About Kaboko Mining Limited

Kaboko Mining Limited (ASX:KAB) is an ASX listed exploration, development and mining company primarily focused on establishing itself as a major producer and exporter of high grade manganese ore from its portfolio of assets in Zambia. Kaboko currently holds majority interests in 6 large scale prospecting licenses and 3 small scale mining licenses covering over 3,700km² in established and highly prospective manganese mining regions in Zambia. The Company is focused on resource definition drilling and exploration across its large license holdings and establishing long-term sustainable production of a high grade and high quality manganese ore from its Emmanuel, Peco and Kanona Projects. In 2012 the Company has concluded strategic off-take and funding agreements with Sinosteel Australia Limited and Noble Resources Limited that are proposed to be used to complete further exploration and to advance its projects towards full-scale commercial production.

Certain statements made during or in connection with this communication, including, without limitation, those concerning the economic outlook for the manganese market, expectations regarding manganese ore prices, production, cash costs and other operating results, growth prospects and the outlook of Kaboko's operations including the likely commencement of commercial operations of the Emmanuel, Peco and Kanona Projects, its liquidity and the capital resources and expenditure, contain or comprise certain forward-looking statements regarding the Company's development and exploration operations, economic performance and financial condition. For a discussion of such factors, refer to the Company's most recent annual report and half year report. The Company undertakes no obligation to update publicly or release any revisions to these forward-looking statements to reflect events or circumstances after today's date or to reflect the occurrence of unanticipated events.
