Half Yearly Profit Advice

The Company is pleased to advise that it is expected that the pre-tax operating profit for the half year to December 31st 2012 will be approximately \$1,450,000 (2011: \$1,470,967).

The Directors are intending to recommend a fully franked interim dividend of 1.85c out of the profits to December 31st 2012 (2011 Interim Dividend: 1.85c)

Revenue has increased marginally in the period which has been again subject to difficult economic conditions.

Costs have increased slightly in this period and these cost increases are mainly due to the external supplier price rises.

The Directors are confident of a solid full year performance by the Company, assuming economic conditions remain stable.
