

20 November 2009

AstiVita Initial Public Offer to close on 27 November 2009

Enthusiastic shareholder support for the AstiVita share offer has enabled directors to close the offer early and bring forward the listing date anticipated to be 16 December 2009.

The Priority Offer to Tamawood shareholders will close at 5pm (AEST) on 27 November 2009.

Applications for New Shares under the Prospectus dated 20 October 2009 will also close on 27 November 2009.

The overwhelming demand for shares under the Priority Offer will result in some scale-back of allocations to accommodate the minimum shareholder spread required to satisfy the listing requirements for admission to the ASX.

The anticipated listing date is now 16 December 2009.
