

ASX Announcement

30 April 2010

The directors of Palace Resources Ltd ("Palace" or the "Company") have pleasure in presenting their quarterly report for the period ended 31 March 2010.

Company Profile

Palace is an Australian based resources company focused on exploration and investment opportunities across the resources sector.

The Company has current landholdings in the North West of the Northern Territory and the Nabberu basin in Western Australia with a predominant focus on uranium.

Corporate

The current shareholding of the Company is 115,143,443 fully paid ordinary shares and 51,607,005. All options expire on 30 June 2012, although 37,283,858 options have an exercise price of 20 cents each and 14,323,147 have an exercise price of 6 cents each. These options are traded separately on the ASX.

At the date of this report, the capital raising exercise is not fully completed.

Operations

Tanami

Further to the Company's announcement (30 October 2009) the directors of Palace Resources Ltd ("Palace" or the "Company") acknowledge that they are in Joint venture with Excalibur Mining Corporation Ltd with regard to the Tanami tenements.

In accordance with the joint venture documentation, Excalibur must expend a minimum of \$300,000 within the first 12 months on EL 25207 ("Stage One Expenditure") with the right to earn up to a 90% interest in the uranium rights plus others minerals on expenditure of an additional \$200,000 within the next 24 month period ("Stage Two Expenditure").

Upon satisfaction of the Stage Two Expenditure obligation:

• Palace will be deemed to have transferred to Excalibur 90% of its uranium right plus title and interests in the tenements; and

• Excalibur will have deemed to have transferred to Palace 10% of its right, title and interests in the gold rights.

Effectively this means that Excalibur will own a 90% Participating Interest and Palace will own a 10% Participating Interest.

No activity was undertaken on the Tanami tenements during the period. Pending access following the "wet" season, a drilling campaign is planned as a first pass exploration program to follow up the previous airborne geophysical's that indentified a number of attractive targets, based o the interpretation of structural and radiometric data.

Notes

- The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity wanting to disclose additional information is encouraged to do so, in a note or notes attached to this report.
- The "Nature of interest" (items 6.1 and 6.2) includes options in respect of interests in mining tenements acquired, exercised or lapsed during the reporting period. If the entity is involved in a joint venture agreement and there are conditions precedent which will change its percentage interest in a mining tenement, it should disclose the change of percentage interest and conditions precedent in the list required for items 6.1 and 6.2.

7

- 3 **Issued and quoted securities** The issue price and amount paid up is not required in items 7.1 and 7.3 for fully paid securities.
- 4 The definitions in, and provisions of, AASB 1022: Accounting for Extractive Industries and AASB 1026: Statement of Cash Flows apply to this report.
- 5 **Accounting Standards** ASX will accept, for example, the use of International Accounting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if any) must be complied with.
