The Board of Newland Resources Limited (NRL) is pleased to announce the appointment of **Mr Graham Colliss** as Chief Projects Officer.

Graham was previously Chief Operating Officer of Gloucester Coal Ltd. Graham played the key role in the development and delivery of the Duralie Coal Mine and was instrumental in the expansion of the Stratford operation. Graham has extensive international and domestic experience in both construction and mining operations.

Gavin May says "I'm delighted to be working with Graham again and have him in the Newland Team. Graham's appointment completes the Newland Executive Team. Along with Harvey Crowden and Robert Waring, we now have an in-house team with experience in coal geology, mining, processing, marketing, finance and credible project delivery. This is the best team to unlock the potential of the Comet Ridge Project."

Graham's appointment is another part of the building of NRL into a new coal mining company.

NRL's Executive Team

About Newland Resources Limited

Newland Resources Limited (NRL) is involved in coal exploration and development. The Company identifies, acquires and exploits opportunities in coal resources that could be brought into production to provide thermal and coking coal suitable for the export market. The Company has a 100% interest in six coal leases covering more than 1,900km² in Queensland's Bowen Basin.
