creditors in the "best case scenario" (subject to the adjudication of formal claims).

We also note that our present estimation does not take into consideration the likelihood of a return to any class of creditor from a successful insolvent trading proceeding being instituted against the director(s) and/or if applicable, the former director of the companies, nor that which may be recovered from other rights of actions ie unfair preferences, etc, if any, given that the amounts which may be recoverable are unquantifiable at this juncture.

17. RECOMMENDATION

We are of the opinion that:

1. Creditors should give consideration to resolving that the companies execute a Deed under the proposed terms on the basis that we anticipate that priority creditors (subject to final adjudication on participating creditors' claims) will receive in the vicinity of half their claim from the initial cash contribution as outlined in section 16.1 of this report. With the prospect that the sale of the shares in escrow may be sufficient to pay the balance of the remaining priority claims in full and potentially allow for a return to ordinary unsecured creditors. We note that creditors may have a greater

prospect of receiving a dividend from the sale of the shares held in escrow on their provable claims (subject to final adjudication on participating creditors' claims) compared to the Swish Group of Companies be wound up and their assets pooled.

2. We do not believe that it is in creditors' interests for the Voluntary Administration to end, with control of the Swish Group of Companies reverting back to its directors, as this would not provide creditors with the opportunity of dealing with the companies' affairs in accordance with the provisions of the Act.
3. Based on the information to hand and our preliminary investigations to date, we are not of the opinion that creditors should resolve that the Swish Group of Companies be wound up, as uncertainties remain as to whether sufficient realizations will be achieved in order to meet the claims of both priority and unsecured creditors.

Our opinion is also based on the following factors:

Deed Proposal

- Under the terms of the proposed Deed, the prospect of a return to ordinary unsecured creditors, even though uncertain, is significantly greater given the prospect that the shares in escrow may have a market value at the time of sale which is greater than their issue price.
- Under the terms of the proposal submitted, the Deed contributions will be available to assist in the payment of all costs associated with the Voluntary Administration / Deed process together with known priority creditors claims.
- Under the terms of the proposal submitted, the potential for a return to ordinary unsecured creditors from the sale of the shares held in escrow at the end of escrow period appears to be greater than any likely return that will be received by ordinary unsecured creditors in a winding up (subject to proving claims).
- We note that should creditors resolve to accept the terms of the Deed proposal submitted, CPS Holdings, Cary Stynes and Furneaux Equity Limited will not participate (for distribution purposes) with respect to their unsecured claims.

Liquidation

- In a liquidation, the above noted Deed contributions would not be available to meet either creditor claims nor the Joint and Several Administrators' / Joint and Several Liquidators' remuneration and costs.
- The outcome of any possible recovery with regard to preferences, other voidable transactions and insolvent trading claims (if any) remain uncertain.
- We note that should creditors resolve to place the companies into liquidation, CPS Holdings, Cary Stynes and Furneaux Equity Limited will maintain all their rights to claim in the Liquidation.
- Based on the information to hand, should creditors resolve that the Swish Group of Companies be wound up and pooled, it appears unlikely that any class of creditor will receive a distribution on their provable claims.

18. ADJOURNMENT

Creditors should note that the Act provides that a meeting convened under Section 439A may be adjourned by a resolution of creditors, but only for a period of up to forty five (45) business days from the date of the second meetings.

Please note that at this point in time, we do not believe that an adjournment of the meetings is warranted.

19. REMUNERATION

As previously advised in our Notices to Creditors dated 28 August 2009, it is up to creditors to consider and if thought fit, approve our remuneration in acting as the Joint and Several Administrators of the Swish Group of Companies and the Joint and Several Deed Administrators or Joint and Several Liquidators of the Swish Group of Companies.

At the forthcoming meetings, creditors will be asked to consider and approve our remuneration for the amounts as set out below for each of the respective periods of our appointment:

- **Voluntary Administration**
 - For the period from the commencement of the voluntary administration to the second meeting of creditors our remuneration is \$300,000 (excluding GST);
 - For the period from the date of the Second Meetings of Creditors to the execution of the proposed Deed of Company Arrangement we anticipate our remuneration to be in the vicinity of \$15,000 (excluding GST);
 - In order to facilitate the recapitalization of the Swish Group of Companies however, we are prepared to fix our remuneration for the voluntary administration to a maximum of **\$223,235** (excluding GST);
 - Alternatively, if the Swish Group of Companies are wound up, we will seek to fix our remuneration for the voluntary administration to a maximum of \$315,000 (excluding GST);
- **Deed Administration**
 - For the period of the Deed, fixed to a maximum of \$80,000 (excluding GST) for the Swish Group of Companies;
- **Liquidation**
 - For the period of the liquidation, fixed to a maximum of \$150,000 (excluding GST) Swish Group of Companies.

We note that the amounts above represent the total remuneration for all the companies within the Swish Group of Companies. Should creditors wish to inspect the remuneration reports for all the companies within the Swish Group of Companies they should contact me to arrange a specific time, within business hours.

To assist creditors in considering the remuneration sought for the company of which they are a creditor, we have attached remuneration reports for that company within the Swish Group of Companies which sets out the following:

- CJL Partners Scale of Fees as at 1 July 2009;
- CJL Partners alternate Scale of Fees;
- Description of work completed and/or to be completed for the Voluntary Administration period and a summary of our costs therein for that company within the Swish Group of Companies;
- Description of work to be completed for the period of the proposed Deed for the Swish Group of Companies (if applicable) and a summary of our proposed remuneration therein;
- Description of work to be completed for the period of the Liquidation (if applicable) and a summary of our proposed remuneration therein for Swish Group of Companies.

Creditors should note that the estimates provided in respect to our proposed Deed Administrators or Liquidators fees are based on the information to hand. Subsequent events may increase these amounts and where applicable, we may be required to seek further approval for our remuneration.

Where possible, we seek to ensure that the tasks required to be done are allocated to staff members with the lowest charge rate commensurate with the skills and experience necessary to perform the tasks.

Should you have any queries, please do not hesitate to contact Mr Adrian Warry or Ms Lauren Graham of this office.

REMUNERATION REPORT TO THE CREDITORS OF

SWISH DIGITAL SPARK PTY LTD (Administrators Appointed) A.C.N. 128 461 325

This report has been prepared for the purpose of providing creditors with an understanding of the activities which have been or may be undertaken by our office during the course of our appointment as the Joint and Several Administrators of the company and if applicable, the Joint and Several Deed Administrators or the Joint and Several Liquidators of the company and our proposed remuneration in relation to same.

Our proposed remuneration has been calculated on the basis of the time based / hourly rate method for the reasons as explained in our Notice to Creditors dated 11 November 2009.

Our Current Scale of Fees (as at 1 July 2009), which we believe is in line with current industry rates is set out on the following page together with a general guide showing the qualifications and experience of staff engaged in the administration and the role they take in the administration. The hourly rates charged encompass the total cost of providing professional services and should not be compared to an hourly wage.

These rates are subject to an additional ten (10) per cent in respect of goods and services tax.

Where possible, we seek to ensure that the tasks required to be done are allocated to staff members with the lowest charge rate commensurate with the skills and experience necessary to perform the tasks.

Should creditors resolve to execute a Deed of Company Arrangement at the second meeting of creditors, we propose to put forward a resolution to approve and fix the Joint and Several Administrators' remuneration as per the attached Scale of Fees for the Administration period.

Alternatively, should creditors resolve to wind up the company then we propose to put forward a resolution to approve and fix the Joint and Several Administrators' remuneration at our Current Scale of Fees (as at 1 July 2009).

As previously stated, should creditors resolve to execute a Deed of Company Arrangement at the second meeting of creditors, we propose to put forward a resolution to approve and fix the Joint and Several Administrators' remuneration at an alternative Scale of Fees for the Administration period. Attached is details of the alternative Scale of Fees.

In the circumstances, creditors will be asked to approve and fix the Joint and Several Administrators' remuneration for the period up to the Second Meeting of Creditors by passing the following resolution:

"That the remuneration for the period 26 August 2009 to 18 November 2009 of the Joint and Several Administrators be on a time basis and be fixed in respect of themselves, their partners and staff at the hourly rates applicable to the grades or classifications set out in the CJL Partners Scale of Fees and Insolvency Rate Experience Classification as presented to the meeting and fixed to a maximum of \$13,891.00 (excluding GST). The Joint and Several Administrators are authorised to make periodic payments on account of such accruing remuneration from time to time.

Any goods and services tax payable on the remuneration so approved is to be in addition to the amounts approved.

Such remuneration as approved is subject to review by the Court upon the application of the Joint and Several Administrators or any officer, member or creditor of the company in accordance with the Corporations Act 2001."

Alternatively, should creditors resolve to wind up the company then we propose to put forward a resolution to approve and fix the Joint and Several Administrators' remuneration at our Current Scale of Fees (as at 1 July 2009).

In the circumstances, creditors will be asked to approve and fix the Joint and Several Administrators' remuneration for the period up to the Second Meeting of Creditors by passing the following resolution:

Estimating the level of remuneration required for the liquidation of the respective companies is inherently difficult. As such, should creditors resolve to group the Swish Group of Companies and that collectively the Swish Group of Companies be placed into liquidation, we would propose that a maximum level of remuneration be approved in this instance, which cannot be exceeded without the prior approval of either creditors or the Court.

In light of the above and based on the information to hand, it is estimated that should creditors resolve to group the Swish Group of Companies and that collectively the Swish Group of Companies be placed into liquidation, our Joint and Several Liquidators' remuneration will total \$150,000.00 (excluding GST) for the period of the liquidation. Accordingly, creditors will be asked to approve the Joint and Several Liquidators' remuneration by passing the following resolution:

"That the remuneration of the Joint and Several Liquidators be on a time basis and be fixed in respect of themselves, their partners and staff at the hourly rates applicable to the grades or classifications set out in the CJL Partners Scale of Fees and Insolvency Rate Experience Classification as presented to the meeting. The amount is to be fixed to a maximum of \$150,000.00 (excluding GST) for the period of the liquidation. The Joint and Several Liquidators be authorised to make periodic payments on account of such remuneration from time to time.

Any goods and services tax payable on the remuneration so approved is to be in addition to the amounts approved.

Such remuneration as approved is subject to review by the Court upon the application of the Joint and Several Liquidators or any officer, member or creditor of the company in accordance with the Corporations Act 2001."

DISBURSEMENTS

Disbursement costs may be divided into three (3) types: A, B1 and B2.

A	Disbursements are all externally provided professional services and are recovered at cost. An example of an A disbursement is legal fees
B1	Disbursements are externally provided non-professional costs, such as travel, accommodation and search fees. B1 disbursements are recovered at cost.
B2	Disbursements are internally provided non-professional costs such as photocopying and document storage. B2 disbursements are charged at cost, except for photocopying, printing and telephone calls which are charged at a rate which was intended to recoup both variable and fixed costs.

Details of the disbursements paid during the course of our appointment are summarized in the Joint and Several Administrators Receipts and Payments located in Part 9 of our Section 439A Report to Creditors attached.

Whilst we do not require the approval of creditors to pay disbursements, the notes which form part of the Joint and Several Administrators Receipts and Payments have been provided to assist creditors in understanding the disbursement costs incurred during the course of the voluntary administration up to the preparation of this report.

Creditors are also able to obtain further information about our remuneration and disbursements on written request.

We refer creditors to an information sheet titled "Approving Fees: A Guide for Creditors" which may be obtained from the ASIC website at:

Insolvency information for directors, employees, creditors and shareholders

ASIC has eleven (11) insolvency information sheets to assist you if you're affected by a company's insolvency and have little or no knowledge of what's involved.

These plain language information sheets given directors, employees, creditors and shareholders a basic understanding of the three most common insolvency procedures – liquidation, voluntary administration and receivership. There is an information sheet on the independence of external administrators and one that explains the process for approving the fees of external administrators. A glossary of commonly used insolvency terms is also provided.

The Insolvency Practitioners Association ("IPA"), the leading professional organization in Australia for insolvency practitioners, endorses these publications and encourages its members to make their availability known to affected people.
