## STOCK EXCHANGE ANNOUNCEMENT

### Boardroom Radio as Barnes Hill Nears Finalisation

#### ASX Release Stock Code: PRW

Proto Resources & Investments Ltd ("Proto") is pleased to provide the opportunity to listen to an audio broadcast with **Mr Andrew Mortimer, Managing Director** in a presentation titled "**Proto MD Discusses Reserve Estimate and New Ground in WA - Andrew Mortimer, Managing Director**".

The broadcast follows work in finalising elements of the Development Proposal and Environmental Management Plan ("DPEMP") for the Barnes Hill deposit near Beaconsfield, Tasmania. The final environmental report is to be completed this week and a mine plan delivered next week. These reports will form the backbone of the DPEMP, which is to be completed in mid-December. On receipt, these reports will be submitted to allow Mineral Resources Tasmania to complete its assessment of Proto's already submitted Mining Lease Application (1872 P/M). Proto will then submit the DPEMP itself in early January to better enable community exposure without interfering with the Christmas/New Year holiday period.
