

TRIAUSMIN APPOINTS A NEW MANAGING DIRECTOR AND CEO

April 4, 2011 – TriAusMin Limited (ASX:TRO; TSX:TOR) (“TriAusMin” or the “Company”) is pleased to announce the appointment of Mr. Wayne Taylor to the position of Managing Director and Chief Executive Officer of the Company based in Sydney, Australia, effective May 1, 2011. Commenting on the appointment, Bill Killinger, Chairman said, “We are extremely pleased to have Wayne Taylor join TriAusMin. Mr. Taylor’s experience and broad-based expertise will be instrumental as TriAusMin enters its next phase of growth to become a profitable, producing mining company in the years ahead”.

Mr. Taylor has over 20 years of experience in the mining business including direct operations experience, project evaluation and acquisition experience, and exploration experience in the base and precious metals fields. He holds a Bachelor of Engineering (Mining) degree from the University of New South Wales and a Masters of Business Administration degree from the University of New England. Mr. Taylor has held senior operational management roles with Western Mining Corporation and Glencore International’s Australian operations. For the past six years he has managed Glencore’s base metal business development based out of Australia which involved assessing mining projects throughout the world.

As CEO, Mr. Taylor will lead TriAusMin as it moves toward becoming a profitable mining enterprise in the near-term with a focus on developing the Woodlawn zinc-lead-copper-silver-gold tailings deposit for production, advancing the Woodlawn Underground base/precious metal deposit toward a production decision and conducting an aggressive exploration program on its large property holdings at Lewis Ponds and Woodlawn located in the Lachlan Fold Belt of New South Wales, Australia.

Dr. Robert Valliant, founder and currently Executive Director and acting CEO of TriAusMin will continue to provide expertise as a Director of the Company.

TriAusMin is engaged in the exploration for, and potential development of, base and precious metals deposits located in the Lachlan Fold Belt in New South Wales, Australia. In particular, TriAusMin’s exploration projects include large, 100% owned landholdings at Woodlawn, Lewis Ponds as well as other regional exploration properties.
