## NEW **miniGuard**™ READER RANGE

4C Security Solutions Limited (ASX: FCS), today announced the release of BQT Solutions new MiniGuard reader range. This new series was designed and developed in Australia for the global distribution marketplace.

BQT has added the MiniGuard distribution range to complement its existing range of high security solutions based products, there are five technology choices are available:-

- BM680 – 125Khz Proximity (choices of up to 40 bits)
- BM682 – Mifare Classic (CSN or BQT sector)
- BM683 – Mifare Classic (Custom keys and Custom formats)
- BM684 – Mifare Classic / DESfire / DESfire EV1 ((CSN or BQT sector)
- BM686 – Mifare Classic / DESfire/ DESfire EV1 / 3DES (Custom keys and Custom formats)

All products provide out-of-the-box functionality, IP65 Rating, FCC,CE & C-Tick certification and the range gives the end user choice as to medium or high security. The BM684 and BM686 are true hybrid readers and offer the added benefit of seamless transition from medium to high security technology.

FCS's interim CEO, Geoff Cleaves, said "The BQT Solutions name has long been synonymous with high quality, service and reliability for its high security tailored solutions business and now BQT have designed and developed an out-of-the-box solution for the distribution market. The new range is powerfully versatile and elegantly compact, The MiniGuard range offers the same expert attention to quality, reliability and functionality at a price which is attractive to all distribution sectors of the market "

Geoffrey Cleaves  
Interim CEO, Director & Company Secretary
