STRATEGIC INVESTOR EXERCISES 15 MILLION OPTIONS FOLLOWING POSITIVE FEASIBILITY STUDY ON VISTA**Highlights:**

- *Following the completion of a positive feasibility study on Vista, Highland Park has exercised its option to purchase an additional 15 million shares in the Company*
- *Following the exercise, Highland Park will own approximately 138.5 million shares, which represents approximately 22.3% of the outstanding ordinary shares*

CALGARY, Alberta: Coalspur Mines Limited (“Coalspur” or “Company”) (ASX: CPL, TSX: CPT) is pleased to announce that the Company’s largest shareholder, the Highland Park Group (“**Highland Park**”), has elected to exercise its option to purchase an additional 15 million ordinary shares in the Company at an exercise price of A\$0.80 per share for gross proceeds of A\$12.0 million through its affiliate Borrowdale Park S.A. The election follows the recent completion of a positive feasibility study on the Company’s flagship Vista Coal Project (“**Vista**”). Following the exercise of the option, Highland Park will own a total of 138,483,333 ordinary shares in the Company, which represents approximately 22.3% of the ordinary shares currently outstanding.

Managing Director and CEO, Gene Wusaty said “This is a very positive event for the Company as it demonstrates the continued support from Highland Park for the Company and in particular management’s goal of progressing Vista into production on the planned timeline. It allows us to build on the momentum from the recent port, rail and feasibility study announcements and move forward with the next stage of Vista’s development, including detailed engineering and completion of the regulatory approval process.”

Regulatory Disclosures

For further information regarding the Vista Coal Project and Vista South Coal Project, including a description of Coalspur's quality assurance program, quality control measures, the geology, samples collected and testing procedures in respect of the projects, please refer to the technical report on the Vista Coal Project titled "Coalspur Mines Limited: Feasibility Study of the Vista Coal Project, Hinton, Alberta" dated January 26, 2012 and the technical report on the Vista South Project titled "Resource Estimate for the Vista South Coal Property" dated December 15, 2010, which are compliant with National Instrument 43-101 – "Standards of Disclosure for Mineral Projects" ("NI 43-101") and are available for review on SEDAR at sedar.com.

Forward Looking Statements

This news release contains 'forward-looking information' that is based on the Company's expectations, estimates and projections as of the date on which the statements were made. This forward-looking information includes, among other things, statements with respect to the development of Vista, the Company's Pre-Feasibility Study and Bankable Feasibility Study, the mine plan, drilling programs, time lines and completion dates, permits and approvals, business strategy, plans, development, objectives, performance, outlook, growth, cash flow, projections, targets and expectations, mineral reserves and resources, studies, results of exploration and related expenses. Generally, this forward-looking information can be identified by the use of forward-looking terminology such as 'will', 'expect', 'potential', 'outlook', 'anticipate', 'project', 'target', 'likely', 'believe', 'estimate', 'intend', 'may', 'would', 'could', 'should', 'scheduled', 'plan', 'forecast', "evolve" or variations of such terms and similar expressions. Persons reading this news release are cautioned that such statements are only predictions, and that the Company's actual future results or performance may be materially different.

Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the Company's actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking information. Such factors include, without limitation, inherent uncertainties and risks associated with mineral exploration; uncertainties related to the availability of future financing necessary to undertake activities on the Company's properties; uncertainties related to general economic conditions; uncertainties related to global financial conditions; risks related to the integration of businesses and assets acquired by the Company; risks associated with the Company having no history of earnings or production revenue; uncertainties related to the possible recalculation of, or reduction in, the Company's mineral reserves and resources; uncertainties related to the outcome of studies to be undertaken by the Company; uncertainties relating to fluctuations in coal price; the risk that the Company's title to its properties could be challenged; risks related to the Company's ability to attract and retain qualified personnel; uncertainties related to the requirement for ministerial approval for a change of control of the Company; risks relating to consultation with the public and aboriginal groups; uncertainties related to the competitiveness of the mineral resource industry; risks associated with the Company being subject to government regulation, including changes in regulation; risks associated with the Company being subject to environmental laws and regulations, including a change in regulation; risks associated with the Company's need for governmental licenses, permits and approvals; uninsured risks and hazards; risks associated with fluctuations in foreign exchange rates; risks related to default by joint venture parties, contractors and agents; inherent risks associated with litigation; risks associated with potential conflicts of interest; risks related to effecting service of process on directors resident in foreign countries; uncertainties related to the Company's limited operating history; risks related to the Company's lack of a dividend history; risks relating to short term investments; and uncertainties related to fluctuations in the Company's share price. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward looking statements, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended.

In making the forward-looking statements the Company has applied several material assumptions which may prove to be incorrect, including, but not limited to, (1) that all required third party approvals will be obtained for the development, construction and production of its properties, (2) there being no significant disruptions affecting operations, whether due to labour disruptions, supply disruptions, power disruptions, damage to equipment or otherwise; (3) permitting, development and expansion proceeding on a basis consistent with the Company's current expectations; (4) currency exchange rates being approximately consistent with current levels; (5) certain price assumptions for coal; (6) production forecasts meeting expectations; (7) the accuracy of the Company's current mineral resource and reserve estimates; (8) labour and materials costs increasing on a basis consistent with the Company's current expectations; (9) that any additional required financing will be available on reasonable terms; and (10) assumptions made and judgments used in engineering and geological interpretation.

There can be no assurance that forward looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward looking statements.

The Company disclaims any intent or obligation to update or revise any forward-looking statements whether as a result of new information, estimates or options, future events or results or otherwise, unless required to do so by law.
