Request for Suspension

In accordance with ASX Listing Rule 17.2, Coote Industrial Limited (Coote) requests an immediate suspension with respect to its ordinary shares whilst it finalises contract documentation with respect to a significant transaction. Coote released announcements earlier this morning advising that the South Spur sale had been executed. This was premature – whilst all parties are agreed on terms and conditions, the contract documents are not yet signed by all parties. This is expected to occur very shortly, but until this is finalised a suspension is requested.

The Company requests that the suspension commence at the start of normal trading on Monday, 7 June 2010.

Coote Industrial Limited is unaware of any reason why the suspension should not be granted, nor of any further relevant information which should be provided to the market in respect to the suspension.
