ASX Market Announcements

### **\$2.03 MILLION CAPITAL RAISING BY PRIVATE SHARE PLACEMENT**

Gas2Grid Limited has agreed to raise \$2,032,025 by private placement of 31,261,923 fully paid ordinary shares at \$0.065 per share which is at a discount of approximately 5.8% to the volume weighted average price over the last 10 trading days on the Australian Securities Exchange.

That placement makes up for the shortfall in the Company's planned capital management when approximately 34.2 million options exercisable at \$0.05 lapsed on 15 June 2012 without being exercised. If the options had been exercised they would have raised approximately \$1.71 million for the Company.

The funds raised will be applied to exploration in Service Contract 44, Philippines and St Griede, France and general working capital.

### **SC 44, Philippines (100% interest)**

Three wildcat exploration wells and the Malolos-1 flow testing program will be completed over the next few months. Early next week the Company owned Rig-2 will be mobilized and rigged up on the Jacob-1 drill site with drilling operations to commence immediately thereafter. Jacob-1 is the first exploration well targeting 50 million barrels of oil in a 3 well drilling program that will be drilled back to back. The Company owned Rig-1 will also commence the Malolos-1 workover and flow test program this month.
