## APPOINTMENT OF PRODUCT ENGINEERING MANAGER

4C Security Solutions Limited (ASX: FCS), today announced that the Company has appointed David Reed as Product Engineering Manager for the BQT Solutions business.

David has attained a Bachelor of Engineering (Honours) at Sydney University and a Master of Business and Technology from the University of New South Wales. He has over 25 years of wide-ranging hardware engineering, production and product development experience in the general electronics, telecommunications, wireless communication and audio sectors of the industry.

David joins FCS having previously held senior engineering roles in Genesys Design, Open Access Pty Ltd, Longreach Pty Ltd (formerly Ericsson EAX Pty Ltd and Jtec Pty. Ltd) and AWA Pty Ltd.

FCS's interim CEO, Geoff Cleaves, said "We are very happy that David has agreed to lead the BQT production and development team, he brings with him extensive experience in developing new products, pcb design and best practice for our production and research and development activities".

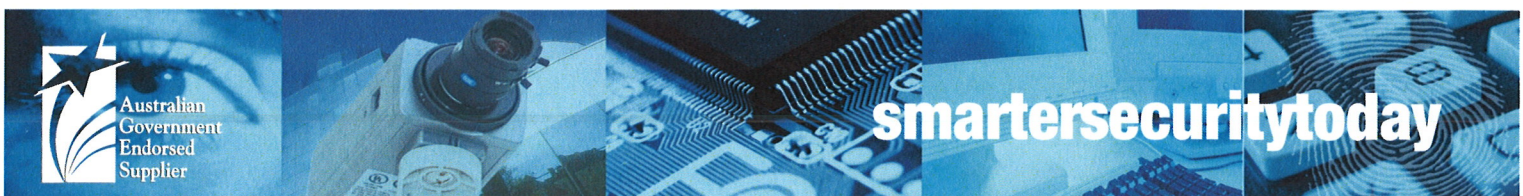

"David's appointment will assist our BQT business in ensuring that our new product development and design will be accelerated in a structured manner and that the commercialisation of new products and production of existing products will be best practice"

Geoffrey Cleaves  
Interim CEO, Director & Company Secretary
