Corporate Update

The Directors of Welcome Stranger Mining wish to update the market regarding the Company's progress towards re quotation of its Shares to trading on the ASX.

The Company announced its acquisition of a package of gold and copper exploration tenements from Queensland Ores Holdings Pty Ltd on 13 December 2010.

Since that time, the directors have made several submissions to ASX regarding the conditions required to be satisfied in order for the Company to have its Shares requested on the ASX. The Company was recently advised that the conditions would entail compliance with Chapters 1 and 2 of the listing rules.

Furthermore, the acquisition of the above tenements would require approval by Shareholders, via a duly convened Shareholders meeting. Accordingly the Company is starting the process, and expect to convene and hold the Shareholders meeting in the near future.
