About ABM Resources

ABM Resources is a minerals exploration company focused on gold in the Tanami & Arunta Regions of the Northern Territory. The Company has entered into a strategic alliance agreement with Tanami Gold NL and has completed an acquisition of assets with Newmont. Over the past six months the Company has restructured, incorporated a new board and management group and secured the largest land position in what is arguably Australia's final frontier for major gold discovery. The Company is planning on drilling several targets in 2010 and aggressively drilling out discoveries to resource.
