IMPORTANT INFORMATION

This Prospectus contains important information for you as a Shareholder and requires your immediate attention. It should be read in its entirety. If you have any questions as to its contents or the course you should follow, please consult your stockbroker, accountant, solicitor or other professional adviser immediately.

The Rights offered are renounceable and so any Shareholder who does not wish to take up the Offer in whole or in part may sell their Rights on ASX or privately, subject to demand. Rights trading commences on 17 May 2010. If you do not take up all your Rights, your shareholding will be diluted. Shareholders who wish to take up more than their Entitlement may apply for New Shares in excess of their pro-rata entitlement under the Issue or purchase Rights, subject to the provisions of the Corporations Act. If not accepted or sold, the Rights will lapse.

This Prospectus was lodged with ASIC under section 718 of the Corporations Act on 13 May 2010.

IMPORTANT NOTICE

This Prospectus is issued by Wallace Absolute Return Ltd ABN 58 100 854 788 (AFSL 221 282), contains an offer to apply for New Shares and is dated 13 May 2010.

A copy of this Prospectus was lodged with ASIC and ASX on 13 May 2010. Neither ASIC nor ASX nor their respective officers take any responsibility with respect to the contents of this Prospectus.

The Closing Date of the Offer is 10 June 2010 unless the Offer is closed early or extended.

The Issue is fully underwritten by E-quest Capital Pty Ltd. See Section 5.3(c) and 7.2 for further details in relation to the Underwriter and the Underwriting Agreement.

No New Shares or other securities will be allotted or issued on the basis of this Prospectus later than thirteen months after the date of this Prospectus.

The maximum number of New Shares to be issued pursuant to the Offer is 71,786,794. New Shares will only be issued on receipt of a properly completed Application (including payment of the Application Money for the relevant number of New Shares) accompanying this Prospectus or on payment of the Application Money through BPay®.

All Application Money for New Shares received by WAB before the issue of New Shares subscribed for pursuant to this Prospectus will be held on trust for the relevant applicant. No interest will be paid on Application Money. If the Offer does not proceed for any reason, all Application Money will be returned in full as soon as possible to applicants, without interest.

Foreign Shareholders

The New Shares are not offered in any jurisdiction in which, or to any person to whom it would be unlawful to make such an offer.

The Offer is not being extended (and accordingly, Applications will not be sent), and the New Shares will not be issued, to a Shareholder with a registered address outside of Australia, other than Shareholders on the Record Date with a registered address in New Zealand. No action has been taken to register or qualify the New Shares or the Offer, or otherwise to permit a public offering of the New Shares, in any jurisdiction outside of Australia.

WAB has determined that it is unreasonable to extend the Offer to Excluded Shareholders having regard to the number of Shareholders residing in such places, the number and value of New Shares they would be offered, and the costs of complying with the legal and governmental and other regulatory requirements in those places. WAB will send details of the Issue and advice to those Excluded Shareholders that they will not be included in the Offer.

With respect to the Entitlements of Excluded Shareholders, WAB intends to appoint an ASIC approved nominee to sell their Entitlements. The net proceeds of sale (if any) of those Entitlements will be forwarded as soon as practicable to the Excluded Shareholders for whose benefit the Entitlements have been sold in proportion to their shareholdings (less brokerage commission and other expenses). The Nominee will have the absolute and sole discretion to determine the timing and the price at which the Entitlements may be sold (subject to demand for the Entitlements on ASX) and the manner in which any sale is made.

Any interest earned on the proceeds of the sale of the Excluded Shareholders' Entitlements will firstly be applied against expenses of such a sale, including brokerage, and any balance will accrue to WAB.

Neither WAB nor the Nominee will be liable for a failure to sell Entitlements or to sell Entitlements at any particular price. If there is no viable market for the Entitlements of Excluded Shareholders, their Entitlements will be allowed to lapse and the relevant New Shares will be dealt with under the terms of this Prospectus as Shortfall Shares.

In making the Offer in this Prospectus available to Shareholders in New Zealand, WAB is relying on the Securities Act (Overseas Companies) Exemption Notice 2002 (New Zealand), by virtue of which this Prospectus is not required to be registered in New Zealand. Shareholders resident in New Zealand should consult their professional advisors as to whether any governmental or other consents are required or other formalities need to be observed to enable them to subscribe for New Shares pursuant to this Prospectus.

No representations or advice

No person is authorised to give any information or to make any representation in connection with the Offer which is not contained in this Prospectus. Any information or representation not so contained may not be relied on as having been authorised by WAB in connection with the Offer.

The information provided in this Prospectus is not financial product advice and has been prepared without taking into account any person's investment objectives, financial circumstances or particular needs.

Certain words and expressions used in this Prospectus are defined in the Glossary in Section 8.

13 May 2010

Dear Shareholder

This Prospectus provides you with information regarding the re-capitalisation of Wallace Absolute Return Limited ("WAB" or "Company") via an 8.5 for 10 renounceable rights offer ("Offer") at 3.5 cents per share. At the same time the Company proposes to undertake other initiatives to re-position the Company as detailed below. The Offer will be fully underwritten by E-quest Capital Pty Ltd ("E-quest") and will raise approximately \$2.5 million before costs.

The additional capital is being raised to provide WAB with greater scale and to better position it to extract value from existing assets. It will also allow the Company to review other value accretive opportunities within WAB's existing investment mandate.

Following completion of the Offer, WAB anticipates undertaking a number of other initiatives to re-position the Company, including:

- Appointment of Spiro Paule and Tony Roussos to the board of WAB ("Board"). Both Spiro Paule and Tony Roussos are associated with E-quest, the underwriter.
- Retirement of Alan Liddle and Michael Birch from the Board.
- Replacement of Michael Birch with Spiro Paule in the role of Managing Director of the Company.
- Cost saving initiatives including a reduction in Directors' fees and a relocation of the Company's office to Melbourne.
- the change of its name and the consolidation of its share capital. The Company anticipates putting resolutions to effect these changes to Shareholders at the next annual general meeting together with resolutions to re-appoint any Directors as appropriate.

Background to the Offer

At the AGM in November 2009 the Company announced it would conduct a strategic review. The strategic review assessed alternatives available to the Company to address its small capital base and the considerable costs associated with running a standalone listed investment company of its size.

Wallace Absolute Return Limited
Level 3, 20 Loftus Street Sydney 2000 NSW
ABN: 58 100 854 788
PO Box R1436 Royal Exchange NSW 1225
T. +612 9255 9770 F. +612 9255 9701
E. enquiries@wallaceabsolutereturn.com.au

As part of the strategic review, the Company explored a range of alternatives including:

- a sale or merger;
- winding up;
- a re-capitalising and re-positioning of the Company; and
- maintaining the status quo.

The Board has assessed each of these alternatives and believes that a re-capitalisation and re-positioning of the Company presents the best available option for Shareholders.

Key terms of the Offer

The Offer price of 3.5 cents per New Share represents a 13.1% discount to the volume weighted average price of WAB Shares on the ASX in the 1 month ending 4 May 2010. This price was determined by the Board having regard to general market conditions and the size of the Offer relative to the existing capital base.

Eligible Shareholders will be entitled to subscribe for ordinary fully paid New Shares in WAB at a ratio of 8.5 for every 10 shares held on the Record Date.

The Company has agreed that E-quest will fully underwrite the Offer, having regard to the Company's other options. E-quest is a newly incorporated entity associated with Spiro Paule and Tony Roussos.

Each of the Directors has indicated that he will be taking up his Entitlement or procure that third party holders associated with the Directors take up their Entitlement in full.

E-quest has confirmed to the Board that should it obtain a significant holding in WAB resulting from it underwriting the Offer it has no present intention to seek to modify or otherwise change the Company's present business and strategy. However, Spiro Paule has indicated that he will, in his position as Managing Director, seek to reduce the costs of WAB and to consider whether WAB's current investment mandate is appropriate having regard to the size of WAB and the funds it has available for investment.

As the Offer is renounceable, all eligible Shareholders have the opportunity to maintain their relative interest in the Company by subscribing for their Entitlement, or, alternatively, to possibly realise some value through the sale of their Rights on the ASX.

Further terms of the Offer are set out in this Prospectus. **I encourage Shareholders to read this Prospectus in its entirety.** If Shareholders have any questions relating to the Offer, they are encouraged to seek the advice of a legal or financial adviser.

Yours sincerely,

Ken Barry
Chairman

Where the number of New Shares issued to an applicant is less than the number of New Shares applied for, the surplus Application Money will be returned to the applicant as soon as practicable after the close of the Offer. Interest will not be paid on Application Money held by WAB or returned to an applicant and any interest earned on Application Money will be retained by WAB.

New Shares will be issued as soon as practicable after the Offer closes. WAB will refund Application Money to the extent to which it relates to an unsuccessful application under the Shortfall Facility.

It is the responsibility of applicants to determine the number of New Shares issued to them prior to trading in New Shares. Applicants who sell New Shares before they receive their holding statement do so at their own risk.

NOTE: An Application will not be correctly completed unless it is accompanied by a cheque for the full amount payable in Australian currency drawn on an Australian branch of an Australian bank.

2.3 Full acceptance of Entitlement

You may accept all of your Entitlement by using BPay® (as referred to in Section 2.2(a)) or by completing the Application in accordance with the instructions on the Application and sending it, together with payment in full, to the Registry as set out in Section 2.2. If you accept all of your Entitlement, you may also apply for additional New Shares at the same time under the Shortfall Facility by completing the Application.

2.4 Partial acceptance of Entitlement

If you wish to take up part of your Entitlement and allow the balance to lapse, you should:

- complete the Application for the number of New Shares you wish to take up and pay the relevant Application Money by cheque; or

- pay the relevant Application Money for the number of New Shares you wish to take up through BPay®,

and do nothing in relation to the balance of your Entitlement, which will lapse on the Closing Date. Alternatively if you want to sell the balance as Rights on ASX, you should provide instructions to your stockbroker regarding the number of Rights you wish to sell on ASX.

See Section 2.2 for further details regarding acceptance of the Offer.

Rights which are not accepted, traded or transferred will lapse.

2.5 Selling Rights on ASX

If you wish to sell any of your Entitlement as Rights on ASX, you should provide instructions to your stockbroker regarding the number of Rights you wish to sell. Trading of Rights will commence on 17 May 2010 and will cease on 3 June 2010.

2.6 Selling Rights other than on ASX

If you are a Shareholder on the issuer sponsored subregister, you may sell all or some of your Entitlement as Rights to another person other than on ASX by forwarding a completed standard renunciation and transfer form (obtainable from the Registry) and the applicable buyer's cheque for the New Shares they wish to subscribe for **by 5.00pm (Sydney time) on 10 June 2010**, to the Registry as set out in Section 2.2.

If your Shares are on the CHESS subregister, you may sell all or some of your Entitlement as Rights to another person on the CHESS subregister by engaging your stockbroker. If the buyer wants to exercise some or all of those Rights, you should follow your stockbroker's instructions as to the most appropriate way to take up those Rights on their behalf. The buyer's cheque for the New Shares they wish to subscribe for must be received by the Registry as above.

2.7 Non-acceptance of Entitlement

If you do not wish to take up any part of your Entitlement, you are not required to take any action.

If you decide not to accept all or part of your Entitlement, the New Shares not accepted will be dealt with in accordance with Section 5.3 and will be dealt with under the terms of this Prospectus as Shortfall Shares.

2.8 Shortfall Facility and applications for additional New Shares

Subject to the Corporations Act, the requirements of the Listing Rules and the terms of the Underwriting Agreement, the Directors have reserved the right to place some or all of any Shortfall arising from Shareholders applying for less than their Entitlement under the Offer, within 3 months after the Closing Date. The Directors may (in consultation with the Underwriter) at their discretion place the Shortfall Shares with Shareholders who apply for New Shares under the Shortfall Facility and may make this offer pursuant to this Prospectus.

Under the Shortfall Facility, Shareholders (other than Excluded Shareholders and related parties of WAB, unless approved by the Shareholders), may apply for additional New Shares forming part of the Shortfall Shares, provided that they take up their full Entitlement indicated on the Application. The allocation of these New Shares will be limited to any Shortfall Shares and will be at the discretion of the Directors (in consultation with the Underwriter). Accordingly, Shareholders who apply for additional New Shares under the Shortfall Facility may receive fewer than that number for which they applied.

In that event, any surplus Application Money received from the relevant Shareholders will be returned in full (without interest) as soon as practicable after the closing of the Offer.

Shareholders wishing to apply for New Shares in excess of their Entitlement should do so in accordance with the instructions on the Application.

Any Shares not issued to Shareholders pursuant to the Shortfall Facility will be issued to the Underwriter in accordance with the Underwriting Agreement.

As discussed in Section 3.8, the Offer is not being extended to Excluded Shareholders and Excluded Shareholders are also not entitled to apply for New Shares under the Shortfall Facility.

The distribution of this Prospectus and the accompanying Application outside of Australia and New Zealand may be restricted by law and persons who come into possession of this Prospectus and the accompanying Application should seek advice on and observe those restrictions. Any failure to comply with those restrictions may constitute a violation of applicable securities laws.

This Prospectus does not constitute an offer in any place in which, or to any person to whom, it would not be lawful to make such an offer. The provision of this Prospectus to persons with registered addresses outside of Australia or New Zealand is for information purposes only.

3.9 Underwriting

The Issue is fully underwritten by E-quest Capital Pty Ltd. See Section 5.3(c) for further details in relation to the Underwriter and Section 7.2 for details in relation to the material terms of the Underwriting Agreement, including the circumstances in which the agreement can be terminated.

The Underwriter will receive a fee of 2.5% of the total amount sought to be raised under the Issue.

3.10 Risks

Subscribing for New Shares includes various risks. There are general risks associated with owning shares in a publicly listed company and specific risks associated with owning shares in WAB.

Refer to Section 6 for further information in relation to the risks associated with owning shares in WAB.

3.11 Taxation implications for eligible Shareholders

Set out below is a summary of the Australian tax implications of the Offer for eligible Shareholders who are residents of Australia for tax purposes and who hold their Shares as capital assets (rather than as assets used in carrying on a business or who carry on the business of share trading, banking or investment).

The summary below does not take account of the individual circumstances of any particular Shareholder. Shareholders should seek specific advice applicable to their own particular circumstances from their own financial or tax advisers.

- (a) **Issue of Entitlements:** Subject to the qualifications noted above, the issue of the Entitlements should not of itself result in any amount being included in the assessable income of a Shareholder.

-
- (b) **Acceptance of Entitlements:** Shareholders who accept their Entitlements and subscribe for New Shares will acquire them with a cost base for capital gains tax (CGT) purposes equal to the issue price payable by them for those New Shares plus any non-deductible incidental costs they incur in acquiring those New Shares. Shareholders should not make any capital gain or loss, or assessable income, from exercising their Entitlement or subscribing for the New Shares.
- (c) **New Shares:** Shareholders who accept their Entitlements will acquire New Shares. Any future dividends or other distributions made in respect of those New Shares will be subject to the same taxation treatment as dividends or other distributions made on Shares held in the same circumstances.

On any future disposal of New Shares, Shareholders may make a capital gain or capital loss, depending on whether the capital proceeds of that disposal are more than the cost base or less than the reduced cost base of the New Shares. The cost base of those New Shares is described above.

New Shares will be treated for the purposes of the CGT discount as having been acquired when the Shareholder exercised the Entitlement to subscribe for them. Accordingly, in order to benefit from the CGT discount in respect of a disposal of those New Shares, a Shareholder that is an individual, trust or complying superannuation fund must have held the New Shares for at least 12 months after that date before the disposal occurs (in addition to satisfying any other conditions affecting the ability of the Shareholder to benefit from the CGT discount).

- (d) **Other Australian taxes:** No Australian Goods and Service Tax (GST) or stamp duty is payable in respect of the grant or exercise of the Entitlements or the acquisition of New Shares

4 THE COMPANY

4.1 Operational update

At WAB's annual general meeting in November 2009, the Board announced that it would undertake a strategic review process for WAB's future.

A concern of the Board and a focus of the strategic review are WAB's cost base and its sub-scale capital base. Being a listed investment company involves a certain amount of fixed regulatory and general running costs. As WAB's net assets have fallen (most significantly as a result of the write down of the investment in HAL and trading losses incurred when Wallace Funds Management was the investment manager), these costs as a percentage of overall net assets have risen.

WAB has also had a number of significant one off expenses as it has sought to resolve the complex issues associated with Wallace Funds Management and the restructuring of its investment in HAL.

The Board has endeavoured to rectify as far as possible these legacy issues by:

- terminating the external management agreement with Wallace Funds Management for material breach and commencing litigation against Wallace Funds Management and Richard Wallace;
- establishing an internal investment management capability;
- reducing risk in the investment portfolio by amending WAB's investment guidelines;
- restructuring WAB's investment in HAL; and
- implementing a strategic review process to identify the optimal strategy for WAB going forward.

The Offer is one element of the outcomes of the strategic review which has now been completed.

4.2 Litigation against Richard Wallace and his related entities

WAB has filed a claim in the Supreme Court of New South Wales against Wallace Funds Management, Richard Wallace and related entities. The damages claim seeks to recoup losses sustained by WAB as a result of:

- alleged breaches of contractual and fiduciary obligations and alleged misleading and deceptive conduct by Wallace Funds Management;
- alleged breaches of contractual and fiduciary obligations and directors' duties, and alleged misleading and deceptive conduct by Richard Wallace; and
- involvement of companies related to Richard Wallace in the alleged breaches and conduct of Wallace Funds Management and Richard Wallace.

4.3 Investment in HAL

In 2009, together with legal, financial and commercial advisers, the Board conducted a thorough review of WAB's investment in HAL. This resulted in a restructuring of the exposure to HAL and WAB now has greater rights than it did prior to the restructuring.

The investment in HAL continues to be carried at nil in WAB's accounts to reflect its associated risks and likelihood of meaningful recovery. Trading conditions for HAL remain difficult and the Board will continue to keep Shareholders updated with any material developments.

As announced on ASX on 4 May 2010, WAB received a written unconditional offer from HAL to acquire all of the debt and equity interests in HAL held by WAB and another third party, the Solar Fund. The total consideration offered to both parties is \$1.75 million to be paid in cash. This consideration would be shared between the parties in a manner to be agreed but it is expected that WAB's consideration would be in excess of \$1.5 million. The offer was open for seven days and WAB sought clarification on a number of matters in relation to the offer. No clarification was provided and the offer has lapsed. If appropriate, the Board will seek to engage further with HAL to see if an acceptable offer can be made.

WAB has had other confidential approaches from time to time in respect of its investment in HAL. However, on those occasions, the Board formed the view that the interest was of such a conditional or uncertain nature that disclosure to Shareholders was not appropriate or required under the Listing Rules.

The Board will continue to consider and assess any approaches it receives in relation to WAB's investment in HAL and will provide appropriate updates.

4.4 Unaudited share portfolio and cash holding

As at the close of trading on ASX on 11 May 2010 WAB's listed share portfolio has a market value of \$1,662,390 which was invested in securities of companies that are in the ASX200. The positions held by WAB as at 11 May 2010 are listed below.

4.5 Taxation Losses

- (a) **Realised tax losses:** WAB is carrying forward realised tax losses in excess of \$40 million as at 30 June 2009. WAB has written down the value of these losses on its balance sheet to nil because there is no guarantee that it will be able to utilise these losses in the future. The issue of New Shares under the Offer may impact WAB's ability to utilise these losses in the future.

Broadly, the availability of the tax losses is conditional on WAB being able to demonstrate continuity in the majority of its ownership or, failing this, that it has carried on the same business and has not entered any new types of transactions, until the time the tax losses are to be utilised. If there is a significant change in its ownership (including as a result of the issue of New Shares under the Offer), WAB may no longer be able to demonstrate the requisite continuity of ownership, in which case it would need to be able to demonstrate that it has continued to carry on the same business and has not entered any new types of transactions, until the time the tax losses are to be utilised. Whether WAB is able to utilise the losses in the future will be assessed in the tax year in which the losses are to be used (if any). Furthermore, tax losses can only be utilised if WAB is profitable, and no assurance is given that WAB will make a profit.

- (b) **Unrealised tax losses:** As a consequence of its write-off of its investment in HAL (noted in Section 4.3 above), WAB may realise additional losses estimated to exceed \$41 million in the future. The issue of New Shares under the Offer may impact WAB's ability to utilise these tax losses in the future. Should the New Share issue cause a substantial change in the ownership or voting control of WAB, these losses may only be available to WAB if WAB is able to demonstrate that it has continued to carry on the same business and has not entered any new types of transactions. Whether WAB will continue to be able to carry forward these losses can only be properly assessed at the time a substantial change in the ownership or voting control of WAB occurs.

5 PURPOSE AND EFFECT OF ISSUE

5.1 Purpose of Issue

WAB will raise approximately \$2,512,538 from the Issue less expenses of the Offer of approximately \$375,813.

The purpose of the Offer is to raise funds for further investment by WAB. The additional capital raised will provide WAB with greater scale and better position the Company to extract value from existing assets. It will also allow WAB to review other value accretive opportunities within WAB's existing investment mandate.

5.2 Overview of proposed corporate actions

WAB is currently considering a number of changes to the business following completion of the Issue to help re-position the Company as well as improving business efficiencies and reducing costs. These changes include:

- (a) **Board changes:** Resignation of Michael Birch and Alan Liddle. It is anticipated that these Directors will be replaced by appointments made by the Board (as casual vacancies) of Spiro Paule and Tony Roussos, who have been nominated by, and are associated with, the Underwriter. Under the Constitution, the office of a Director appointed as a casual vacancy is vacated at the next general meeting of WAB unless the Director is re-appointed by the Shareholders. Assuming that the appointment of Spiro Paule and Tony Roussos are made by the Board as casual vacancies, the Board will propose resolutions to effect such re-appointments at WAB's next annual general meeting, if appropriate. Further information on the proposed Directors can be found in Section 5.3(d). Further, Ken Barry has indicated his intention to retire as chairman of the Board within 12 months subject to recruiting a suitably qualified independent chairman.
- (b) **Management change:** It is anticipated that Michael Birch will step down from his role as Managing Director of WAB and will be replaced by Spiro Paule. In the interim, Mr Birch intends to provide ongoing investment management services and support on an as required basis to assist with the transition of the new management team. Further information on Mr Paule can be found in Section 5.3(d).
- (c) **Relocation:** It is anticipated that the corporate head office will be moved to Melbourne to allow for additional cost savings.
- (d) **Reduction of Directors' fees:** The fees paid to the Directors will be reduced. It is anticipated that Spiro Paule will receive \$55,000 as Managing Director and Tony Roussos will receive \$30,000 as a non-executive Director. Ken Barry will receive a reduced fee of \$70,000 as chairman. These fees are a material reduction in the fees currently paid to the Board. However, it is likely that to attract an appropriately qualified candidate as WAB's new independent chairman, the fees paid to such chairman will be greater than the reduced amount agreed to be paid to Mr Barry.

In addition, WAB anticipates changing its name and consolidating its share capital. It is anticipated that WAB will put resolutions to effect such changes at WAB's next annual general meeting.

5.3 Effect of the Issue on WAB

(a) Cash reserves and capital structure

The Offer will increase WAB's cash reserves by a maximum of approximately \$2,136,724 (after expenses associated with the Issue).

The Offer will have the following effect on WAB's capital structure.

(c) **Underwriting arrangements – effect on capital structure and control**

As described in Section 3.9, the Underwriter has agreed to fully underwrite the Offer and will subscribe for up to a maximum of 71,786,794 New Shares, being 100% of the New Shares offered under the Offer.

(i) **The Underwriter**

The Underwriter is a newly incorporated company associated with Spiro Paule and Tony Roussos.

The Board agreed to the Underwriter underwriting the Issue for the following reasons:

- *Rights Issue* - as part of the strategic review conducted by WAB, the Directors sought advice on various means by which funding could be raised for the purposes set out in Section 5.1 of this Prospectus. The Directors concluded that conducting a renounceable rights issue was the most appropriate method for WAB to raise funds because the Offer is renounceable so that all eligible Shareholders have the opportunity to maintain their relative interest in WAB or, alternatively, to possibly realise some value through the sale of their Rights on-market (subject to sufficient demand on the ASX).
- *Pricing of the Issue* - when the Directors announced the Offer on 5 May 2010, the last traded price of Shares on the ASX was \$0.040. The Directors determined the price of the New Shares having regard to general market conditions and the size of the Offer relative to the existing capital base. The Board believed that a 13.1% discount to the volume weighted average price of Shares on the ASX in the one month ending 4 May 2010 was an appropriate discount to make the Issue attractive to Shareholders, thereby making it more likely that Shareholders would take-up their Entitlements and reducing the need for the Underwriter to underwrite the Offer.
- *Canvassed the market* - the Board actively sought out interested parties to underwrite the Offer or make other re-capitalisation proposals. After considering the alternative proposals, the Board determined that the Underwriter was the most appropriate party to conduct the underwriting.

- *Sub-underwriters* - As agreed with WAB, the Underwriter may seek parties interested in sub-underwriting the Issue. If sub-underwriters are appointed, the potential number of New Shares issued to the Underwriter (and therefore the effect the Issue will have on the control of WAB) will be reduced.

(ii) **Sub-underwriters**

As referred to in Section 5.3(c)(i), the Underwriter, under the terms of the Underwriting Agreement, has the right to appoint sub-underwriters to sub-underwrite the Offer.

(iii) **Control**

If all eligible Shareholders take up their Entitlements under the Offer and all Entitlements of Excluded Shareholders are sold and then exercised (other than by existing Shareholders or entities associated with or controlled by them), the issue of Shares pursuant to the Issue will have no effect on the control of WAB.

If no eligible Shareholder takes up their Entitlements under the Offer, then the Underwriter must subscribe for all of the Shortfall Shares in accordance with the Underwriting Agreement and, subject to the Corporations Act, may acquire Rights on ASX and exercise those Rights.

The potential effect that the issue of the New Shares under the Issue may have on the control of WAB by the Underwriter is illustrated below:

If the Offer is fully subscribed by eligible Shareholders	No effect on control.
If the Offer is subscribed to the extent of 50% by eligible Shareholders or by people who acquire Rights	The Underwriter's shareholding would increase from 0 to 35,893,397 Shares, being an increase in voting power from 0% to 23.0%.
If the Offer is subscribed by no eligible Shareholders or by people who acquire Rights other than the Underwriter	The Underwriter's shareholding would increase from 0 to 71,786,794 Shares, being an increase in voting power from 0% to 45.9%.

The above table does not include the potential number of Shares or Rights that the Underwriter may be able to purchase on ASX and subsequently exercise to participate in the Issue nor the possible control effects of a Shareholder taking up more than their Entitlements.

(iv) **Intentions**

The Underwriter has confirmed to the Board that it has no present intention to seek to modify or otherwise change WAB's present business and strategy following the Issue, whatever the outcome. However, Spiro

Paule has indicated that he will, in his position as Managing Director, seek to reduce the costs of WAB and to consider whether WAB's current investment mandate is appropriate having regard to the size of WAB and the funds it has available for investment.

Section 5.2 sets out other proposed corporate actions (including changes to the Board and management of WAB) that WAB is currently considering following completion of the Issue.

(d) **Proposed Directors**

As discussed in Section 5.2, it is proposed that Spiro Paule and Tony Roussos will be appointed to the Board and Mr Paule will be appointed as the new Managing Director following completion of the Issue. Set out below is information regarding the experience of Mr Paule and Mr Roussos.

(i) **Mr Spiro Paule (B.Juris, FAIM, Dip. All)**

Spiro entered the financial services industry in 1980 as a superannuation and insurance adviser, after which he held various management roles with the large U.S. insurance and funds management group, Aetna. He resigned from a senior management role with Aetna in 1988 to establish his own financial advice business. The business, Findex, successfully grew from a small start-up to a significant practice predominantly providing financial services to the clients of a number of accountancy and legal firms. In 1990, the business was recruited as one of the first member firms of Associated Planners Group Ltd (now known as Genysys and owned by AXA), an unlisted public company, which went on to become one of the largest non-institutional wealth management advisory businesses in Australia with more than 200 offices around the country. Spiro served as a member of the Associated Planners Group Ltd board between 1996 and 2000.

Starting in 1995 with two of his current partners, Spiro was instrumental in developing a unique technology platform to electronically manage all data, tasks, procedures and processes in a financial services enterprise. This technology was exclusively licensed to Findex from 2001 and the system has given the company ISO 9001 certification, the highest international quality standard. Findex purchased the system in 2008.

Spiro has served as the managing director of the present Findex since its inception in 2001. Findex is a privately owned financial planning and portfolio services organisation formed in 2001 through a merger of several smaller firms. Findex has, over that time, continued to grow through mergers and acquisitions to now be a significant financial services business operating throughout Australia and presently advising on and managing round \$3 billion in investor funds.

Spiro is also chairman and a major shareholder of specialty dairy products manufacturing group, Lemnosfoods Pty Ltd, which over the last decade has grown to be a dominant player in its segment.

Spiro holds a Bachelor of Jurisprudence from Monash University, is a Fellow of the Australian Institute of Management and holds a Diploma from the Australian Insurance Institute.

(ii) **Tony Roussos (B.Sc., M.B.A., Dip.F.P.)**

Tony is the chief operating officer of Findex.

Tony has worked in the financial services industry since commencing work with Findex in 1992. He has been exposed to all facets of the financial services industry and specifically financial advice consulting, including providing personalised financial advice to clients. In his advising role, Tony has provided advice in investment planning and structuring, retirement planning, risk management and estate planning for professionals and business clients. Tony has been involved in industry issues and has headed various industry committees including the Financial Planning Association (FPA) Education Task Force from 2001 to 2004 and specifically chairperson of study units 3 and 7 of the Diploma of Financial Planning to do with Fundamental and Advanced Investment Planning. After Findex procured its own Australian financial services licence in 2001, Tony was appointed a director of the holding company and its subsidiaries. He has been chief operations officer since 2002. He has played an integral role in assisting the Findex board and CEO in implementing the company's growth strategy.

Tony has completed a Science degree (majoring in Applied Math and Statistics) at Monash University in Victoria in 1991, a Diploma of Financial Planning in 1998, and a Masters degree in Business Administration (MBA) in 1999. He has also served as a senior lecturer for The Securities Institute on a casual basis.

6 RISK FACTORS

Intending investors should be aware that subscribing for New Shares involves various risks.

6.1 General risks

There are general risks associated with owning securities in publicly listed companies. The price of securities can go down as well as up due to factors outside the control of WAB. These factors include (but are not limited to) Australian and worldwide economic and political instability; natural disasters; social upheaval or war in Australia or elsewhere; the performance of the Australian stock market and foreign stock markets; Australian and international interest rates and inflation rates and foreign exchange rates.

There may be changes in the taxation, legal and regulatory environments in Australia. These may come about by way of new statutory provisions supplementing, amending or replacing existing statutes or by reason of a change in interpretation. An example of a detrimental change that could occur would be an increase in the rates of taxation applicable to WAB or companies in which it invests. Similarly, changes in government policy relating to taxation or investment may impact on the value of an investment in WAB.

6.2 Specific risks

The operating results and profitability of WAB are sensitive to a number of factors specific to WAB. The following matters, as well as others described elsewhere in this Prospectus, should be carefully considered in evaluating WAB and its prospects:

- (a) **Investment risk:** there are several types of investment risk that may affect your investment in WAB, including a decline in the value of your New Shares (the initial capital value may decrease especially if you are investing for the short term), the amount you receive as income may vary over time or the value of your investment may not keep pace with inflation.
- (b) **Key personnel:** WAB's success may be dependent on a number of key personnel. The loss of 1 or more of these key personnel could have an adverse impact on its business operations. WAB's future ability to recruit and retain highly qualified management personnel will also be critical to its success.
- (c) **Australian financial services licence:** the ability of WAB to conduct its business operations is dependent on the maintenance of its Australian financial services licence and its continued solvency. Maintenance of WAB's Australian financial services licence depends, among other things, on WAB continuing to comply with ASIC imposed licence conditions and the Corporations Act.
- (d) **No guarantee of returns on investment:** No guarantee can be given in respect of the future earnings of WAB and WAB cannot provide a guaranteed level of return to investors.
- (e) **Further capital requirements:** Although the Issue will raise additional capital for WAB, there can be no assurance that further financing will not be required in the future. Market conditions which are prevailing at the time of any further efforts to raise funds will impact on the price or costs at which WAB will be able to raise funds. No assurance can be given that such funding will be available on terms acceptable to

WAB or available at all. In addition, any additional equity financing may dilute shareholdings, and debt financing (subject to availability) may result in restrictions on financing and operating activities of the Company. If WAB is unable to obtain additional financing as needed in the future, it may be required to reduce the scope of its operations and scale back its investments as the case may be.

- (f) **Price and liquidity for Shares:** An investment in Shares should be regarded as speculative. The price of Shares can rise or fall. It can be affected by a range of factors affecting stock markets generally, or industries in which WAB operates. Those matters are often beyond the control of WAB. In addition, liquidity in the trading of Shares (whether on ASX or otherwise) can be affected by a range of matters beyond the control of WAB. There is no guarantee of any return in respect of an investment in Shares, whether by way of profit or capital. In particular, the price of many stocks listed on ASX have, in recent times, been subject to large fluctuations which, in some cases, may have been unrelated to the operating performance of the individual companies concerned. Such fluctuations may adversely affect the market price of Shares.
- (g) **Litigation:** There is no guarantee that WAB will be successful in its legal claim against its former Managing Director, Richard Wallace, and fund manager, Wallace Funds Management. If WAB loses its litigation against Richard Wallace and Wallace Funds Management then it may also be liable to pay the legal costs of those entities in addition to its own legal expenses. Further, even if WAB succeeds in its litigation against Richard Wallace and Wallace Funds Management, it will nevertheless have incurred significant legal costs and there may be no assets from which these costs and any judgement can be recovered.
- (h) **Operating expenses:** If WAB fails to generate sufficient profitability from its investments to cover the operating expenses, WAB's net asset value will fall.
- (i) **Tax losses:** Whilst WAB currently has significant carried forward tax losses, it has written down the value of these losses on its balance sheet to nil because there is no guarantee that it will be able to utilise these losses in the future. The issue of Shares under the Offer may have an impact on WAB's ability to utilise its carried forward tax losses in the future. For a discussion of the treatment of the tax losses that WAB is carrying, please see Section 4.5.
- (j) **Poor investment performance:** The financial performance of WAB is reliant on the investment performance of its portfolio of investments. There is no guarantee that the value of WAB's investments will increase in value and some, or possibly all, of the money invested in the portfolio of investments may be lost.
- (k) **Underwriter indemnities:** Pursuant to the terms of the Underwriting Agreement, WAB has agreed to indemnify the Indemnified Parties against all Losses incurred directly or indirectly by such parties in connection with the Offer. In particular, WAB has agreed to pay all Losses incurred by an Indemnified Party resulting from an application made to, hearing or order of, the Takeovers Panel in connection with the Offer or the Underwriter underwriting the Offer. Such Losses may include Losses suffered as a result of the Takeovers Panel requiring the Underwriter to divest its interest in WAB, such interest having been acquired as a result of the underwriting of the Offer. Refer to Section 7.2 for further information in relation to the terms of the Underwriting Agreement.

The above list of risks is not exhaustive and other factors may in future affect the performance of WAB and the value of its Shares (including the New Shares offered under this Prospectus). WAB makes no assurances or guarantees of future profitability, distributions, payment of dividends, returns of capital or performance of WAB or its securities. Potential investors should read this Prospectus in full and, if they determine that they require further information regarding material risks, seek professional advice.

7 DIRECTORS' INTERESTS AND ADDITIONAL INFORMATION

7.1 Rights and liabilities attaching to the Shares

There will be no liability on the part of Shareholders for any calls and the New Shares will rank pari passu with Shares currently on issue. Detailed provisions relating to the rights and liabilities attaching to the Shares are set out in the Constitution.

The following is a broad summary (though not necessarily an exhaustive or definitive statement) of the rights and liabilities attaching to all Shares which will be issued following acceptance of the Offer:

- (a) **Voting rights** - each Shareholder has the right to vote at a general meeting of Shareholders (whether present in person or by any representative, proxy or attorney) on a show of hands (one vote per Shareholder) and on a poll (one vote per Share on which there is no money due and payable) subject to the rights and restrictions on voting which may attach to or be imposed on Shares.
- (b) **Dividend rights** - each Shareholder has the right to receive any declared dividends, according to the amount paid up on the Share unless otherwise resolved by the Board.
- (c) **Rights on winding up** - in a winding up, the liquidator may, with the authority of a special resolution, divide among members the whole or any part of WAB's property, and may, for that purpose, set such value as the liquidator considers fair on any property so divided, and may determine how the division is to be carried out as between the members or different classes of members.
- (d) **Transfer of Shares** - subject to the Corporations Act and the Listing Rules, Shares are transferable in any form approved by the ASX or in any other form approved by the Directors.
- (e) **Further increases in capital** - subject to the Corporations Act and the Listing Rules, the Directors may issue additional Shares, options over Shares in and other securities of WAB with such preferred, deferred or other special rights or such restrictions as the Directors determine.
- (f) **Variation of rights attaching to Shares** - the rights attaching to Shares may be varied with the approval of Shareholders in general meeting by special resolution.
- (g) **Notice of General meeting and other documents** - each Shareholder is entitled to receive notice of and to attend (unless refused permission pursuant to the Constitution) and vote at general meetings of WAB and to receive all notices, accounts and other documents required to be furnished to Shareholders under the Constitution, the Corporations Act and the Listing Rules.

-
- (e) The indemnity granted by WAB does not extend to any Losses of an Indemnified Party where and to the extent that those Losses:
- (i) result from any fraud, wilful misconduct, gross negligence or breach of the Underwriting Agreement by an Indemnified Party; or
 - (ii) result from the market price of the Shares being less than 3.5 cents (unless WAB has, and then only to extent that the Loss arises as a result of WAB having, breached the Corporations Act).

- (viii) any person gives a notice under section 733(3) of the Corporations Act or any person who has previously consented to the inclusion of its name in this Prospectus or to be named in this Prospectus withdraws that consent provided that the Underwriter may only give such a notice if it is reasonable for it to do so;
- (ix) there is a default by WAB in the performance of any of its material obligations under the Underwriting Agreement;
- (x) a representation or warranty made or given or deemed to have been made or given by WAB under the Underwriting Agreement is reasonably considered by the Underwriter to have been untrue or incorrect in any material respect and the matters rendering the representation or warranty untrue in such respect are not remedied to the satisfaction of the Underwriter prior to the issue of a shortfall notice to the Underwriter;
- (xi) WAB fails to provide the Underwriter with a shortfall notice by the required date;
- (xii) any of the S&P All Ordinaries Index or the S&P Small Ordinaries Index as published by Standard & Poors is at any time after the date of the Underwriting Agreement 20% or more below its respective level as at the close of business on 4 May 2010;
- (xiii) the Underwriter, having elected not to exercise its right to terminate its obligations under the Underwriting Agreement as a result of an occurrence as described in paragraph 7.2(f)(xiii) below, forms the view on reasonable grounds that a supplementary or replacement prospectus should be lodged with ASIC for any of the reasons referred to in section 719 of the Corporations Act and WAB fails to lodge such prospectus in such form and content and within such time as the Underwriter may reasonably require;
- (xiv) WAB lodges a supplementary or replacement prospectus without the prior written agreement of the Underwriter;
- (xv) WAB is prevented from allotting the Offer Shares within the time required by the Underwriting Agreement, the Corporations Act, the Listing Rules, any statute, regulation or order of a court of competent jurisdiction by ASIC, ASX or any court of competent jurisdiction or any governmental or semi-governmental agency or authority;

- (xvii) any authorisation which is material to anything referred to in this Prospectus is repealed, revoked or terminated or expires, or is modified or amended in a manner unacceptable to the Underwriter;

-
- (xviii) a Director or senior manager of WAB is charged with an indictable offence;
