Commentary

Progress on Chongqing e-kiosk Project

In July 2010, Byte Power's subsidiary in China entered into an exclusive agreement with Sanxia Books and Periodicals Media Limited ("Sanxia"), a Chinese owned entity based in Chongqing with China Post being its controlling shareholder to provide marketing and advertising services in Chongqing.

With this new partnership in place, Byte Power Chongqing can now provide a full range of advertising opportunities including outdoor, newspaper and magazines which results in enhancing our advertising revenue moving forward. This will also enable the Company to target organizations around the region through this range of offerings.

On 28th September, 2010, Byte Power Chongqing signed a second agreement with Sanxia to co-operate on the deployment of ATMs and Information Terminals for potential local and foreign financial institutions.

The discussions between Byte Power and the organizations wishing to use the Company's services to market their products and services in Chongqing are ongoing.

Capital Raising

As announced to the market today, the Company has completed a placement of 67,799,999 ordinary shares and raised \$203,400. These funds will be used for general working capital.
