

**Media Release and ASX Announcement - Melbourne, 21 October 2011.**

**CPT Global Limited (CGO)**

**CPT Global receives 2011 Governor of Victoria Export Award for ICT Services**

CPT Global Limited was judged as the winner of the '2011 Information and Communication Technology Export Award' which was presented by the Governor of Victoria, The Honourable Alex Chernov AO QC, held at Government House on Wednesday 19<sup>th</sup> October.

This is the second time in the past five years CPT has won this award which recognises the achievements of export-oriented businesses in 12 different categories and qualifies CPT to be a finalist in the Australian National Export Awards to be decided in December 2011.

Managing Director, Gerry Tuddenham, was delighted in winning the award, stating 'This is further recognition of CPT's global business strategy to continue investing in export markets even through the economic downturn. CPT's value proposition is now being recognised in many countries and although our overseas expansion has encountered challenges, our overseas client list now boasts a number of Fortune 500 and blue chip companies which will continue to grow in significance to our overseas operations. The quality of our consultant professionals and management team has been instrumental in the successful execution of our business strategy'.

More than one third of CPT's global revenue now comes from overseas markets. This will continue to grow in the near term.
