## DRILLING COMMENCES AT HIGH GRADE GOLD & URANIUM PROJECT

The Board of Acclaim Exploration NL (ASX: AEX, “**Acclaim**” or “**the Company**”) has been advised that drilling has commenced at the Mangalisa Project in the Republic of South Africa. The shareholders will vote on the proposed transaction at 10am on the 25<sup>th</sup> June to approve the proposed agreement with Goldcorp Limited (“Goldcorp”) to acquire an initial 33% interest with an option to increase to 50% in the Mangalisa project in the Free State Goldfields in the Republic of South Africa.

The Mangalisa Gold project is located 20 klms east of Welkom, the urban centre of the Free State Goldfield within the Republic of South Africa. The Exploration right covers an area of 180 km<sup>2</sup> with existing large scale mining operations to both the East and North. Harmony Golds Masimong No5 Shaft gold operations are located 10klm to the south of the project area.

The Free State region has historically produced in excess of 300 million ounces of Gold and has proven mining law and tenement infrastructure. The property has been historically drilled by various groups including Gencor and Superior International Mining.

Seven percussion holes were drilled within the exploration area in the 1960's originally then in 1988 one hole **PG-1** was re opened and sampling confirmed at the 776m depth with the following results:

**45.8g/t Au and 3.79kg/t U over 0.45m**  
**91.8g/t Au and 7.24kg/t U over 0.21m**  
**51.1g/t Au and 4.27kg/t U over 0.32m**

### Proposed Exploration Plan

The Company will advance USD\$1.5 million to facilitate the Drilling of 8 new boreholes on a 200m grid spacing around the existing hole **PG-1** from which the previously identified results occurred. The plan is to drill the holes to a depth of 1000m in order to verify the existence and provisional extent of the inferred deposition fan structure.

The Company advises that this proposed transaction is highly speculative and subject to shareholder and regulatory approval.

Yours faithfully

A R Hamilton  
Chief Executive Officer
