ARROWHEAD BID UPDATED RESEARCH REPORT

New York based Arrowhead Business and Investment Decisions, LLC has today released an updated Research Report on MediVac Limited. The report is available on MediVac's web site under the Investor Information / Press articles tabs.

In addition to releasing an earlier Research Report in March this year, Arrowhead also facilitated an Investor road show for MediVac on the east coast of the USA with presentations in New York, Philadelphia and Florida.

Arrowhead BID, LLC received fees in 2011 from Medivac for sharing in the costs of researching and drafting this report and for a series of other services to Medivac including distribution of this report and networking services.

About MediVac Limited: "MDV"

MediVac delivers cleaner, safer healthcare solutions.

MediVac Technology offers a best practice solution to the handling and remediation of clinical waste. The MetaMizer is an environmentally friendly alternative waste management system for hospitals and quarantine facilities, providing sterile, safe waste disposal on site and reducing waste to landfill by up to 90%.

SunnyWipes are a range of powerful hard surface wipes and hand sanitising gels produced with ingredients derived from natural sources. Using green chemistry, SunnyWipes provides a more natural solution for infection control and disinfection on topical skin and non-porous hard surfaces. SunnyWipes decrease human and environmental health risks.
