The Manager  
Company Announcements Office  
Australian Stock Exchange

The Directors of Aircruising Australia Limited wish to advise that in line with our original business plan and after due consideration we have decided to undertake some development work on the Bellinger River Tourist Park.

Funding has been secured to install four two-bedroom highset riverfront villas, four one-bedroom villas and new bathrooms on the park. This work will not only increase the overall value of the park but also increase our earning potential and mean that our results are not so weather dependant.

Geoff Watson  
Company Secretary
