## The Vatovorona Gold Project in Madagascar

---

Cluff announces today that AMBOL, the contract miner for the project, has completed the access track and has substantially completed the support camp on the gold project at Vatovorona in central Madagascar.

Construction of the trail mining pit will commence on Wednesday 1st June 2011.

Photo at left shows the support camp under construction. The artisanal workings can be seen in the middle distance and show the strike line of the gold quartz vein on licence 38698.

Cluff has a 35% interest in the joint venture company Varun Cluff International. Cluff is funding 75% of this first stage to earn its interest.
